PRESIDENT'S LETTER

Dear Member,

SO MANY WONDERFUL, new and exciting things are happening at your Club! The renovation work done on the fitness and spa is complete. I'm confident you are going to love the new look achieved with new carpet, wall coverings and fixtures. Many areas were updated because their time had come and all were done in a way that will work with any future renovation plans but have given an immediate new look and feel. I'm excited to tell you that we will be converting the roman spas into Dead Sea Salt Spas during the month of October. For those of you not familiar, the benefits of this fabulous addition to our water treatment areas have been widely documented to moisturize, detoxify and soften your skin, repair damage tissue, reduce joint inflammation, increase blood circulation, reduce stress and slow down the aging of skin. I'm sure you will agree this change is well worth the wait and for your information should not cause any closures as the work will be "behind the scenes".

The Boca West Realty office is now open in the Club Services office. Please stop in to say hello to Glen Trotta, Director of Sales, and to have any of your real estate questions answered. Whether you're looking to purchase or sell your home, our new team of real estate professionals are eager to assist you.

I'm excited to announce the opening of the future Golf Studio on November 1. The Golf Studio will be an interactive, technology-driven studio where members will be able to measure their golf swing using K-Motion, BodiTrak, and practice their putting on our new indoor putting green using Blast Motion. This area will be located in the current registration area which has moved into the Golf Shoppe and will be home to our resident teaching professionals where you can book lessons or just "talk golf". Our professionals are here to assist you with all of your golf equipment purchasing decisions and as always, select demo clubs and fitting clubs are available for your use.

Many new nights are planned for this upcoming season in food and beverage along with some of your recent favorites. To name a few - DDQ barbecue dinner at Mr D's, Thursday night entertainment at On The Rocks, dance parties in Grand Central and perhaps even a fun poolside soiree or two under the stars. Be on the lookout for this year's Taste of the Season brochure in any of our restaurants. It's a complete list of dining events and activities as well as an introduction of Grapevine, our new Boutique monthly wine club. You'll be happy to know that Mr D's is reopening this month. Lunch service as well as Happy Hour will resume on Monday, October 21. Watch for more openings coming soon.

Wow! We are thrilled that you are all so excited about a Night in Morocco, so much so that we have nearly 1,200 reservation requests! As a result we are investigating the idea of doing two nights so that we can accommodate everyone who wants to come. If our decorators, entertainers and audio visual companies are available and able to work with us then we are a go! You'll hear from the Activities Department regarding more information on what we believe will be TWO fantastic evenings.

As you know, Boca West Country Club is far from an ordinary country club. I sincerely hope you take advantage of all we have to offer and if you haven't yet, then try something new – something out of your comfort zone – something not in your normal every day routine. I challenge you to have more fun and explore all that your Club has to offer.

Last month seems so long ago to so many of us; however, to the families affected by Hurricane Dorian in the Bahamas, it seems like yesterday. Thank you for your generosity with all your donations collected at our rescheduled Labor Day Celebration. They are going to need assistance for many years to come to rebuild their lives, homes and workplaces. Remember, it's not too late, you may still donate by sending a check payable to Seminole Region Charity to Boca West Country Club, P.O. 3070, Boca Raton, FL 33431 and of course you may drop off a check at the Country Club reception desk.

It gives me great pleasure to inform you that I have promoted Thomas DeLouise to Assistant General Manager. Thomas has become an integral part of our management team in the 2½ years that he has been with us and has gained your respect and the respect of our staff during that time. This promotion is well deserved. Please feel free to congratulate Thomas when you see him around the Club.

As always, I welcome and encourage your thoughts, comments and suggestions regarding your Club and look forward to seeing you around.

Sincerely,

Matthew Linderman, CCM
President, COO & General Manager

Wine Tasting

DOMAINE LAROQUE, which means "the rock," is located in the hills of the famous ancient fortified city of Carcassone in southern France. The 100-hectare estate has been making wine since the 6th century and derives its name from the stone age menhirs found in the vineyards.

