PRESIDENT'S LETTER

Dear Member,

WISHING YOU A VERY HAPPY AND HEALTHY NEW YEAR! It's hard to believe, but 2021 is here! We just said goodbye to a difficult year only to say hello to a better year to come! This past holiday season certainly was unlike our normal jam-packed on-the-go all day activities and events and I hope that you felt safe and secure in your Boca West "Holiday Bubble".

The new addition of **Tavern on the Court** was a tremendous endeavor that you embraced, thank you! The staff and I are continually brainstorming for new ideas that will make your experience at the Club a safe one, and this elaborate open air tent certainly delivers. As you can see **Tavern on the Court** is a beautiful and elegant tent, and serves as an added venue for outdoor dining. The tent spans over two tennis courts and is as grandiose as the Grand Ballroom. It provides a comfortable setting where tables are adequately spaced for social distancing.

I am truly blessed to have such an incredible team that has taken on each and every "covid challenge", no obstacle has been too big and they continue to rise to each new challenge. We are looking forward to welcoming our next group of International Staff who will soon arrive and begin work at the Club once all Covid-19 safety protocols and guidelines have been met. We are hopeful with this group of arrivals comes the reopening of your beloved Prime Cut – *The Place for Steaks.* Stay tuned for opening information, coming soon!

As you know, the Club currently requires all residents and household guests arriving from outside of Florida to quarantine for a period of 14 days or a negative Covid-19 test taken four days after arrival in lieu of the 14 day quarantine period. **During your quarantine period, you must refrain from using the Club and stay home as much as possible however you may participate in the Pantry and order To-go.** During this time of uncertainty the Staff is keeping track of Members arrival to Boca West through club usage and check-ins to ensure we are keeping each other as safe as possible. Those who do not follow the Covid-19 quarantine policy will be asked to refrain from using the Club facilities. Additionally you must wear your masks at all times while on Club property. This means your face must be covered for any interaction with staff, when leaving your table in the restaurants as well as walking around the pool deck. Your cooperation and support with this is greatly appreciated.

The guest policy that was in effect through January 4, 2021 had been extended through January 17, 2021. Family guests with "gold cards" (children and grandchildren) are not permitted to use the Club's facilities. We understand that this may be disappointing, but we feel that it is necessary in our fight against Covid-19 and keeping our community safe with what we experienced after the Thanksgiving holiday and the spike in Covid-19 cases. We will be reviewing the guest policy again in early January 2021 for changes.

Did you know both of our touring professionals, **Nanna Koerstz Madsen**, our LPGA professional, and **Ajla Tomljanovic**, our WTA professional, have a page on our website detailing their playing history and upcoming touring dates? Also be sure to like and follow their individual social media pages. Nanna Koerstz Madsen will be making Boca West her home for the next few years and Ajla Tomljanovic continues her journey on tour.

Our annual golf and tennis Club Championships begin next month. Whether you're a golfer or tennis player, or maybe both, I hope you've been practicing your swing for the upcoming competitions. All CDC guidelines will be followed during these competitions.

I welcome and encourage your thoughts, comments and suggestions regarding your Club. **Again, as a reminder, please wear your masks and social distance when at the Club and around the Community.**

Yamile, Alexa, Sophia and I wish you all a beautiful holiday season surrounded by your loved ones and a Happy Healthy New Year. We look forward to seeing all of you, *when you're ready, in 2021.*

Sincerely,

Matthew Linderman, CCM
President, COO & General Manager

WANDERING WINES

Wednesday, January 6 & Thursday, January 7

Featured Region: Maule Valley, Chile

About The Vineyard

With a passion for wine and travel, three friends came together to share their experiences, travel the globe, and create something that honors the tradition and history of winemaking. Over the years, their passion for wine grew stronger as they traveled to Chile, met with incredible sommeliers, and truly began to understand the process of wine making. It was there, in the Maule Valley, that they decided to begin their mission. Wandering Wines is about getting the most out of life's adventures, and finding something undiscovered along the way

FOLONARI, VENETO

Wednesday, February 3 & Thursday, February 4

Featured Region: Veneto, Italy

About The Vineyard

Folonari was founded in 1825 in the Veneto region of northeast Italy by Francesco Folonari. From the very beginning, the founders wanted to create exceptional wines for everyday occasions. Nearly two centuries later, Folonari is enjoyed around the world. The wines are celebrated for their easy-drinking and fruit forward personalities.

All you need to know about FACIAL PEELS

By Wendy Huth, Spa Treatment Supervisor

The term 'facial peels' might make you back away slowly, but this treatment can help with a plethora of problems, from pigmentation to scarring, lack of hydration to acne, uneven skin texture to fine lines and wrinkles. Feel like you need one but don't know where to begin? Find out everything you need to know about facial peels right here.

What are facial peels and how do they work?

All facial peels remove a top layer of dead skin cells to exfoliate and speed up your cellular turnover. Peels involve applying a chemical or natural solution to your face to expedite the exfoliation process.

