PRESIDENT'S LETTER

Dear Member,

OUR ANNUAL GOLF, TENNIS, AND PICKLEBALL CLUB CHAMPIONSHIPS were once again a huge success! It is always a highlight for me to see all of you participating and enjoying yourselves here at the Club. CONGRATULATIONS to all of the winners and runner-ups from this year's competitions! For a complete listing of the Golf championship results, turn to page 12. The Tennis & Pickleball results will appear in next month's issue.

I am happy to introduce **our new Clubhouse Manager, Eric Kaplan**. Eric, a New York native, is a creative and driven leader with over 25 years of progressive experience within multiple segments of the Hospitality industry with a focus on high-volume operations. His most recent role was Executive VP of **Patina Restaurant Group**, a 64-unit Restaurant organization with annual revenues of $300 million. Eric was accountable for all business in the New York and New Jersey regions. His responsibilities included overseeing Rockefeller Center, Metropolitan Opera House, Lincoln Center, Brooklyn Botanical Gardens and much more. Eric brings a wealth of experience to his new role and we are excited to see him grow in his new position. Eric, his wife Jenny and their two dogs; Luca and Bruno will be moving to the area from Northern New Jersey. Please join me in welcoming Eric to the Boca West Family.

As our Membership adjusts to being vaccinated we are pivoting and planning our programs for the next few months. One thing we have all learned from this past year is that technology keeps us close to one another and connected throughout the world. Whether you are traveling to see family or returning to your summer home away from us, you can stay connected through the Boca West Website and App. This summer we will continue with our popular Zoom activities and Zoom Personal Training sessions with your favorite Boca West trainers and we are working on adding more virtual activities for you to participate in.

Our annual **Easter Champagne Brunch** will take place at **Tavern on the Court** on Sunday, April 4. For availability, please contact our Food & Beverage reservations department. The reviews are in and **Roadside Cravings** is a huge hit! I am so happy to see so many of you have come out to try the delicious menu items and are enjoying the outdoor comradery. We are still planning to keep **Tavern on the Court** open through the month of April and we are prepared to keep it longer if needed based on demand. Please look out for emails from Communications for updates.

This year, our annual **Play for Pink** event took place over seven days. Five hundred Members participated, and **we raised close to $75,000!** Thank you to everyone who participated and donated to this dedicated foundation.

As this challenging Season comes to a close, Management and I are so excited to begin planning next year's programs and budget. Even during the craziness of Covid, we have definitely made lemonade out of some challenging times. We plan on keeping some of our new branded activities and are also bringing back many of our sorely missed programs from previous Boca West Seasons… including everyone's favorite, Prime Cut! If you have suggestions for any of our Departments, please contact the Committee Chair or Department Head that relates to your idea so that they can share it with their Committee. We are anticipating a productive year working alongside our newly appointed Committees!

As a gentle rule reminder, our online Member Directory is for the use and convenience of Boca West Country Club Members. This information is not to be used for solicitations whether by mail, email or by phone. Please respect the privacy of our Members who have trusted us to show this information on our exclusive directory. Misuse of this information will jeopardize your membership privileges. If you feel someone has misused the directory, please email us immediately at communications@bocawestcc.org.

It truly is an exciting future at Boca West and we have so much to look forward to especially with the upcoming Club Improvement Program. **Mr. D's** is closing on April 19 for the highly anticipated renovation and the **Country Club** refurbishment will begin on or around June 1. Your Board Members and Management have been working on these projects behind the scenes for over two years, and I am so excited for you to see all that we have in store for you.

Always remember, I welcome and encourage any thoughts, comments, or suggestions you may have regarding your Club. I can't wait to see you around!