Today, the young, dynamic Albert Sarrail and his family own the estate and are making easy-to-drink wines that embody the lively and fruity characteristics from the south of France. Focussing on the "Big 3" Variatals, Cabernet France, Chardonnay and Pinot Noir, Domaine Laroque gained overwhelming popularity in France amongst the fans who enjoy these remarkably made wines daily at home or in their favorite restaurant.

This month we will feature **FRANCE.** *Our journey begins in Southern France, in the historic Languedoc-Roussillion.*

Back to Season!

By Dr. David Shifrin, Tennis Committee Chairman

WE'RE BACK TO PEAK SEASON

and tennis is booming, so be sure to respond to Matt's emails regarding game arranging. Lots of things to look forward to this year, including pro exhibitions in the months of November and December. And for a special treat, our head teaching pro, Rob Norton, will be participating in one of those exhibitions. We'll be rooting for you Rob, and hope to see one of your patented "tweeners" when you're chasing down a lob.

Racquet Stringing: To stay at the top of your game, consider re-stringing your racquets before getting back on court. A good rule of thumb is to string your racquets as many times a year as you play a week. So if you play in game arranging 3 times a week then you should get your racquet restrung 3 times per year. Especially when playing in the tropical and humid South Florida climate. And if you'd like to improve your game with some new, high-tech equipment, you are now entitled to two free stringings with the purchase of a new racquet, so be sure to demo the new models in our pro shop.

Pickleball: If you haven't tried it, I promise you, you're missing lots of fun and a great workout. Be on the lookout for our Pickleball Introductive clinics this coming season.

Team Tennis is also resuming, so if you enjoy competition and would like to represent Boca West both here and while visiting local clubs, contact our tennis staff for more information. The number for The Tennis Center is 488-6996.

ROB'S TENNIS TIP #1 – Recover to a helpful spot after hitting. Too many players hit the ball and stay in that spot, watching their shot. This leaves you out of position to get to the next shot. While your ball is traveling, use that time to get back to the best possible place on the court. Next time you watch the pros on TV, for a few points, don't watch the ball, watch the player who just hit the ball and their movement back to the middle of the court.

MATT'S PICKLEBALL TIP #1 – When all players are at the net it is important to hit your dinks cross court. When you are dinking cross court you will be hitting over the lower part of the net as well as giving yourself more margin for error as the ball will be traveling farther. The net is 2 inches lower in the middle at the center strap than at the net posts on each side. So, use this tip to outlast your opponents on the pickleball court and earn the high ball to end the point.

SEASON OPENER ACTIVITIES
Pickleball Exhibition and Complimentary Clinic at 11am

Tennis and Pickleball Demo Program Update
The Boca West Tennis Shoppe offers a wide variety of name brand tennis racquets and pickleball paddles for sale by Head, Babolat, and Engage. Beginning October 1, select demo equipment will be available to those who would like to try before they buy. Members may demo out a racquet/paddle up to three times and must return their demo equipment to the Tennis Shoppe no later than 8am the next day, otherwise a $10 late fee per racquet/paddle per day will be incurred.

No racquet? No problem. We are here to help. As always, your professional tennis staff is available to assist you with any questions about the equipment that you are interested in purchasing. Did you know? The Tennis Shoppe offers two COMPLIMENTARY restringings for every racquet purchased at Boca West. Not to mention, every member receives a Birthday certificate the month of their birthday for $25 off a purchase of $100 or more.

During peak holiday season, please invite family members and guests to bring their own equipment as demo availability will be limited. Should a guest be without equipment, The Tennis Shoppe will have racquets/paddles available for sale.

Please contact the tennis staff at 488-6996 or email tennis@bocawestcc.org with any questions.

