2012
A New Year Begins with a New Look!
Thanksgiving Day Dinner
November 24, 2011
Dear Member,

Happy and Healthy New Year to all of you and your loved ones! 2012 has arrived and with it a great year ahead at your Club!

As you know we have had to bring in foreign seasonal staff for the past 13 years due to the difficulties of hiring domestic and their lack of interest in working seasonal jobs. Unfortunately, this year the Palm Beach Post and other entities had an unjustified issue with Palm Beach Country Clubs hiring foreign staff and created major problems with our ability to get our H2B Visas approved. After jumping through many hoops, fighting with bureaucracies, working with lawyers in Tallahassee and Washington D.C., we were able to satisfy the government’s concerns and justify the need to bring in international staff to bridge the gap that the local job market is unable to satisfy.

However, we had a very late start with staff arriving this year and we are fearful of what may be in store for next year. Therefore, the local clubs have started working on what we can do next year on both sides of the coin … hiring domestically and hiring internationally.

I am working closely with Commissioner Burt Aaronson, Congressman Ted Deutsch and the local Workforce Alliance staff in cooperation with local club managers, Palm Beach County School Board representatives, and local colleges to come up with ideas to try to employ more local workers. I presented a plan to the newly formed Hospitality Workforce Committee, which includes having the Club Managers go into local high school and college classes to make them aware of the country clubs as a job/career option. We would welcome these classes to tour our facilities to see first-hand what is available for careers. Also, an “on-call” staffing model that I introduced would allow these students to work around their classes and experience the country club working life first hand. Hopefully this will encourage a long-term interest. I have also proposed a one-month certification program, which will be conducted on-site during the summer months with the goal of identifying and teaching any interested domestic staff real life on-the-job skills to make them successful in the country club industry.

Additionally, I have directed our Human Resources department to attend two local veterans job fairs sponsored by Congressman Deutsch and Congresswoman Wasserman-Schultz to put our nation’s veterans back to work. Another job fair, sponsored by State Representative Lori Berman, was also attended. Even with numerous jobs available, we were not successful in hiring any candidates from these avenues this year.

Viewing the country clubs as a major business and employer in Palm Beach County, I have been nominated and appointed to serve on the Business Forum of Palm Beach County. This is a group comprised of non-partisan representatives from leading business organizations to discuss critical issues affecting Palm Beach County. We will meet monthly to formulate positions and promote actions on common issues that benefit our community. I hope to be successful in presenting a clear picture of the issues that impact country clubs directly and see that your interests are protected.

I will keep you posted on all that is happening with these issues and will let you know if your help will be necessary in any way.

On a happier note … The Steakhouse has opened once again to rave reviews! Each season we try to improve upon what’s already what we think is the “Best Steakhouse” in town by fine-tuning the selections on the menu. Our International Fish Blackboard is back and features new selections and presentations every week. Reservations are available by submitting a reservation form up to two weeks in advance or by calling the Food and Beverage reservations department at 483-6300, Monday - Saturday from 10 a.m. - 3 p.m.

Our annual golf and tennis club championships will soon be under way. After all the events have taken place we will have the awards ceremonies to acknowledge all of the winners and participants from each tournament. We hope you will join us to celebrate with our Champions!

Isn’t it wonderful to know that there are so many lovebirds here that join us every year for our Sweethearts Ball, the most romantic evening of the year! Sharon and I look forward to spending a great night filled with fun, hugs and kisses with all of you! And be sure to bring your best dancing shoes, as you’ll want to be on the floor all night long dancing to the tunes of The Music Machine, one of your favorite entertainers at the Club.

Tanglewood at Boca West is just around the corner and we are pleased to say the Lynn Philharmonia will once again perform for us on Wednesday, March 28 on the driving range. This is one of our most popular events, so make your plans early! Reservation forms are available in the Club Services office.

From our family to yours … the staff, Sharon and I wish you a very healthy and happy New Year!