Sincerely,

Matthew Linderman, CCM
President, COO & General Manager

FAMILY OWNED & ESTATE GROWN

Niner Estates Winery are 100% estate grown and the integration of farming and winemaking is the foundation of everything we do. We currently farm a total of 240 acres across three different vineyards in Paso Robles and Edna Valley, and make all our wine in our LEED Certified Winery at Heart Hill Vineyard. We are known for our estate grown Cabernet Sauvignon, Pinot Noir and Chardonnay as well as our flagship blend Fog Catcher; however, we grow a wide range of varietals and specialize in small lot bottlings that we allocate primarily to our Wine Club Members.

MCMANIS Family Vineyard

WEDNESDAY, APRIL 21 OR THURSDAY, APRIL 22

Serving from 5:30pm-close, Tavern on the Court

THE MCMANIS FAMILY has been farming in the northern interior region of California since 1938. Fourth generation farmer Ron McManis, and his wife Jamie, founded McManis Family Vineyards in 1990. From the beginning, their mission was simple: every bottle of McManis Family Vineyards should consist of "quality wine at an honest price". They now farm over 3,600 acres of premium wine grapes from premier growing areas across the state. In 1998, the company designed and built a state-of-the-art winery to produce a range of red and white varietals sourced from ten estate vineyards. As grapes arrive at the winery, they are introduced to two state-of-the-art grape receiving stations outfitted with Delta Stemmer-Crushers and Bucher presses; the receiving hoppers are equipped with mechanisms designed to slow the intake of grapes, gently handling the incoming fruit.

McMANIS
FAMILY VINEYARDS

These innovative methods of winemaking are unique to a winery of this production capacity and produce excellent finished wines meant to be enjoyed when young, with juicy flavors, freshness and balance.

Be aware of April showers

Did You Know? A clay court is pretty much safe after 15 minutes of a light drizzle except for its lines, which may get quite slick. Experienced players even have a tough time trying not to slip while crossing over the lines while at play. If a group decides to play on a court prematurely to it being completely dry, the players may ruin the court by digging up the surface with their shoes and this will leave grooves and "pockets" on the court. For your overall safety during these spring shower months, please be aware and listen to the tennis staff as to when the courts will be available for you and your partners to play on.

This entertaining, dynamic performance/lecture will delight you with well-known folkloric characters like the Wise Men of Chelm, as well as true-life tales from modern storytellers from the performance circuit.

DAVID KOKER'S AT THE EDGE OF THE ABYSS CONCENTRATION CAMP DIARY presented by Robert Jan Van Pelt

Wednesday, April 7

Diaries and journals kept by Jews during the Holocaust are important sources of eyewitness testimony recorded as the genocide of the Jews was unfolding. Many Jews who were in hiding, like Anne Frank in Amsterdam, or who lived in ghettos, like Dawid Sierakowiak in Lodz, kept journals to record what happened around them, and in them. However very few Jews imprisoned in German concentration camps kept journals as conditions made this almost impossible. The 21-year-old Dutch-Jewish student David Koker managed to keep a journal in the Herzogenbusch concentration camp (aka the Vught camp) between February 1943 and June 1944, when he and his family were deported to Auschwitz. His journal contains profound reflections on the impact of camp life on sense of reality: "Our feelings are like skin that has been stretched very tight – you get that with wounds sometimes – and then becomes insensitive and oversensitive at the same time. Then feelings don't have any color, as it were. . . . I often think: you have here the highest degree of consciousness and of unconsciousness. The nuances between them, which used to make life so rich and full of possibilities, are absent." David proved able to find someone who helped him smuggle many instalments of the journal to his best friend, a non—Jew living in Amsterdam. David did not survive the Holocaust. In 2008 David's younger brother Max Koker approached historian Robert Jan van Pelt with the request to prepare a fully annotated English edition of David's journal, which was published in 2012 as David Koker, At the Edge of the Abyss. Van Pelt will introduce both David Koker, his journal, and will discuss its significance as a major record of life in the harsh confinement of a German concentration camp.