ON THE COURSES

It's a New Golf Season

By Steve Forman
Golf Committee Chairman

I GOT A LOT OF NICE FEEDBACK ON MY INTERVIEW WITH PAM ELDERS IN THE LAST ISSUE so I thought I would continue in that vein and do another one, this time with JR Friend our Director of Golf Operations. It has been a little over a year since our prior Director Brad Luken passed away. JR was appointed to the position in September 2018. I have to say and think many agree, it was one of Matthew Linderman's best decisions. But before I get to the interview a couple of other matters.

1. DAVID SHIFRIN who serves on the Board with me and is the Tennis Committee Chair, asked that I remind golf members that you have tennis and pickleball privileges as well. There is no shame in being a two or three sport star at Boca West and there is plenty of court availability. Perhaps we should think in terms of some combined golf and tennis or golf and pickleball events? David, I will be in touch.

2. THE GET GOLF READY PROGRAM will kick-off in November. We received many nice comments about it from last year's participants, so the program is being expanded this year. Please look out for the announcements. Three sessions will be offered, each featuring 6 clinics. This is a real opportunity for those of you who have never played to get introduced meaningfully to our great sport.

3. WE ARE ABOUT STEP UP our enforcement of rules around course care—especially with regard to where people drive their carts on the golf course. I will have more on that in the next issue.

4. HAVE YOU SIGNED UP for one of our Pro Am's in October? It is a lot of fun and you may get a couple of useful tips along the way.

Now for the interview. JR has been at Boca West for 27 years, serving most of the time as the Head Golf Professional. As many of us do, I find him to be very engaging and personable. We sat down in his office one afternoon in August to discuss his observations and thoughts after one year on his new job.

SF: What is your overall approach to running the golf operation at Boca West?

JR: I recognize that golf is a relationship business. As such I want to be very visible and approachable to the members. I was always "the outside guy" and that will never change. The same is true for the staff. They need to be out there with the members. If members don't feel they can come and talk to me or one of the golf professionals, then there is a problem that we need to fix. I want everyone, members and guests alike to leave here every day feeling they have had a great experience playing or practicing golf. In addition, I want people to feel that I am a good listener. With approximately 1,700 golf members plus others we meet many different people, and each has his or her own way of expressing themselves. All must be respected and listened to so we can continue to have a great golf operation at Boca West.

SF: What were your most important accomplishments over the past year?

JR: Adjusting to my new role was a big one. I went from being one of the guys, to the person in charge who is responsible for making the decisions. I think and hope everyone feels the transition was seamless and I have tried hard to maintain a great relationship with the staff. My sense is everyone is happy and as motivated as they were before. On a personal note I have loved this job for a long time—really as long as I have been here. That love affair continues.

SF: What would you like to accomplish this year?

JR: I would like to see growth in the competitive events—Club and senior club championships. The Member-Member is new and has grown nicely over the past two years, but we have seen a steady decline in the other events. Hats off and thanks to those who continue to participate but we need to find a way to get more people involved. There are a lot of really good players—both men and women who choose not to play and I am not sure why.

I would also like to see the leagues grow and hopefully now that we are running them figure out a way to make that happen.

On a personal note, I want to get more involved in the South Florida PGA Section. As you know we just hosted a major PGA junior event last June and hosted a PGA section meeting a couple of weeks later. I think there are significant learning and networking opportunities out there all of which can benefit us here at Boca West.

Two other areas of immediate attention—technology and the driving range. Technology is the wave of the future and we need more of it here—both for current and prospective members. We will be moving in that direction with the transformation of the golf registration area into The Golf Studio. With regard to the driving range, while it is very good it can be improved, both aesthetically and functionally. I want people's jaw to drop when they walk out on the range and feel that we have everything a golfer might ask for to offer.

SF: What did you learn from Brad Luken that was most valuable in assuming the duties as Director of Golf at Boca West?