AHA and BHA peels

Some skin issues need deeper facial peels than others, so it's always important to discuss with a skin care professional your concerns and the outcome you hope to achieve.

AHA, otherwise known as alpha-hydroxy or BHA which are beta-hydroxy acids, are peels which include glycolic acid, lactic acid, and salicylic acid, all know to be quite light, and so can be performed without any down time. They're especially good for combatting uneven skin texture, acne scarring, dull appearance, hyperpigmentation and fine lines and wrinkles. Many of this type of peels use fruit enzymes and acids from natural sources such as sweet cherry and citrus fruit, as well as other active ingredients to penetrate and deliver anti-oxidants and vitamins deep into the skin, encouraging the new cells to grow stronger and healthier. When the peel is applied to your face, you will likely feel a tingling sensation and your skin may be a bit pink, your esthetician will then apply calming serums and masks which will soothe and nourish your fresh clean skin. By the end of your treatment, your skin will look brighter and over time will get noticeably smoother.

Should I be getting a facial peel?

Different skin types require different peels, so it's always recommended to discuss with your esthetician your concerns and hopes. Everyone can benefit from a peel, whether you want glowing skin or a smoother texture, a peel can help you achieve it. The general rule is you can have 12 AHA or BHA peels per year. You can choose to do one every month, or do a series of three to four, at two week intervals, two to three times per year. This is a great option of you have an event coming up and really want to glow!

What to do before a facial peel

Peels and retinols seem to go hand in hand—but it is necessary to avoid retinol, retina-A and retinoid products three to five days prior to your peel to help decrease sensitivity. If you have had dermatological treatments to your face, or have any active acne or sores, wait until they are fully healed before receiving a facial peel.

What to do after a facial peel

Always follow the care directions and recommendations from your skin care specialist and never apply ingredients that can irritate you skin post-peel, such as retinol or harsh acids for five to seven days. Hyaluronic acid will help rehydrate your skin so invest in a good moisturizer such as Pevonia's Myoxy-Caviar Timeless Repair Cream, Stem Cells Phyto-Elite Intensive Face Cream or Marine Collagen Cream. A very crucial step is to apply a physical (as opposed to chemical) SPF of at least 30, and avoid the sun for 72 hours if possible. Another thing to consider is your exercise regimen. You should stay cool for the first 24 hours, so skip the gym and opt for a relaxing yoga session. Overheating may disrupt the healing process and encourage inflammation in the skin. It is also important not to clog your pores post-peel, so use mineral foundation and natural makeup products, and always make sure your applicators are bacteria free. The layer of new skin that is revealed after your peel will be slightly delicate and needs to be treated gently.

Other than that, just sit back and admire your new, fresh-faced look.

An In-Depth Look at *The Golf Studio*

By Steve Forman
Golf Committee Chairman

First of all, a happy and healthy new year to everyone at Boca West with an emphasis on "healthy" given the trials and tribulations we have experienced over the past 10+ months with Covid19. Thank goodness for golf and the opportunity to get outside, get some exercise and social distance—all at the same time.

I think one of the great innovations here in the past couple of years has been the creation of The Golf Studio, where we can try new equipment, get some training aids to improve our game and buy enough golf balls to last at least one or two rounds. As with the rest of Boca West, The Golf Studio is staffed by people who are knowledgeable, have considerable expertise in their profession and very willing to help. Specifically, I am talking about **Mike Bove, Jon Cytrynowicz and Andrew Moore**. The Golf Studio is run by Mike Bove who reports to Peter Taylor. Just before Thanksgiving I sat down (outside, and at least six feet away) with Mike, Jon, and Andrew to discuss The Golf Studio and what it has to offer, especially in the way of club fitting. But before getting into that let me provide you with some background on each.

Mike has been at Boca West for 12 years—mostly in retail but moved to Golf Operations when that department took over management of The Golf Studio. He is married to Morgan and they have a son who is three. Mike has a degree in psychology from Elon College in North Carolina. He is a Class A PGA professional, is a Certified PGA Professional in Golf Operation, Teaching & Coaching, K-Motion Certified, and BodiTrak Certified.