THE LONG ROAD "HOME": RETURNING TO GERMANY AFTER THE HOLOCAUST

presented by Anette Isaacs

Wednesday, April 21

Much has been written in recent years about the renaissance of Jewish Life in Germany which was primarily caused by a major wave of immigration on part of Jews from the former Soviet Union. While our lecture will explore this particular phenomenon and its consequences as well, we first and foremost want to attempt to find an answer to the question why Jews were coming back to Germany after World War II. What motives could they have had to return to the "land of the perpetrators"? Join German Historian Anette Isaacs, M.A. as she traces back the long road home that led to a rebirth of Jewish Life in her native country.

MENTAL HEALTH AND COVID-19: WHAT DO WE KNOW NOW?

presented by Dr. Jeffrey Bornstein

Tuesday, April 27

Much of the focus of measuring the toll of COVID-19 has been on the number of cases and deaths from the illness, but what do we know now about the consequences of the pandemic on mental health? In this talk Dr. Jeffrey Borenstein will discuss the increase in anxiety, depression and other mental health conditions over the past year and will offer important insights about:

- A study of more than 60 million U.S. adults reveals that those with either lifetime or recent mental disorder diagnosis are at increased risk of COVID-19 infection and tend to have poorer outcomes.
- A study of seniors with preexisting depression highlights the coping strategies many used to combat relapse during the first months of the pandemic crisis, and found that while most participants appeared to be coping with social isolation, a majority said they were more worried about contracting the virus than about suffering a mental health relapse.
- A study conducted in a major New York City hospital system in 2020 found that people with schizophrenia have an overall increased risk of dying within 45 days if they are infected with the COVID-19 virus.

Boca West Children's Foundation
2020/2021 Seasonal Recap

To say the least this past season has been extraordinary for all of us. Think of the changes and accommodations we all had to make because of COVID-19. Now think that you are one of the 10,000 children that the Foundation reaches each day. They are frightened to go to school—if even they can. There is a lack of normal services to help families receive assistance with lodging, food, security and everyday items because of unemployment, lockdown, disease and even the death of a family member. With everyone pitching in, your Boca West Children's Foundation has been able to raise funds, create programs and be there for each of them. We have distributed to date $1,351,000 to our 31 charities listed at right.

In November we were able to hold a truncated Golf Tournament but over 500 participants (either live or virtually) helped us raise over $400,000. December, through our new Bikes for Tikes program and My First Bike programs we were able to raise over $110,000 and distributed 621 bikes, training wheels and helmets, so far, to children who needed something positive in their lives. In conjunction with the Palm Beach Sheriff's office over $150,000 was distributed to 21 charities to fight the gang issues, create after school programs, receive mental health counseling and have access to better food distribution.

Another $600,000 was granted to desperately needed projects for all our vetted charities through our annual grants. Our newly created program called, The Partnership, will allow the five winning charities split an additional $250,000 for special projects that they normally would never had funded.

With a very bright light at the end of this very dark tunnel we all have been a part of this past year, we now look to the rest of the year with greater confidence. We hope, because of your efforts, this summer all our camps (overnight, tennis, basketball, music, swimming and others) will again be opened for 1,250 children.

Coming up please be on the lookout for more information about our 9th Annual Golf Challenge on November 1; the Holiday Bikes for Tikes/My First Bike projects; "Walk the Walk" (our first 5k and charity fun walk) and in 2022 The Foundation at Sea Gala.

GRIEVANCE COMMITTEE REPORT

By Dr. Rick Chavis, Grievance Committee Chairman

After the Grievance Committee reports to the Board of Governors on their findings and the Board makes its final decision, there is a forty-five day waiting period during which the Member may appeal the Board's decision. There are presently two grievances that have passed the forty-five day period or the Members have already made an appeal. The Grievance Committee recommendations were approved by the Board. The grievances are as follows:

GRIEVANCE #1

This grievance was filed against a Member for their response to the Communiqué issued by the Chairman of the Board, Mr. Kupperman to the entire equity Membership. This Member emailed accusations and disparaging comments to various recipients without any basis in fact or in law as well as without any support in the Club's governing documents or the Master Declaration. The emails also personally attacked the Chairman of the Board and the entire Board of Governors. These actions caused the Club to divert personnel and financial resources including the cost of outside council to respond to the Member's accusations. This behavior was improper and endangered the welfare, safety, harmony and good reputation of our Club under Article X, Section 10.02 of the Boca West Country Club Bylaws.