JR: Brad was a close friend and a terrific mentor. We had a lot of long conversations about the job and I think he did everything he could to get me ready. He told me to be confident in making decisions--be decisive and don't second guess myself. He also said thorough preparation was key. Work hard but work smart. When you assign projects give your team the latitude to get the job done their way, so they have an opportunity to grow and develop professionally.

I think about Brad a lot. I hope he would be proud of me.

SF: How can Howard Liebman improve his golf swing?

JR: First he needs to get out more but of course that is easier said than done. 50-60 hours a week behind a desk or in meetings may be vital for our club but his golf game suffers. As with most amateurs, I think he needs to work on his posture—bad posture means you cannot turn efficiently or effectively. That saps power. He needs to think in terms of a strong left side and really rotate left through the shot. Use the big muscles, not his hands. That's how you generate club speed and distance. Also spend time on the short game and really save shots. Learn to be a confident pitcher and chipper of the ball and get up and down in no more than two or three shots.

I hope you enjoyed this article. As always, I do appreciate any feedback or suggestions. You may call me at 488-8726 or email me at sforman@strategicm.com. I look forward to hearing from you.

Six Reasons to Teach your Offspring to Play Bridge

By Lisa Lewis Tyre

BOCA WEST has an active duplicate bridge community and an even larger social bridge community. Our population of bridge players expands greatly as summer ends and "the season" begins. Often, as we visit with our multi-generation families during the summer, we ask our children and grandchildren if they would like to learn to play bridge.

Why do we want to encourage our grandchildren, in particular, to take up the game of bridge?

Sure, the average age of bridge players is closer to 70 than 7, but there are some really awesome reasons to teach your youngsters this amazing game. **Here are six!**

1. IT IMPROVES TEST SCORES. This has been verified by fifth and sixth grade standardized tests

2. IT BOOSTS THE IMMUNE SYSTEM. Studies have shown that contract bridge players have increased numbers of immune cells after a game of bridge. Forget the cough medicine, deal the cards!

3. IT'S INEXPENSIVE, especially for juniors, who can play at most clubs for around $6-$10 a session

4. YOU CAN PLAY BRIDGE FOREVER and continue to improve as you age

5. IT'S MindFULL entertainment

6. IT'S GOOD CLEAN FUN

SESSION 2: Vietnam War Presented by Ralph Nurnberger

January 8, 15, 22 & 29

The Vietnam War

Most citizens of the United States and Vietnam have no living memory of a conflict that claimed the lives of more than 58,000 Americans and upward of a million Vietnamese. The Vietnam War was a tragedy of epic dimensions. The origins of the war were complex and multifaceted. In an effort to place the war into context, this four-part series will begin with an overview of Vietnamese history leading to the colonization of the Indochina Peninsula by the French in the mid-19th century. Following a Japanese occupation in the 1940s, the Vietnamese fought French rule in the First Indochina War, eventually expelling the French in 1954. Although an international conference, held in Geneva in 1954, called for a unified country, Vietnam was divided politically into two rival states, North and South Vietnam. Opponents of the regime in the South received assistance from North Vietnam, which intensified into the Vietnam War. US military advisors arrived in the 1950s; American involvement escalated in the 1960s, especially after Congress passed the Gulf of Tonkin Resolution in 1964. American military actions eventually spread the conflict into neighboring Laos and Cambodia. Despite the Paris Peace Accord, which was signed by all parties in January 1973, and the end of direct US military involvement in August 1973, the fighting continued until the fall of South Vietnam in 1975. North and South Vietnam were reunified the following year. In addition to focusing on events in Southeast Asia, this series will also focus on the impact of the war on American domestic events and politics, as well as a discussion of the region after the war officially ended.

Lectures:
- Vietnam - Ancient times until 1954
- Increased American Involvement: 1954 – 1964
- The Height of the American Actions in Vietnam: 1964 – 1972
- The Road to Peace and Beyond: 1972 - Present

Welcome back!

WE HOPE YOU HAD a wonderful summer.

We are so excited to share all the fun to come this year!