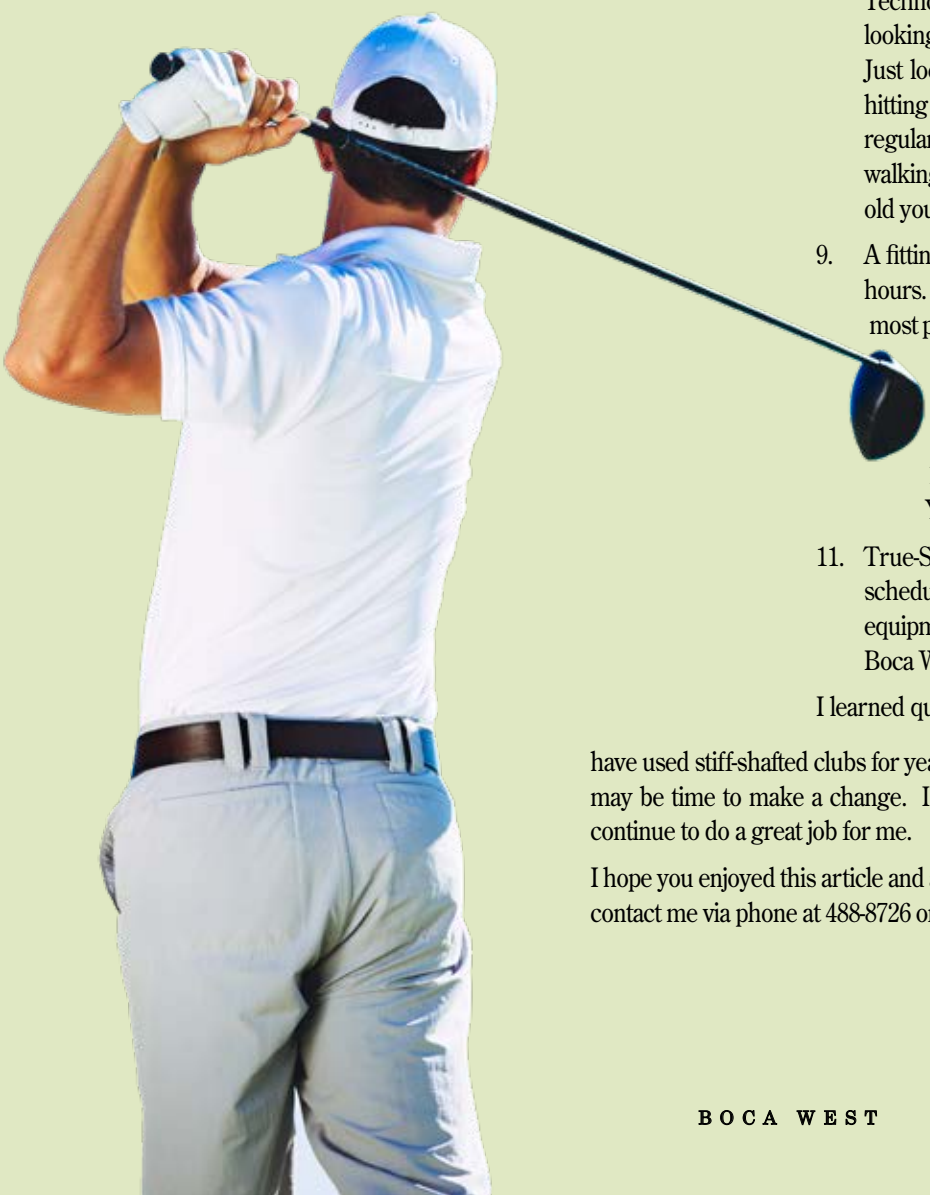

Jon has been at Boca West for 13 years. He is an Assistant Golf Professional and is currently working towards his PGA Class A status. Jon is married to Mara, has two children, aged seven and two, is a scratch golfer and career-wise wants to remain in golf. His ultimate goal would be to get on the PGA tour, and he has tried a couple of times to qualify for the Honda Classic at PGA National. He comes from an athletic family—his mom is a tennis professional and the Director of Tennis at Patch Reef Park. Jon is a certified club fitter with Srixon, Cleveland, XXIO, Cobra and Taylor Made. He is also a Golf Pride- Certified Grip Fitting and Installation Expert; American Development Model Certified, K Motion Coach Certified and BodiTrak Certified. Finally, he is Titleist Performance Institute (TPI) Level 1 and Level 2 Certified. The TPI Certification program is designed to teach industry professionals how to enhance player performance through a deeper understanding of how the body functions during the golf swing.

Andrew has been at Boca West for four years. He is an Associate Golf Professional and is working toward his PGA Class A status. Andrew is married to Kaytie and has two children, aged three and 19 months. He has a degree in criminal justice and started his professional career as a police officer in Oviedo, Florida which is near Orlando. Après law enforcement, Andrew was a clubhouse manager for the St. Louis Cardinals (during spring training). Andrew told me that he did get a National League Championship Ring when the Cardinals went to the World Series (and lost) and once got a $1,000 tip for delivering a pizza to a player. He would not tell me who the player was, but I am pretty sure it was not Dizzy Dean. Like Jon, Andrew is a Certified Club Fitter with Srixon, Cleveland, XXIO, Cobra and Taylor Made and certified as a grip fitting and installation expert with Golf Pride. He is also a Certified Club Fitter and graduate of Callaway University.

Bottom line—we have three highly qualified people who can help you select the right clubs for you. Last year they did 175 fittings and demand is increasing. This is what I learned from talking with them.