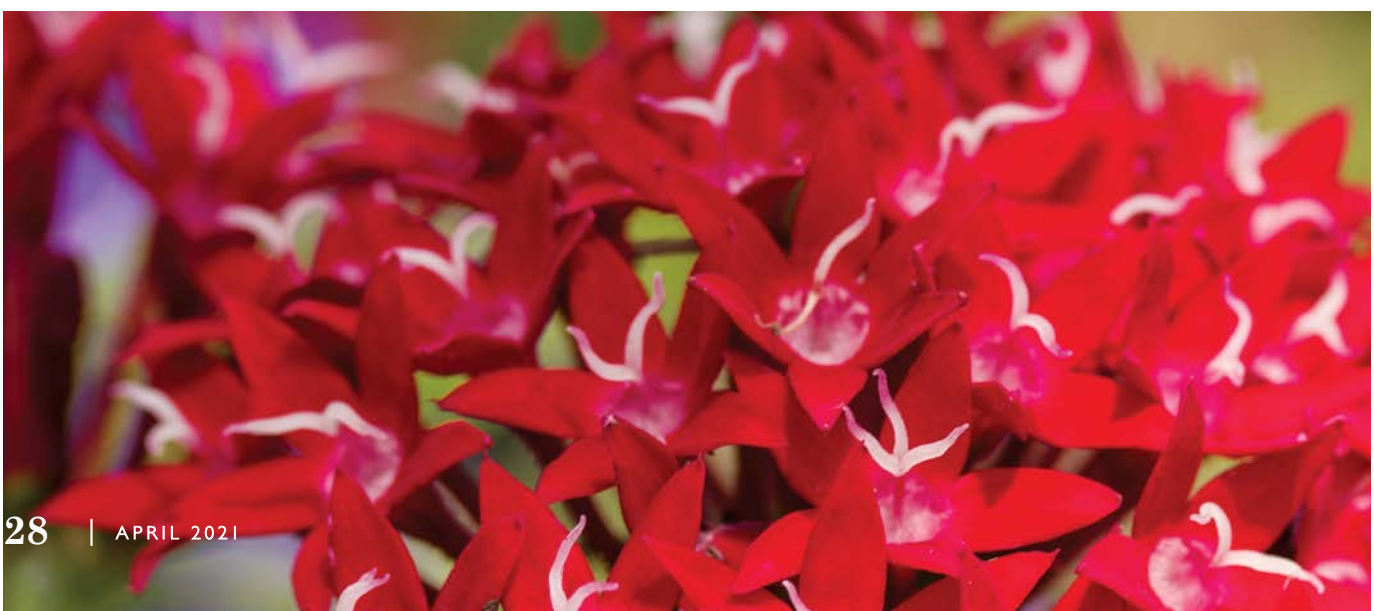

RULING: The recommendation by unanimous vote of the Grievance Committee was that the Member be suspended from all Membership privileges for 18 months and submit acceptable individual letters of apology to Matthew Linderman, Phil Kupperman and the Board of Governors. The Member was fined $2,500.00 to reimburse the Club for direct costs associated with this grievance and was warned that the suspension will be increased if any further insulting, disparaging and baseless emails are sent to Officers, Board of Governors, Administrators of the Club or the Membership. The incident has been made a part of the Member's Membership file.

The Member appealed the Board's decision. The Board of Governors with unanimous vote denied the Member's appeal.