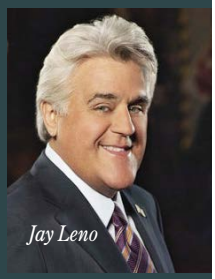

It's hard to believe how quickly time flies. Just a few weeks ago, BWCF held its first ever Back to School Backpack Program for children living in poverty at Pine Grove Elementary. Thank you to those who volunteered, we had so much fun participating in this event.

If you missed out on our Back to School event but would still like to volunteer at one of our events, no worries. On December 7, BWCF will partner with the Boys and Girls Club of Palm Beach County for our annual Holiday Shopping and Holiday Breakfast Party. This is a volunteer favorite, so make sure to sign up early. Children from the Boys and Girls Clubs will receive a $50 clothing allowance to shop at Old Navy. Volunteers are needed for shopping assistance, putting together holiday meal harvest baskets, and passing out toys at the holiday breakfast party.

Our 3rd Annual Carnival for the Children will be held on December 29. Children from local children's services organizations will get to experience a carnival for the first time. Volunteers are encouraged to greet children upon arrival and chaperone.

Giving your time is just one of the many ways to support Boca West Children's Foundation. Our Annual Appeal letters have been mailed to your local Boca West address, so keep an eye out for those in your mailboxes. Your donation can make an impact on the local children living in poverty in Palm Beach County. What is so unique about our organization is that you can help one child in many ways. Your contribution can help provide a bed, weekend meals, tutoring classes, and much more to one child who receives assistance from multiple of our partner agencies.

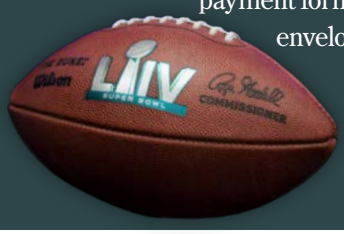

BOCA WEST CHILDREN'S FOUNDATION is CELEBRATING 10 YEARS. Mark your calendars for March 1, it's a night you will not want to miss. Our 10th Year Anniversary Gala will take place at Boca West Country Club at 6pm. We will honor our chairman, Arthur Adler for his ten years of service, and share many laughs courtesy of comedian Jay Leno, the evening's entertainer.

GRIEVANCE COMMITTEE REPORT

By Bob Locke Grievance Committee Chairman

After the Grievance Committee reports to Board of Governors on their findings and the Board makes its final decision, there is a 45-day waiting period during which the member may appeal the Board`s decision. There are presently two grievances that have passed the 45 day period, or the members waived or have already made an appeal. The two grievances are as follows:

GRIEVANCE #1 - Against Member Paul Green. Mr. Green a member and a local residential real estate broker sought media attention for himself and his employer, Signature Real Estate Company, by publicizing for sale smaller, older or unimproved apartments at Boca West for very low prices and implied that sellers would pay a new owner to purchase their residential unit. He appeared on local television news programs on more than one occasion and was quoted extensively in a *New York Post* article.

The Committee believed that his motivation was to increase his sales and listings and in turn his income from commissions. Members have complained that his actions have the effect of pressuring members to sell their units for less than their value and to consider whether they now had to make payments to buyers to induce them to purchase their units. It also devalued neighboring properties.

When he was asked to speak at the Grievance Committee he initially had no idea that he did anything wrong. He started a long winded verbal presentation with a handout titled "Who is Paul Green" in an effort to justify his actions. After a long question and answer period the Committee challenged his presentation and confronted him on his goals.

His actions affected the harmony of the Club and the publicity itself undermined the Club's hard earned reputation as the Number One Residential Country Club in the nation.

RULING: Pursuant to the Club's Bylaws he has been publicly reprimanded by publicizing his name in this article and in postings on the Club's Bulletin Boards.

Mr. Green also has to write an acceptable letter of apology to the Board of Governors and the Membership at large apologizing for negatively affecting the harmony and good reputation of the Club. These letters will be distributed to the Board and Membership.