1. It is not a coincidence that Jon and Andrew are certified fitters for the major brands sold at Boca West. That is by design. If new brands are added they will be certified in those.
2. They are brand—agnostic. They will not push a particular brand but if you are wedded to one manufacturer, they will work with you.
3. The first step in any club fitting is they listen to you describe what you want—e.g. more distance, more control, better feel, etc. Their focus from that point is to help you achieve your goals.
4. Club fitting is not a golf lesson. However, they are more than happy to engage your teaching professional in the process if you wish.
5. Club fitting ultimately is about enhancing your performance so inherently it must be data driven. The fitter will use a flight scope to measure a variety of metrics including carry distance, smash factor, launch angle, etc. When I got my new driver a couple of years ago, Mike had me try six different shafts—each with a different flex and/or kick-point. I spent about an hour hitting balls and when we looked at the results it was obvious which shaft I should use. I have been happy ever since.
6. The purpose of a club fitting is to tailor the club or set of clubs to you in terms of club loft, lie angle (that's the angle of the shaft off the clubhead), shaft length and flexibility and grip size. It is all based on how you swing the club. Regarding grip, I was told that some members have as many as three different grip sizes in a single set of clubs. You should have only one.
7. If you read my article from last month, you will recall that the best way to hit it further is not to swing faster, rather hit the ball on the sweet spot of the club. That is why club fitting is so important, fit the club to your swing and you have a better chance to hit it on the sweet spot more consistently.
8. It does not matter how old you are, you can benefit. Technology is changing and manufacturers are constantly looking for ways to make it easier and more fun to play golf. Just look at the professionals on the senior tour—they are hitting the ball further now than when they played on the regular tour. That is the impact of technology. So, if you are walking around with a set of clubs that is five, eight, 10 years old you are simply making it more difficult on yourself.
9. A fitting can take anywhere from 15 minutes to a couple of hours. It depends on what you are looking for. I was told most people either are looking for a new driver or want to fill in a gap—e.g. they hit a pitching wedge 90 yards and their sand wedge 60 yards and they want a club for in between.
10. Club fittings with Jon and Andrew are free. You just need to make an appointment.
11. True-Spec will be back this year. Currently there are five scheduled dates. That program, which is for higher-end equipment was very successful last year and will continue at Boca West.

I learned quite a bit talking to Mike, Jon and Andrew. Truth is I have used stiff-shafted clubs for years and as I got older, I simply can't hit them as far. It may be time to make a change. I know this, I have every confidence those guys will continue to do a great job for me.

I hope you enjoyed this article and as always, I am interested in your feedback. You may contact me via phone at 488-8726 or by email at sforman@strategicm.com.

TENNIS & PICKLEBALL
During the Pandemic

Well, 2020 was quite the year, wasn't it? And it looks like it will be a little while longer before we get back to normal. But thanks to a lot of planning and creativity on the part of management and our professionals, we have been able to enjoy both tennis and pickleball while staying safe within the bubble of our beloved Boca West, even including tournaments and exhibitions.

Events for the remainder of this season will depend on circumstances, so stay tuned as things evolve. In the meantime, stay safe and enjoy our top notch tennis facility as well as our four new beautiful pickleball courts.

Here are some suggestions from a recent article of *Forbes* magazine on Tennis:

- **Wash your hands with soap and water (for 20 seconds or longer), or use a hand sanitizer if soap and water are not readily available.**
- **Bring a full water bottle to avoid touching a tap or water fountain handle.**
- **Avoid touching court gates, fences, benches, etc., if you can.**
- **When not actively playing, please adhere to all proper personal protective equipment (PPE) and facemask protocols.**
- **If you need to sneeze or cough, do so into a tissue or upper sleeve.**
- **Arrive as close as possible to when you need to be there.**
- **Try to stay at least six feet apart from other players. Do not make physical contact with them (such as shaking hands or a high-five).**
- **Wash your hands thoroughly or use a hand sanitizer before, during, and after play.**
- **Use headbands, hats, towels or wristbands to avoid touching your face during play.**
- **Use a wristband or towel to wipe sweat from your face.**
- **When playing doubles, coordinate with your partner to maintain physical distancing.**
- **Use only your own towel and water bottles.**
- **Avoid sharing food and touching common surfaces such as court gates, fences, benches, etc.**
- **While there is no evidence that Covid-19 can be transmitted by touching tennis balls, sanitary precautions, such as hand-washing, should still be taken.**
- **Maintain physical distancing if changing ends of the court.**
- **Wear a mask over your nose and mouth at all times, except when active on court.**

As always, our pros are available for lessons in both racquet sports, and our tennis shop can outfit you with equipment and clothing. For more information, call 488-6996.

PICKLEBALL TIP

by Matt McInerney

The two most important shots in the game are the serve and the return. If you miss either of those it is looked at as being a free point for the other team. Think about it this way - every time you miss a serve it is like hitting your golf ball in the water and every time you miss a return it is like hitting your ball in the sand. So, try your best to make your first shot in the court and your winning percentages will increase.