GRIEVANCE #2

This grievance was filed against a Member for inappropriate behavior on multiple occasions. This behavior included abusive and derogatory comments made both electronically and verbally. These comments were directed to Management and staff, the General Manager as well as the Chairman of the Board of Governors. This Member's behavior extended over a period of several weeks and was in violation under Article X, Section 10.02 of the Boca West Country Club Bylaws.

RULING: The recommendation by unanimous vote of the Grievance Committee was that the Member be suspended from all Membership privileges and access to the Club for a term of one (1) year. The Member is also required to successfully complete an Anger Management course approved by the Board of Governors and submit acceptable individual letters of apology to Matthew Linderman, Phil Kupperman and the Board of Governors. This incident has been made part of the Member's Membership file. The Board of Governors agreed with the recommendation of the Grievance Committee with a unanimous vote.

Spring Sprucing!

The Architectural Control Committee has had a very busy season. In 2020 the Committee made 323 recommendations! We are pleased that residents are maintaining and updating their homes. The ACC also reviews Village projects. The Villages have submitted projects to update their landscaping, paint the exterior of the homes and roof replacements. The Villages look beautiful and we appreciate the improvements to keep our community viable!

You can obtain a petition by visiting our website at www.bocawestmaster.com or stopping by the office to pickup a hard copy.

We receive a lot of questions about why we request documentation to be submitted with each petition. We require this information for your financial protection and we will not make a recommendation of approval without this documentation. If you have plans for any exterior work in your home, please be sure to submit the required documentation. To the right is a chart explaining why we request the documentation to be submitted with your petition.

DOCUMENTATION REQUIRED:	REASON:
The contractor and each subcontractor shall provide applicants with a certificate of insurance naming the homeowner as stated on Palm Beach County website and the village as certificate holders. The following limits apply: *a. Commercial General Liability - $1,000,000* *b. Worker's Compensation - Statutory* *c. Commercial Automobile Liability for Owned or Leased Vehicles - $1,000,000 or* *d. Personal Auto – $100K/$300K or Combined Single Limit of $300K*	In the unfortunate event there is an accident while working on your project, the contractor's insurance will cover the incident. Protects you from being sued.
A copy of the contractor's license showing that the license is active.	Proof the contractor is trained and certified in their craft.
A copy of the contracts governing the job	Assures the scope of work is consistent with the submitted plans. The confidential information can be deleted.
A copy of the architectural plans if same is required for a permit	Assures the scope of work is consistent with the contract. The project does not encroach on common area, neighbors, BWMA or Club property.
Sketches of landscaping if this is part or all of the petition.	Ensures the project does not encroach on common area, neighboring area, BWMA or Club property. No fruit plants will be planted as they attract insects, rodents, and wildlife. Fruit trees require consistent maintenance.
Paint swatches and samples of exterior materials proposed. (i.e. roof tiles, siding, pavers etc.)	Ensures the chosen swatches and/or exterior materials match the village's aesthetics and is pleasing to the eye when seen from the golf course.
A survey showing the exact location of the proposed work.	To confirm the location of the windows, shutters, doors, landscaping etc. Aids the Committee members as they are not familiar with the layouts of all of the homes in the various villages.

ALL exterior work needs to go through the ACC approval process, whether it is an individual resident's project or a Village project. This includes, but is not limited to painting, terrace enclosures, patios, driveways, hurricane shutters, window installations, paving, asphalt sealing etc.

Please note this process does take time.

1. *The first step is for the homeowner or Village to complete the ACC petition and present it to their Village Board.*
2. *If approved by the Village Board, the petition must be signed by three Village Board members.*
3. *The property manager will take the approved petition, keeping a copy for their files, to the BWMA to be reviewed by the ACC.*
4. *The ACC reviews the petition and documentation and makes a recommendation which will be presented at the monthly BWMA Board meeting.*
5. *Once approved at the Board meeting, a formal approval letter will be e-mailed to the homeowner (or to the Village if a Village project), the Village president and the property manager for their records.*

If you have any questions, please call Alyssa Martinez at 488-1598, extension *313.