All Members should avoid speaking to reporters or appearing on TV to discuss the Club and its Membership. Club Management should be notified about all solicitations from reporters so that our PR firm is notified by management.

GRIEVANCE #2- This grievance involved a male member and a male supervisor at the Prime Cut Restaurant and concerns the use of inappropriate language and physical contact.

The male member arrived at 8:30pm in the evening with his family including his daughter for drinks and dessert. The daughter looked young and did not have proper ID. An order was placed for drinks with a female server including a drink for the daughter. As the drinks were being served the supervisor came over to the table with the female server and their order and explained that he could not allow the daughters drink to be served. The supervisor further explained to the male member that Prime Cut could lose its liquor license if they served a minor.

About 40 minutes later a second order was placed for drinks that were delivered to the table. The restaurant was relatively empty at that time and the servers were asked to observe the table to make sure the daughter was not drinking.

Around 9:30pm the member approached the female server and complained loudly that the servers were staring at them all night. The male supervisor concerned that the member was standing too close to the female server stepped between them and explained that he ordered the female servers to watch the table. Other male supervisors also approached. The member was agitated, used inappropriate language and forcefully tapped the male supervisor multiple times on the shoulders with an open hand.

RULING: The member was suspended for six months until December 1, 2019 and must take and complete an anger management course approved by the Board of Governors. In addition acceptable letters of apology must be written to the Boca West staff and the Board of Governors.

Exciting News!

A new chapter in marketing and real estate sales has begun at Boca West

Boca West Community Advisors, LLC, the joint venture formed for collaboration between the Country Club and the Master Association takes great pleasure in announcing the formation of Boca West Realty, LLC. Boca West Realty will initially operate out of the Club Services office in the lower level of the Golf and Activities Center. It will function in a manner similarly to that of a developer of a residential country club, by selling the entire community; that is the lifestyle together with the real estate. The policies and procedures that the Joint Venture has set for Boca West Realty to follow recognizes that the value of the homes and the beauty, safety and security here in Boca West are positively impacted by the Country Club's first-class amenities and lifestyle. Plans for a future Welcome Sales Center for Boca West Realty are in the works and once we have developed those plans further we will share them with you.

Working with Stephann Cotton, our licensed Broker, we have hired an extremely motivated and experienced Director of Sales, Glen Trotta. Glen has a wealth of knowledge in selling residences in country club residential communities throughout Florida. Glen and Stephann have been busy working together to build the Boca West Realty team and we are excited for you to stop by and meet them.

Last season the Joint Venture had retained the services of a nationally known marketing firm with extensive experience in successfully marketing similar country club residential communities. The marketing firm has been busy working with the realty office in preparation of its operation, utilizing the latest innovative promotional techniques to drive traffic to the Boca West Community and to showcase the robust amenity package that our Country Club lifestyle offers. In fact, their marketing efforts began last season starting to build our data base of prospects based on their likes and dislikes. This will enable Boca West Realty to refer to the data base in order to turn those leads into new buyers and future members.

The Sales Office will be staffed and set up to provide the necessary services for making a sale. Services will include tours, assisting in oversight of the Stay and Play Program and introducing the leads to the Club's Renovator Program. Boca West Realty has solicited valuable information from our Village Presidents and Management Companies to build the necessary data base so that the leads can be matched to residences in the community. The Sales Office will be open to serve Members, prospective buyers and other realtors who bring in clients.

So, as you can see, Boca West Realty is not just another on site brokerage. It is the sales and marketing arm of YOUR community. We truly hope that you are as excited as we are.

By Howard Krosser, BWMA President

Welcome Home!

TO OUR SNOWBIRDS, I'D LIKE TO GIVE YOU A BIG WELCOME HOME! To our year-round residents, a sincere thank you for your patience as we completed our summer projects!