POP (Pickleball Ordanization Play) is back every Monday at 2pm and every Thursday at 10am.

Tennis Game Arranging

Offered six days a week, Monday-Saturday at 9am. Sign up two days prior at 8am (ie. Monday at 8am will open sign-ups for Wednesday 9am game arranging). Game Arranging is open to all members with tennis privileges who have completed an evaluation with our tennis staff.

Game Arranging is available through online sign-up on the app or website until all spots have been filled. Members that sign-up after all spots are filled will then be informed they are on a waiting list for that day. Members on the waitlist are to call 488-6996 between 7-8:15am the morning of Game Arranging to see if a spot has opened for them.

Members may add a note in the "notes" section when they sign-up to play if there is a certain player or game they would like to request. The staff will do their best to accommodate based on games and player availability.

All necessary adjustments will be made in accordance with Covid-19 guidelines.

1921 *vs* 2021

2021 is finally here and I don't know about you, but I'm ready to ring in the new year with some retail therapy!

It amazes me how far golf and tennis fashions have evolved over the years. 100 years ago, golf and tennis apparel was much more formal than today's casual looks. On the fairways, men used to dress in knickers also known as "plus fours" with long sleeve shirts and neck ties. Lady golfers commonly wore long skirts, sweaters and golf "coats." On the courts, tennis players typically wore all white with men in shorts or knickers and ladies in long tennis dresses or skirts typically covered by cardigan sweaters to keep warm in-between matches.

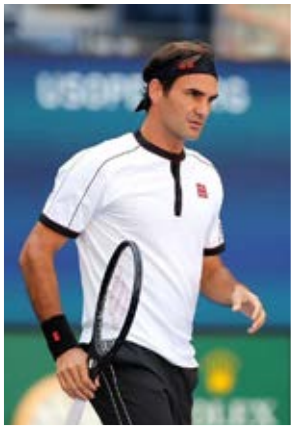

Today's 2021 golf and tennis fashions are much more colorful and lifestyle driven, not only in style but in fabric. Performance fabrics dominate both sports; cotton has practically disappeared as players prefer performance fabrics that are extremely lightweight and quick-drying. Golf and tennis skirts are much shorter than 100 years ago, are a tighter fit with less fabric. Golf and tennis "blouses" have been replaced by sleeveless shirts, form fitting polos and t-shirts. Formal knit sweaters have been replaced by performance fabric hoodies, sweatshirts, and pullovers. Men's golf slacks have evolved from being baggy and billowy to a much more tapered style. Ladies' golf and tennis bottoms have progressed in the same way and now leggings have become the bottom of choice-by themselves or layered underneath a skirt.

Stop by The Golf & Tennis Shoppes today to ensure your wardrobe is ready for the New Year!

January 6: LEVI STRAUSS, THE GOLD RUSH, AND THE WORLD'S MOST FAMOUS PAIR OF PANTS!

Everybody loves them, everybody wears them: Jeans are no doubt an iconic garment and they tell the legendary story of the American West. But did you know that they were made world famous by an adventurous Bavarian Jew who combined his marvelous business sense with German ingenuity? Join German Historian Anette Isaacs, M.A., for a fascinating look at this magnificent period in American history and learn about Levi Strauss and his amazing life!

February 3: GERMANY AND ISRAEL: AN UNLIKELY FRIENDSHIP

55 years ago, Germany and Israel reluctantly entered into diplomatic relations. What at first glance seems to be a rather unlikely relationship –especially in light of the shared history-- has evolved over time into a blossoming friendship and successful economic bond. In order for this to happen Germany had to face its Nazi legacy and subsequent collective guilt. Join German Historian Anette Isaacs as she discusses how her native *country has attempted to cope with the guilt of causing the Holocaust and how this painful but necessary process heralded a new era in German- Israeli relations.*

March 3: FINDING EICHMANN: THE HEROIC STORY OF NAZI HUNTER FRITZ BAUER!

60 years after the beginning of his trial in Jerusalem, it has become common knowledge that Adolf Eichmann, the infamous architect of the Holocaust, was captured by Mossad agents in Argentina and brought to justice in Israel. But hardly anyone is familiar with the fact that it was a German Jew, the Hessian attorney general Fritz Bauer, who provided pivotal information about Eichmann's whereabouts in South America to the Israeli authorities. Join German Historian Anette Isaacs as she pays homage to Bauer, this true hero who confronted post-war German society with its guilt -and denial thereof- and who almost single-handedly initiated the Auschwitz Trials of the mid 1960s.