Sincerely,

Jay DiPietro, CCM

Tennis after Golf

I hope everyone enjoyed the holiday and are looking forward to a great season in 2012. I know the staff did a great job in making the holiday week a fun-filled program for our members and guests. I would like to remind all our members that Tennis is complimentary after 12 p.m. every day. Please come out and enjoy your tennis facilities. Keeping that in mind, we started a program called “Tennis after Golf” on Saturday afternoons. Please, everyone is invited to join us for some fun on Saturdays, so come on out. The Tennis staff is prepared to help all Tennis members find a game at Boca West. I encourage all of you to talk to John or Merissa in the Pro Shoppe if you want to be included. Remember our staff is here to serve … get it, here to serve! In closing, I believe that the Welcome Back Tournament and Awards Dinner went really well. A good time was had by all. There were over 80 players for the Round Robin and Breakfast. The Pro Shoppe and outside deck along with the retail sale, raffles and Club fashion show brought everyone together. I look forward to seeing you at the courts.

Rules Really Are Important

Many times my article reminds members of Club Rules that are important to making each round of golf more enjoyable such as dress code, pace of play and care of the course. This month I would like to share some changes to the USGA Rules of Golf that take effect this month.

**Ball Moves After Address: Rule 18-23**
If a player’s ball moves after being addressed and it is virtually certain that they did not cause it, for example due to wind, there is no penalty and the ball is played from its new location.

**Ball In Hazard: Rule 12-4**
A player may now smooth the sand in a hazard, for example a bunker, even before playing a shot provided it is for the sole purpose of caring for the course. This allows players to rake their footprints as they enter a bunker and then after playing their shot rake their footprints as they exit.

**Starting Time Rule: 6-3A**
A player late to their starting time but within five minutes will loose the first hole in match play and receive a 2-stroke penalty in stroke play.

As you read this we will be close to crowning our 2012 Putting champions but they won’t be our first Champions of the year.

The Governors Cup was completed in December with the team of Betty Stove and Sharon Cohen defeating Judy Fink and Judy Kamerman in the Ladies’ Division and Barry Blazer and Steve Schloss outlasting Bert Wellman and Julius Kovacs to capture the Men’s Crown.

Still ahead in January are the President’s Cup and Senior Club Championship. February starts off with our Super Super Bowl Event and ends with our Men’s Member Guest. Check online or in the Golf Shoppe for all tournament details.

**DID YOU KNOW?**

The use of a laser range finder is approved for play as long as it only measures distance. Any device that calculates slope, elevation, etc. is illegal even if that feature is turned off!

All Laser Link Models sold in the Golf Shoppe and on our Fleet Carts are legal.

South County Men’s Summer Golf League – Boca West competes in an interclub golf league made up of 17 area country clubs during the summer. The South County Men’s League plays Wednesdays from April to September with eight home and eight away matches that include breakfast, lunch and competitive golf. If interested contact Bert Wellman at bpwellman@aol.com to join the Boca West team.

It’s All About Fitness

Dr. Arthur Brovender, Fitness, Spa & Aquatics Committee Chairman

Getting fit and losing weight are among the most popular New Year’s resolutions. However, statistics confirm that by February 1st, they are generally abandoned for another eleven months. We can help!

As we enter into our busiest part of the season, here are a few helpful hints to make your visit to the Aquatics, Fitness and Spa facilities more enjoyable:

**Aquatics Facilities**
- Please help the staff out by not reserving chairs.
- Please return towels to the pool check-in area upon leaving.
- Please dispose of all trash upon leaving the pool area.
- Remember to remind all guests of the aquatic facility rules for their safety.

**Fitness Center**
- Please remind all guests that the Fitness Center is available after 11 a.m. daily.
- Guests may participate in all land and water classes regardless of the time.
- During busier times, please be aware of the 45-minute time limit on all cardiovascular machines.
- Please wipe off all equipment after usage.
- Make sure you let the fitness staff know if you are not feeling well.

**The Spa**
- Remember to arrive 15 minutes prior to all scheduled spa appointments.
- All male clients should remember to shave prior to all facial appointments.
- Be sure to book all spa appointments well in advance.
- Drink plenty of fluids before and after your treatments.
- Exercise is one of the most important parts of your wellness plan. It promotes strength and flexibility, helps maintain a healthy body weight, reduces pain and improves overall mobility and quality of life. For our members with osteoarthritis, stretching and strengthening the hip, thigh and knee are key to achieving these goals.
- Stretching exercises help preserve or increase the joints’ range of motion. Strengthening exercises make your joints more stable and provide cushioning and support around the joints.
- Exercise combined with an aerobic activity, such as walking for 45 minutes daily, provides a basic program for conditioning your lower extremities. An instructor can tell you how many times to do these exercises and for how long each day to get the most benefit. When following an exercise plan, patience and faithfulness are important. It may take some time before you notice an improvement. Don’t give up!