We had a very busy summer. Our biggest project was the paving of all of BWMA roads. This was a two million dollar project that required extensive planning and negotiations. It has been held in abeyance until the construction of Akoya was completed. What was originally projected to be a 6-8 week project, All County Paving, our contractor, completed it in five weeks. Our roads look beautiful with the new pavement and striping. Thank you to all of the residents who were here over the summer for your patience and cooperation and to our Special Projects Committee and BWMA staff for their hard work.

Upon completion of the paving project, there were cart path repairs made in several locations to make them safe and smooth.

In addition, we installed exit gate arms at the exterior gatehouses. We decided to install them for added security so unauthorized vehicles cannot circle around the gatehouse to gain access into Boca West. These were accomplished in addition to all our normal summer maintenance activities.

We continue to make progress with our joint venture with the Club to increase sales and home prices. Boca West Community Advisors, LLC, our joint venture, has entered into an agreement with Cotton & Company to become our new Real Estate Broker, which will be called Boca West Realty. They will begin operation this fall starting in temporary offices located in the Club Services office on the lower level of the Golf & Activities Center. We are presently evaluating more permanent sites outside the security gates and expect to move to them this year. We plan to hold a series of meetings with Village Representatives in the fall similar to the ones we held prior to embarking on this venture to bring everyone up to date on the progress.

As part of the joint venture initiative, we have a new website! It looks fabulous and really promotes all that we love about Boca West!

Last year, as I previously reported, we made substantial progress in accomplishing our

Objectives. This year we adopted another extensive and ambitious set of objectives in addition to our efficient and effective normal operations and tight financial controls to minimize assessments.

- Continue our support of the joint venture with the Club to improve sales and home prices and support activities that will improve the real estate throughout the Villages.
- Further enhance our magnificent landscaping by the addition of decorative lake fountains as well as new plantings and lakebank restoration.
- Install new Boca West Village directional signs to include Akoya and our new logo.
- Maintain our high level of security and improve road safety by the addition of new technologies.
- Continue to improve communication through our new website and regular email blasts.
- Update our extensive Legal Documents to incorporate all past changes and new statutes.
- Finalize and execute an extensive plan to change lighting throughout the Boca West roadways.
- Organize and facilitate Village Representative Meetings to foster best practices in the operation and management of the Villages.

Welcome back and enjoy another season in paradise!

OMBUDSMAN

mikejosh18@aol.com

David Shifrin

The Club's definition of Ombudsman is to be the "liaison between the members and the governing body." The role of Ombudsman is to act as an advocate on behalf of our membership; to assist with their problems, complaints and issues.

As our Club's Ombudsman, it is not my role to make club policy or change rules, but possibly bring issues forward and assist members to improve resolutions with matters that members feel need additional attention or possible change.

Possibly you may have taken matters directly to department heads and/or committee chairpersons, yet you found they did not completely address your issues and/or concerns to your satisfaction. If so, please send an email to me, your Ombudsman, David Shifrin. I'll do my best to find the best solution possible. Send your email to mikejosh18@aol.com, along with Ombudsman in the subject line, and clearly state your situation. If unable to email, please drop off a note to my attention at the Country Club reception desk. I will respond that I've received it, and begin a process communicating with the appropriate board members, committee chairpersons and/or management.

If your situation has affected you in a negative way, the Board of Governors wants to know. Our goal is to continue a Boca West tradition as being the best; and your Board, committee chairmen, department heads, staff and management want your experiences to be worthy of our 5 Star recognition worldwide.

SUNSHINE COMMITTEE Your friends and neighbors at Boca West would appreciate knowing important happenings. Please call 459-2419 with a detailed message about illness, death, milestone birthdays or anniversaries. This line is open 24 hours a day. Be sure to check the Member Announcements page on the Club's website for more information.

NOMINATING COMMITTEE NOTICE

By Steve Forman, Nominating Committee Chairman

If you would like to make decisions, which are in the best interest of our Boca West Country Club, then please consider running for a position on the Board of Governors.