THE SUPREME COURT & CONSTITUTIONAL CHANGE: IT DOESN'T SAY WHAT YOU THINK

Wednesday, January 13

This program will explore and analyze the historic role courts play in American Politics. Beginning with Marbury v. Madison, Dr. Wagner will explore the controversies, decisions, and history that helped shape the United States. Dr. Wagner will present survey results, theories of judicial interpretation, constitutional history, and a projection for the state of American judiciary going forward. Combining visuals, data, and occasional humor, Dr. Wagner will show how shifting interpretations of the Constitution continue to create a new politics for America. THE NEW ANTISEMITISM IN EUROPE

Thursday, January 14 at 4pm

Germany's modern history has been exceptionally turbulent: Germans helped plunge Europe into World War I, launched World War II, and perpetrated the Holocaust. These unprecedented crimes indelibly marked Germany with a heavy legacy of guilt and responsibility. One result of Germany's total defeat in 1945 was its division into two separate and mutually antagonistic states: West Germany, a NATO member, developed into one of the strongest economies in the world, while East Germany, part of the Warsaw Pact, became one of the most repressive regimes in Europe. Following the unexpected collapse of East Germany in 1989, Germany rushed toward unification, a complicated process that was completed within a year. Today, a reunited Germany ranks among the leaders of the European Union.Given this turbulent history, and World War II having ended over 70 years ago – is the Holocaust still a topic in Germany today? This lecture intends to outline how Germany has tried to deal with its past — the so called "Vergangenheitsbewältigung" — and how relevant the legacy and guilt of Holocaust still are in my country. It will also touch upon the alarming rise of Anti-Semitism in Europe — with a special focus on Germany since nowhere in Europe has the postwar imperative to fight anti-Semitism been more complete — and more intertwined with national redemption — than in this country. *Request by: January 11*

Friday, January 22: CLEO CLIMATE

The CLEO Institute is a 501(c)(3) non-profit, non-partisan organization exclusively dedicated to climate crisis education and advocacy. Founded in 2010, we work with communities across Florida to build climate literacy and mobilize climate action for a resilient future. CLEO is viewed as the go-to regional source for credible, vetted climate science and expert insights into a variety of fields impacted by climate. The current climate impacts we are experiencing, with monster-like hurricanes and rising seas, as well as the shrinking timeframe predicted by recent scientific reports to mitigate worst-case scenarios, underscores the importance of CLEO's work. Building community resilience and adaptive capacity require an informed, engaged, and prepared public. We bring together scores of governmental, business, academic, and community leaders to advocate for long-term and inclusive solutions. Our mission is to have a climate-educated and empowered community that understands the urgency for climate action and advocates for solutions for a just-sustainable future. Request by: January 19

Monday, January 25: THE INTERESTING AND TRAGIC LIFE OF MARK TWAIN

In his time, Mark Twain was arguably the most famous man in the world. His name is synonymous with innocence and nostalgia, with painting fences and Mississippi River rafts, with Princes and Paupers, and Connecticut Yankees. However, there is much more behind the man in the white suit, including a darker side. This talk examines his biographical events and how they shaped his writing. Request by: January 22

!BARNUM!
Tuesday, January 12

He was the consummate showman, the original humbug, the essence of flim-flam, and arguably a creature only American could have created. Whether in the capacity of museum owner, circus producer, or even politician, P. T. Barnum dealt in the not-so-fine art of the hoax in a way that angered some and amused others but that was always fascinating. This lecture looks at the life of the "Great Showman," paying special attention to his personality and techniques that secured him a unique place in history. *Request by: January 9*

LILLIAN AND BIRD: LADIES OF DARING
Tuesday, February 9

Following up on the lecture on P. T. Barnum, this lecture presents the lives of two of the greatest circus performers ever and two important women in history: aerialist Lillian Leitzel and high-wire walker Bird Millman. These amazing performers commanded top billing and tremendous visibility, exploiting the circus as a space where societal norms could be challenged and outraged at the very delight and thrill of audiences. This lecture presents the lives of these two women, who both performed in the Ringling Brothers and Barnum and Bailey Circus's golden age. *Request by: February 6*

A HISTORY OF FLORIDA ART
Tuesday, March 9

From early in the 1800s when European Americans first explored Florida, its unique landscape has inspired artists to capture dreams of quite wildness. The state's subtropical and tropical flora and fauna ultimately created a genre all its own that found its ultimate expression in the twentieth century paintings of A. E. "Beanie" Backus and the Highwaymen. This lecture presents the history of Florida art in its resplendent images. *Request by: March 6*

A NEW YEAR BRINGING *NEW HOPE* FOR "OUR KIDS"

With the help of so many of the Boca West members over 10,000 children were fed, clothed, schooled and kept safe in these most extraordinary times. Over $1,400,000 was granted to the projects we support that were providing essential services to our kids during the pandemic.

Food distribution was handled by our grants to Boca Helping Hands and the "Farm to Families" program through the Boys and Girls Clubs. Over 500 foster children were kept safe at SOS Children's Village Florida, JAFCO, HomeSafe, Grandma's Place and Place of Hope. Emotional support was a key component of our overall strategy during the latter part of the year through our projects with the Faulk Center and Center for Family Services. Beds were provided to kids through Sweet Dream Makers and tablets for virtual learning through the Education Foundation of Palm Beach County. Our support to Florence Fuller Child Development Centers allowed parents to return to work and many more projects that all continue to help those in need.