Our state-of-the-art facilities are the best around and they are just moments away from your home. Come and enjoy and make 2012 the year your resolutions become a reality.

A good night’s sleep allows us to function to our fullest ability each day. Sleep is essential for mental and physical restoration. A good night’s rest allows our bodies to recover from the stresses of daily life. It is the time when the brain reduces its activity.

The body generally requires, on the average, eight hours of sleep a night. During this time, heart rate decreases, respiration decreases, blood pressure drops, muscle activity is reduced and muscles relax, the immune system is able to perform its function of fighting infections. Sometimes, due to illness, pain, or stress, we don’t get enough sleep, or have trouble getting to sleep. This happens to everyone from time to time. But for some people, a good night’s sleep occurs with less and less regularity or, in some cases, not at all.

Massage is very beneficial when dealing with insomnia. Insomnia is the inability to obtain an adequate amount or quality of sleep. The difficulty can be in falling asleep, remaining asleep, or both. Since our skin is the largest sensory organ of the body, massage stimulates the release of hormones (such as Enkephalin), which help to block pain signals to the brain. Endorphins are also released. These are sometimes called “feel good” hormones.

During a massage, it usually takes about 15 minutes for the blood levels to begin to rise, so the effects are not immediate. Similarly, the effects linger long after the treatment has ended and can last up to 48 hours. Because of this, massage can assist in the treatment of sleep disorders.

If you are having difficulty sleeping or can’t relax properly a Therapeutic Massage could just be the ideal way to unwind and help you rest. To help prolong that feeling of rest, the Spa boutique also carries an array of Delta Sleep Solution audio programs that are clinically proven to help you fall asleep.

* A healthcare professional or a sleep disorder specialist should evaluate recurring insomnia.

To make an appointment, please call the Spa 488-7880.

Did a marriage of convenience lead to our “First” First couple? If true love wasn’t the spark of the marriage, it certainly grew as the years passed and Martha shared the struggles of George first during the Revolution then the Presidency. She certainly deserved to share in the words of praise once spoken about her husband “first in war, first in peace, first in the hearts of the countrymen”.

Sports Night returns to Boca West! On Tuesday, March 13, Boca West will host another memorable evening of provocative sports talk and audience interaction with panelists from professional to college sports along with finding out the "real" stories from members of the media. In addition, don't miss your chance to win a pair of tickets to see the Florida Marlins at their new stadium in North Miami.

He is known as “Mr. Islander” and now makes his home within the Boca West community. Former Islander great Bobby Nystrom will talk about his fondest NHL memories including that magical moment when he helped New York win the Stanley Cup in 1980.

In the past month, the college sports world has been shaken-up, not by the on-the-field activities, but rather what’s been going-on at two well- known schools. FAU Sports Psychologist Dr. Mitch Smith will talk about the affects these scandals have had on parents as well as on the student-athletes themselves.

Having gone through a 123 day lockout of its players, is the NFL truly back and better than ever? NFL Network’s Steve Dresner tells us what it was like to cover the recent NFL labor crisis and whether or not your favorite team is on the road to the playoffs.

I hope everyone had an enjoyable holiday season and are getting into the swing of our season.

Our *Stay and Play* program is going really well! So far this season we have had 26 people make reservations to “Experience Boca West”. One couple rented right away after seeing our Club for just a few days. We now have two apartments available for use in our program, so if you know anyone interested please have them contact our Membership offices. They can be reached at 488-6934 or email directly to membership@bocawestcc.org.

Our *SPONSOR A FRIEND* program is also getting a lot of people signing up their friends. As I mentioned in the last magazine, 24 people received credits for last year’s program. Don’t wait, *SPONSOR A FRIEND* today!

We are planning to hold a cocktail party for our members who live off campus. Our goal is to generate interest in Boca West to people who live in gated communities or on the beach to experience our wonderful Club. In my opinion we need to get the message out to the surrounding communities that membership is available to outsiders as long as they do not rent their Boca West property.

We also plan to run a realtors information cocktail party in the spring. Last year this event was responsible for educating realtors in the surrounding areas as to what Boca West is all about.