Please submit your resume to my attention at the Executive Office in the Country Club before Monday, November 11. You will be contacted to appear before the committee shortly thereafter.

BY THE TIME YOU READ THIS LETTER some of you who were away for the summer will have returned. To those who remain up North for the holidays or otherwise, I look forward to your safe return. One need only browse the content of this edition of the magazine to appreciate the hard work by committees and staff in planning for yet another great season filled with activities we can all look forward to, so hurry back.

On behalf of the Country Club Board and its members, I want to congratulate and thank the Board of the Boca West Master Association and its entire team for the superb job in repaving and striping the common roads in the community. The addition of white and yellow reflectors strategically placed, beyond being attractive, is an important feature for the safety of all residents.

Combination and upgrading of units. As you are aware, The Boards of both the Country Club and the Master Association, through their joint venture, continue to explore and consider many options for improving the salability and value of the housing product offered in the gated community of Boca West. In that regard, the Board of Governors of the Country Club, at its June meeting, passed a resolution to create a new rule which would permit a member who owns a residential unit in a Mid Rise Condominium, and who wants to purchase an adjacent residential unit in order to construct a single combined residential unit, to petition the Board for the approval to combine the units. The approval will be subject to certain conditions including, but not limited to, the approval by the Condominium Association (which may under certain circumstances require the approval by the other owners in the condominium) and the Master Association. The economic terms as set forth in the resolution are clearly more favorable than those which had previously existed, and are as follows:

a)The "Membership Equity Purchase Price" for the acquired unit is set at 40% of the then present charge for an equity membership ("Joining Fee") and would be non-refundable.

b)Once construction of a single combined unit is complete and has been validated by the Club as a bona fide single residential unit, dues, fees or any other charges set forth by the Board will be levied against the single unit and not charged separately to the acquired unit.

For the sake of clarity, if a combination were to take place today, there would be a one-time non-refundable joining fee of $28,000 for the acquired unit (40% of the current $70,000 joining fee), and there would be only one annual dues required to be paid for the combined unit. This undertaking, together with the existing Renovator Program and the recent upgrades some of the Mid Rise Condominiums have made to their common areas such as lobbies and hallways on each floor, should significantly enhance the values of all units (including those not being combined). As such, **I would strongly urge each owner to (i) be alert for requests for approvals (if and when necessary) to combine units within their Associations, (ii) take the requests seriously, and (iii) respond to them with his/her approval as quickly as possible.** More details regarding this program will be forthcoming in next month's magazine and/or a Communique.

Creating value and good product is only part of the solution. I am excited that **Boca West Realty** has officially opened which, together with the Joint venture, will facilitate the marketing and sales of real estate within our residential community. For more details, see the announcement on page 29.

As I was writing this article, Matthew's message to the membership that Brad "JR" Friend was selected as the South Florida PGA Merchandiser of the year appeared on my desk. Thank you to JR and the entire Golf and Retail staff for all you do on behalf of the Club and its membership. Speaking of JR, I would like to refer you to Steve Forman's interview of him which appears on page 13, particularly to the last question as well as JR's response. I would suggest that his advice to Howard Liebman—whoever that may be—would be beneficial for many members and not merely that one person.

Net **financial results** through the eleven months ended August remain positive. The shortfall in catering revenue as previously reported is more than offset by a positive variance in dues, primarily the result of an increase in our membership as well as collections of prior years' delinquent dues.

Housing sales will finish the year with record results (with and without Akoya). As of August 31, closed and pending sales of residences to new members were 179 compared to 121 last year, including 35 new members in Akoya this year and four in Akoya last year.

Let me remind you that the Nominating Committee is looking for candidates. If you are interested in being considered for nomination to run for the Board, contact Steve Forman regarding process and timing.

At this time, Marsha and I would like to wish all members a happy and healthy new year. Travel safely.