To ensure the needs of those most vulnerable are met, we need your help. The Foundation does not have an endowment upon which to draw, so each year, though events and, especially, our Member Appeal, we raise funds. If you have not made your donation this season, we urge you to do so for these children who desperately need our help.

Send your check to: Boca West Children's Foundation, PO Box 3070, Boca Raton, FL 33431 or visit our website: www.bocawestfoundation.org/donate.

We are working with the Club and hope to hold our Diaper Drive and 9th Annual $100,000 Golf Challenge sometime in the Spring when it is safe to do so. We will keep you up to date with details as they become available.

There were two new Foundation programs created in November and have become very successful. You may wish to join our efforts.

Our Bikes for Tikes program has distributed over 500 bikes to children who were facing a very bleak holiday. It was a joy to see their faces when the bikes were delivered. The program will continue, and our goal is 1,000 bikes. The bikes cost of $150 includes training wheels (if necessary), a helmet and assembly. The Walmart store in Delray Beach has stepped up to assist us and has paid to have the bikes assembled.

We are initiating a new project, "My First Bike" in tandem with the Florence Fuller Child Development Center. Each of the 125 (class of 2021) pre-K kids who attend their Graduation Assembly (to Kindergarten) will be presented with their very own bike.

With your help we will accomplish our goal and, maybe, we will all be there, in person, to be part of the excitement.

All of these great works are done in the name of Boca West Country Club. These are not Club functions, but the Foundation does report activities that it carries out in the name of the Club to the Board of Governors. If you wish to respond or comment, please do so directly to the Foundation instead of the Board. Please direct your comments to foundation@bocawestcc.org.

YEAR ENDING SEPTEMBER 30, 2020 FINANCIAL HIGHLIGHTS

I am once again pleased to report that Boca West remains in excellent financial condition. I have received the preliminary draft from our Auditors for the Year Ended September 30, 2020. They report that our Financial Statements present fairly, in all material respects, the financial position of the Club.

This past year was challenging at best. The impact to Club operations due to COVID were extensive. Many services had to be temporarily shut down or modified to ensure the health and wellbeing of our members and staff. These modifications ultimately provided unintended savings in Salary & Wages, Valet and member related expenses for Club activities such as Tanglewood, Summer BBQ's, and Food & Beverage operations. Expenses related to housing and transportation of our International Staff also contributed to this savings. As such we ended our fiscal year with an operating surplus of $1.4 million.

Total Cash on hand was $31.7 million vs $23.3 million the prior year. The increase of $8.4 million is primarily due to the accumulation of Joining Fees not spent due to our decision to defer for one year Capital Projects approved by the Members. There were no outstanding borrowings on our line of credit for the fiscal year ending September 30, 2020 and September 30, 2019.

Home sales to new members were very strong considering the environment. For the year ended September 30, 2020 there were 162 new members vs 170 last year.

As of November 30, 2020 there were 109 members who have not paid their dues this fiscal year vs 97 last year. Downgrades of Golf Members are higher than in previous years as many of our International Members have not yet been able to make travel arrangements due to the uncertainty of COVID. Closed and Pending Sales to new members through November were 37 vs 36 last year.

BWMA Job #1: Your Safety and Security

I WANT TO WISH YOU ALL A VERY HAPPY NEW YEAR ON BEHALF OF MYSELF, OUR BOARD AND STAFF. Last year was very trying and stressful and our hope for the New Year is that this terrible pandemic will soon be behind us and we can enjoy a normal life again. In the interim we will continue to work diligently together as a community to combat the virus through taking precautions as recommended by the CDC. Our Safety and Security Committee, which is described below, has been and continues to be an integral part in our actions in combating COVID-19 and we all should be proud of their accomplishments.

The Security department at Boca West was established in 1972 and is dedicated to ensuring the safety and security for 56 Villages, 3,492 residences, as well as all of the Country Club facilities. We employ 45 Security Guards, a Captain, three Lieutenants, a training Sergeant, and a Security Administrator, all led by our Chief of Security, Joseph Lastella. Also, on site, are Palm Beach County Sheriff Deputies and a team of paramedics, American Medical Response (AMR) who are housed on property 24 hours, seven days a week throughout the year. In the event an issue arises or a resident or their guests are in need of assistance, the average response time is under four minutes, arriving lifesaving minutes before Palm Beach Fire and Rescue.

Boca West has three main gated entrances which are manned 24/7 throughout the year and process over 25,000 visits per gate per month. The gate houses are equipped with cameras and software that allows Security to monitor both exit and entry of vehicles, facial and plate recognition. The software allows the tag readers to give time stamps of how long visitors are on property. We also have speed check cameras throughout the community to maintain safe roads within Boca West.