In closing, I want to report that our lessee program is running well ahead of last year. We have at this time 49 lessees of which 25 are new. For the last few years we have generated sales in excess of 20% from these efforts. Remember, IT IS YOU, our members that inspire the sales in our community.

FLASH!

Dinner Dance Party
As we begin our second year, the Board of the Boca West Foundation has reviewed the work that our 2011 grantees have accomplished. We have evaluated the effect that our grants have had on each of the organizations and have unanimously agreed to renew our funding of them all. Those grants include:

-$25,000 to sponsor the entire membership of the Boys and Girls Club of Boca Raton and their Home for the Holidays/Adopt a family program. Over 280 children once again enjoyed a $50 shopping spree at the Old Navy store at the Shadowood Shopping Center last month. They were joined by 72 volunteers from Boca West who helped them pick out clothes, receive gifts and each family received a holiday basket filled with turkeys, hams, fresh vegetables and all the fixings for a very special family dinner.

-$25,000 to fund an additional year of nursing services at the Boca West Nursing Center on Route 441. Over 400 children are enrolled at the Florence Fuller Development Center West Campus. Without our help, these kids would not receive even the minimal care necessary to keep them healthy.

-$20,000 to fund Passover dinner and the costs of all Bar/Bat Mitzvahs for 2012 at the Jewish Adoption and Fostercare Organization facility. In addition, these monies go to the ongoing efforts at JAFCO’s Emergency Childrens Center here in Boca. This past year JAFCO helped 680 children in our area through their services.

-$25,000 to Boca Helping Hands to allow them to open each Friday and feed 185 children and their families hot meals and take away food packages to help them get through each weekend. All the food prepared, all the food served and all the bags packed are by your neighbors who volunteer each week.

-$18,000 to the Wayne Barton Learning Center for a “to be determined” project to aid their 300 students reach their educational goals. Last year the Foundation paid for 8000 school bags full with supplies for the children in need in the South County area to start a new school semester with needed materials. In addition, we purchased computer software and supplied 70 volunteers to read with the children, which led to a 30% increase in passing grades on the year end FCAT Reading tests.

In 2012 we would like to increase our aid to these extra ordinary programs and we have five other organizations that are in desperate need of our help. We cannot fund these programs without your continued support. You have all received packets last month asking for your help. Please send whatever you can so Boca West can continue its work with the children in need and their families in our area.

FINANCE COMMITTEE REPORT

Ahead of Budget

By Howard Krosser, Finance Chairman

Happy New Year. Last month I reviewed last year’s excellent results. Our October results continue that trend and we are $373,300 ahead of budget after timing adjustments. Additionally there were other non-operational savings mainly due to the delayed arrival of our foreign staff until November as a result of government restrictions on obtaining visas. Operationally, revenues were down in food and beverage, golf and retail but that data is skewed negatively because of the late arrival of our season members as the Jewish Holidays were later and the Clubhouse was closed for refurbishing until mid November.

Our preliminary data for November indicates a positive trend. The number of members who have not paid their dues as of the end of November was 105, which includes 50 from last year. We budgeted for 100 and expect to be below budget as the year progresses and these members sell their homes. The number of golf members exceeds our budget estimates and home sales were 13 with 8 new members. All point to another good year financially.

NEWS FROM MEMBERSHIP

Membership Has its Privileges

By Jerry Glassman, Membership Committee Chairman

Our Club is coming off of a banner year. Fiscal 2010/2011 brought us 74 new members. One out of four new members came from our lessee program; 26 from our SPONSOR a FRIEND program and several more from our STAY and PLAY program.

We are also seeing a very good start to Fiscal 2011/2012. As of November 30, our sales, including pending contracts brought us 11 new members. We are starting to get more and more applications from Florida residents who live within commuting distance from our Club. After all what country club in this area can match Boca West as the country club of choice for people who live at the beach or in nearby gated communities? Ask the few who are already here.

Our present members are our best sales people and SPONSOR a FRIEND rewards are available whether or not your friends live out of state or within driving distance. The Club’s Renovator Program presents you all with the opportunity to sponsor a friend into some of the very reasonably priced, renovated units that are becoming available as each unit is completed.