The Special Projects Committee has also been very busy. We are working in conjunction with the Club's remodel of the sports pavilion to update the front entrance and the Glades gatehouse which is expected to start next Spring 2022. We have been working with several street light vendors to bring new LED lighting fixtures to Boca West.

Thank you for doing your part in maintaining your homes and villages for the betterment of Boca West and for the enjoyment of our family, friends and future members!

OMBUDSMAN

mikejosh18@aol.com

David Shifrin

The Club's definition of Ombudsman is to be the "liaison between the members and the governing body." The role of Ombudsman is to act as an advocate on behalf of our membership; to assist with their problems, complaints and issues.

As our Club's Ombudsman, it is not my role to make club policy or change rules, but possibly bring issues forward and assist members to improve resolutions with matters that members feel need additional attention or possible change.

Possibly you may have taken matters directly to department heads and/or committee chairpersons, yet you found they did not completely address your issues and/or concerns to your satisfaction. If so, please send an email to me, your Ombudsman, David Shifrin. I'll do my best to find the best solution possible. Send your email to mikejosh18@aol.com, along with Ombudsman in the subject line, and clearly state your situation. If unable to email, please drop off a note to my attention at the Country Club reception desk. I will respond that I've received it, and begin a process communicating with the appropriate board members, committee chairpersons and/or management.

If you have been affected in a negative way, the Board of Governors wants to know. Our goal is to continue a Boca West tradition as being the best; and your Board, committee chairmen, department heads, staff and management want your experiences to be worthy of our 5 Star recognition worldwide.

CHAIRMAN'S LETTER

AS I START MY TERM as Chairman of your Board of Governors, I thank the Board for your confidence in me, and I will do my best to meet your expectations. A big thank you to our immediate past Chairman, Phil Kupperman, for the outstanding job he did this past year under extremely difficult circumstances. He and Matthew Linderman, with the assistance of our professional staff and Board, worked tirelessly to manage the Club in such a way as to provide the maximum amount of services and programs possible, and consistent with protocols and limitations of COVID 19. For that, Phil and Matthew deserve the appreciation and thanks of our membership.

Be assured that Matt and the staff, and your Board and I, will continue to do our best to navigate through the virus to safely provide the maximum in services and programs.

I would like to thank our outgoing Board members, Howard Boilen, Paul Echenberg and Harriet Moskowitz, for the important contributions made by each of them during their six year terms. Howard's contributions have included as Chairman of our Communications Committee, where he has been a key figure in expanding our communications and marketing program, as a member of the Executive Committee and as Chairman of several Nominating Committees. Paul's contributions included his great work as Chairman of the Long Range Planning Committee and Audit Committee. Harriet's contributions have included as Membership Chair, where she emphasized the integration of new members into the Club, and for that purpose created the immensely popular New Member Coffee & Chat Program, which she changed to the Sip, Swirl & Socialize Program to conform to the COVID limitations, and as a member of the Executive Committee. They will be missed.

I also congratulate and welcome back current Board members David Shifrin and Charlie Wolf for a second three year term, and Bill Berkowitz, Frank Richard and Bob Schwartz to new three year terms. I believe we have a talented Board dedicated to maintaining and enhancing the outstanding member experience and lifestyle at Boca West.

Our President, COO and General Manager, Matthew Linderman has, and as the year goes on, will continue to, update the membership on the progress and schedule of the new Capital Projects that will begin in earnest this Spring. Despite, or maybe enhanced by COVID, we had a banner crop of new members during fiscal 2019-2020, and we are pacing even ahead of that so far this year. The Capital Projects1 should only help to keep the flow coming.

If there are topics that you think the membership would like to see addressed in future articles, please let me know at bwinikoff@bocawestcc.org.