Our Security team monitors the internal roadways by writing citations for stop sign and speeding violations. Fines are being levied and we are filing Club Grievances on repeat offenders. Our vehicles all have computers which allow the Supervisor to prepare and email reports immediately to our Chief of Security and Security Committee. The patrol vehicles also have a GPS system that alerts the Supervisors of all the community check points within each Village.

The PBSO Sheriff Deputies are in constant contact with our Security department so we are aware of issues in the surrounding neighborhoods outside of Boca West. We communicate that information to our residents, when necessary, either through email or through our Security Committee.

Our main office has a dual monitoring system with ADT which is monitored by a security dispatcher who can notify both the Security Supervisor, the Palm Beach Sheriff and/or our Paramedics the nature of the call without any delay. There are only a few communities in Florida that have this capability. This makes Boca West one of the safest communities to live within the State of Florida.

The Safety and Security Committee provides policy guidance to the staff and this year has been responsible for new gate arms, lighting more stop signs, relocating stop signs for better visibility, and adding new technology for speeding on our roadways. All of this has resulted in less traffic violations this year. We appreciate their work and the Grievance Committee.

Your cooperation is needed in being attentive while driving, obeying the speed limits, making full stops at stop signs and not texting or talking while driving cars or carts.

OMBUDSMAN

David Shifrin

The Club's definition of Ombudsman is to be the "liaison between the members and the governing body." The role of Ombudsman is to act as an advocate on behalf of our membership; to assist with their problems, complaints and issues.

As our Club's Ombudsman, it is not my role to make club policy or change rules, but possibly bring issues forward and assist members to improve resolutions with matters that members feel need additional attention or possible change.

Possibly you may have taken matters directly to department heads and/or committee chairpersons, yet you found they did not completely address your issues and/or concerns to your satisfaction. If so, please send an email to me, your Ombudsman, David Shifrin. I'll do my best to find the best solution possible. Send your email to mikejosh18@aol.com, along with Ombudsman in the subject line, and clearly state your situation. If unable to email, please drop off a note to my attention at the Country Club reception desk. I will respond that I've received it, and begin a process communicating with the appropriate board members, committee chairpersons and/or management.

If you have been affected in a negative way, the Board of Governors wants to know. Our goal is to continue a Boca West tradition as being the best; and your Board, committee chairmen, department heads, staff and management want your experiences to be worthy of our 5 Star recognition worldwide.

AS ALWAYS, I HOPE YOU AND YOUR FAMILIES CONTINUE TO REMAIN SAFE AND WELL DURING THESE UNPRECEDENTED TIMES.

By now everyone should have received a joint Communique from me and our President, Chief Operating Officer and General Manager Matthew Linderman. Our decision to do a Communique and then mail it to each Member was to ensure everyone had the opportunity to be updated and that it could receive your undivided attention.

The Communique was a "State of the Union" type discussion which covered a financial and Membership update; a review of the initiatives implemented by your current and very active Board of Governors since coming together as a group this past February; a review of our current COVID-19 protocols; and, an update on the status and anticipated schedule of the Club Improvement Program (Program) that was approved overwhelmingly by our Membership on March 20, 2020.

The cost of the Program was estimated to be $45,631,000 plus interest of $4,235,000 based on an estimated rate of 3% and a ten year payback of the borrowed funds. The funding to pay off the borrowed funds for this Program, like all our Capital Projects, comes from Joining Fees from new Members. For conservative purposes, the Board used annual Joining Fees of $5.8 million which was less than the amount received for many years before. While the Program anticipated starting this past summer, your Board and Management made the prudent decision to delay the Program for a year to better understand the impact the coronavirus pandemic would have on our ability to attract new Members and generate the Joining Fees resulting therefrom.

The one year delay in starting the Program ended up being a financial windfall for the Club. Sales to new Members almost hit record levels and our Joining Fees for the year totaled over $9 million and this year our new Member sales are already ahead of last year's pace. Based on our stronger financial condition today, we will not have to borrow as much as we had originally anticipated so at the end of the day, the Program's total cost should be less.

And the news only gets better. The banks still want to commit to loan us up to the original $45 million for up to 10 years at today's rates. And instead of the loan being a Reducing Revolver as our previous loan arrangements have been, we were able to negotiate a Line of Credit facility which gives the Board and Management total flexibility in the financing of the Program, the refinancing of our existing loan and for general corporate purposes. While the payoff of the current Program is now anticipated to be less than the original 10 year forecast, our ability to secure a Line of Credit for ten years at current rates will provide us a unique opportunity. That is, if over this ten year horizon the Membership is asked to approve another Capital Project to maintain our amenities second to none, part or all of the funds that may be needed will already have favorable fixed financing in place.

I hope you have by now made your reservation to dine at Tavern on the Court. How imaginative and ingenious is our Management to create this extraordinary additional venue for our enjoyment. Please read Matthew's article on Page 3 for more details.

Wishing you and your families a Happier and Healthier New Year,

Phil Kupperman