Your Membership Committee was successful in having the Board agree that our single members no longer have to pay a fee to bring a date to the aquatic and fitness centers. A special task force of the committee is working on submitting a new and ambitious legacy program to the Board where hopefully we will be able to encourage our offspring to enjoy Boca West as members while their parents and grandparents are still here to see them have the benefit of what Boca West has to offer. Members, who for health or related reasons, are no longer able to enjoy Boca West should look at the Club’s Legacy Guest Registration Program. If a member meets the requirements of the program, he or she will be able to permanently give up the Boca West residence and have an offspring assume membership and use privileges without paying any joining fees. Please contact the Membership Office to see if you and your offspring are eligible to participate in this program.

FROM THE DESK OF PHIL KUPPERMAN

Happy New Year! What a wonderful holiday season this has been. Boca West Country Club was alive and well as we celebrated Hanukah and Christmas with our children and grandchildren and relatives and friends. The laughter and music coming from the main pool area made me think I was poolside at an island resort. Our roadways were full of joggers, walkers and bicyclists. We truly live in such a unique country club that we are more comparable to a fine residential resort than other clubs. Boca West has become a destination for everyone which is exactly what our marketing goals have been aimed at accomplishing.

Your Club is doing great operationally. Jay and his management team have done a wonderful job coping with the late international arrivals ... some staff having arrived less than a week before Thanksgiving. Your patience and understanding with them over the last six weeks has been most appreciated by all involved.

The current financial status of the Club remains excellent despite the fact that we still have slightly more members delinquent in paying their dues than was budgeted. However, the late arrival of our international staff, while not by design, did provide us with a windfall of monies to offset this shortfall, since we have to budget for their arrival as early as October 1, the first date that we can be required to bring them here.

I was also pleased to receive confirmation from our outside, independent auditors that their audit of our past September year end financials did not disclose any material weaknesses in our internal controls.

Wow, what a fantastic turnout we had at the Membership Briefing on December 20. At that meeting we heard from your Committee Chairs. Unique to this meeting’s presentations was the fact that the Chairs not only reported on past accomplishments and current events, they also discussed some of their committees’ future endeavors. At the conclusion of their presentations, I noted that if we are going to remain the Number 1 Club in Florida, we need to continue to rebuild our infrastructure. True to our status as the Number 1 Club, we have all enjoyed the renovation of MyTI, the addition of the Onyx Bar and our card and game rooms in the Sports Center as well as enjoying our state-of-the-art Spa and Fitness Center and our totally redone Courses 2 and 4. And most recently, we have a totally refurbished Main Clubhouse to enjoy.

As a result of our efforts, our sister clubs also have undergone major renovation programs. To continue to remain competitive with them we must remain the one who offers the best services and amenities. So besides enjoying these services and amenities ourselves, we must continue to be at the forefront when the real estate market improves and more northerners begin to buy down here. I personally believe that if we wait until the real estate market totally reverses itself to do what is still needed, it will be too late. To this end, I informed the attendees that we have begun to market our Members Park to developers who are interested in building on this property. Whether a sale takes place tomorrow, a year from now or five years from now, it does not matter. Ultimately it will be sold. With such a sale we will receive a financial windfall not only from the outright sale of the land itself, but also from the new members joining fees as well as another level of participation in our annual social dues. I assured those in attendance and I assure you that any plan we put forth will not require a special assessment to do so, as opposed to what has been done at our sister clubs. No special assessment is just the Boca West way and that is why we are so unique. So stay tuned as we begin to roll out our plans to upgrade Courses 1 and 3, build a Tennis Center on our tennis grounds and rebuild the Golf Building, our original clubhouse. And to our dog owners, do not worry as we have already identified a new location for your pet and it will be in place before the current area would be unusable.

Needless to say, this announcement generated many questions, suggestions as well as support during the meeting and afterwards. Hopefully I adequately answered your questions. If for any reason I did not, please let me know and I will try better to do so. Our plans are both exciting and progressive and I want to personally thank those members who during the meeting and afterwards complimented this Board of Governors for their accomplishments and for having the foresight and conviction to address The Last (Next) Piece of the Puzzle.

Speaking of your Board of Governors, the annual election of five candidates is here. You will be receiving the entire package including the ballot to elect five members to the Board around the last week of January. Your Board is an extension of you and it is very important that all of you exercise your right to vote. Please remember our Accounting Firm must receive your ballot no later than 5 p.m. on February 28. Please vote early so that you do not forget to do so. The election results will be announced at the Annual Meeting on February 29.

In closing, my sincere wishes to you all for a happy, healthy and prosperous New Year!
