PRESIDENT'S LETTER

Dear Member,

I CANNOT BELIEVE THAT PEAK SEASON HAS BEGUN - summer really flew by! Our staff has been hard at work trying to reinvent some of your seasonal favorites while ensuring you always feel safe and comfortable. With that being said, we are excited to announce that we have worked some Boca West magic and are bringing back **Tavern on the Court!** I know that many of you have missed this extravagant outdoor venue, and I am so excited we could work out the details to bring it back for the Season. The plan for this venue is to use it as often as possible, whether in place of Panache on certain nights, for special events, or to ensure we have adequate dining venues when MyPi closes for our renovations in mid-March, based on business demand. Stay tuned for more details.

Many new nights are planned for this upcoming season in food and beverage along with some of your old and new Boca West favorites. We are excited about our season opener - **Enchanted Wonders**, so much so that we have over 1,000 reservation requests spread over multiple days! We will continue to monitor reservation counts and if an additional night is needed it will be added, if needed. **Taste of the Season**, our curated journey of the senses is back this season. Be on the lookout for the emails and brochures in any of our restaurants for details. Our Virtual Clubhouse will continue offering both in person and zoomed activities, be sure to sign up so you don't miss out!

We have recently added two new Department Heads to our team, and I am very pleased to introduce them to you. Please join me in welcoming **Jaclyn Schomber** who will be assisting Russ Devick in the role of **Project Manager/Owner's Rep**. Jaclyn has a degree in Architecture coupled with over 10 years of varied experience including project management, estate management and various hospitality roles. With the many projects happening now and in the future, Jaclyn is sure to be busy making sure all goes smoothly with the new and existing facilities: we are very lucky to have her!

It is also my pleasure to announce that **John Collings has been hired as our Assistant General Manager**. John is a dynamic, creative and collaborative leader with extensive experience operating in the luxury sector of hotels and resorts. His most recent role was Director of Operations of The Boston Harbor Hotel, a 5 star/5 diamond hotel. John oversaw the Food and Beverage, Rooms, Housekeeping, Security and Engineering departments. His prior experience includes roles at Chatham Bars Inn, Fairmont Battery Wharf and Wharf Street Restaurant Group, which he was an owner of. John brings a wealth of experience to his new role and we are excited to see him grow in his new position. John, his wife Pamela and their two young sons; Robert and David will be relocating to South Florida from Massachusetts. Please join me in welcoming both of them to the Boca West Family!

As we look forward to welcoming many of you back to your Boca West paradise, we also await the arrival of our seasonal staff. Unfortunately this year we have experienced some of the same challenges as last year; the most recent being a travel ban. In anticipation of this, it has been mandated that all H2B visa holders be vaccinated prior to traveling to the United States. In addition to this, we are requiring that all International Staff quarantine upon arrival and provide negative COVID-19 test before they begin work. As always, we will continue to keep the health and safety of our Members and Staff a priority and at the forefront of each decision made.

COVID has brought its fair share of challenges which have been experienced in each area of the Club. Many of the Club's vendors continue to experience supply chain delays and issues with food, beverages, paper products, furniture, as well as equipment and merchandise for the golf and tennis shops. Thank you for your continued patience as we navigate the most efficient way to continue to offer the same goods and services you are accustomed to at your Club.

The past 18 months have been difficult with constant changes, resulting in a plethora of decisions to be made. I would like to thank the Board of Governors for their continued dedication and support of Management throughout all of the pivots and challenges we faced. Their expertise has helped tremendously, and I am thankful for their trust and guidance.

Last but certainly not least: an update on our much anticipated renovations! We are nearing the finish line of our **Country Club** renovation, and will be opening in the upcoming days. **Mr. D's** is also right on target, and we are planning a grand opening to take place within the last few days of October. These two projects have dominated much of our summer, and I am so excited to finally reveal what we have been working on- you are going to love it!

As always, I welcome and encourage your thoughts, comments and suggestions regarding your Club and look forward to seeing you around.

Sincerely,

Matthew Linderman, CCM
President, COO & General Manager

The Advantages *of Custom, Fitted Clubs* at Boca West

By Chuck Rosenblatt, Golf Committee Chair

The subject matter of this article was the result of a conversation I had with Dr. Alan Rosenberg. I would like to thank Alan for his suggestions and contributions he made for this article.

Recently, I sat down with **Mike Bove**, Assistant Golf Professional to discuss the club fitting opportunities offered at Boca West.

Golfers commonly purchase clubs for the wrong reasons; catchy commercials promising longer yardage or favorable comments by friends. Although this commentary can persuade you, do not let these claims trick you into making your next purchase…at least not yet. This article is intended to educate and promote the wonderful programs and services we offer in our Golf Studio. We hope the next time you are thinking about purchasing new clubs you will give the Golf Studio a call so that our professionals can guide you in the right direction.

Why should I get custom fitted clubs and how do I go about getting started?

Whether you're new to the game or have played your entire life, custom club fitting gives you the confidence to play any golf shot. The process of club fitting starts with a conversation between the member and our Golf Studio Professionals, Jon Cytrynowicz and Andrew Moore, who navigate the process.

Getting fitted for golf clubs is the best way to optimize your equipment to match your game and ability. Every golfer can benefit from having custom clubs built to their precise specifications.

And why should I get fitted at the club?

The Golf Studio uses state of the art technologies such as **FlightScope** to help guide the fitting process for full-swing clubs, and Blast Motion for putter fittings.

FlightScope is a global high-tech company whose 3D Doppler Ball Tracking provides 27 accurate measurements of ball and club head parameters, which are used for all club fittings. There is no better way to analyze the performance of any new club than with the use of **FlightScope**. Many pros use FlightScope in their daily practice routine.

Blast Motion is another technology we use to properly measure and fit members for putters. In less than twenty minutes, we can accurately measure your putting as it relates to speed control, direction, backstroke time, forward stroke time, and overall tempo.

Additionally, we offer our members four distinct ways in which to get fitted for clubs either via our vendor fitting days, equipment evaluations, custom fittings or **True Spec**. Each of these avenues should ultimately align with your comfort level, ability, and level of experience you desire.

Can you elaborate a little bit more on the four ways you just mentioned and how you decide what method to use with any member?

Before any full swing club fitting, we recommend members hit balls on the range while the fitter watches and collects data with **FlightScope**. This allows the fitter to measure several key variables: (distance, angle of attack, launch angle, spin rate, and club head speed). Based on this information, an informed decision can be made as to a next step in the fitting process

Vendor Fitting Days: Throughout the season, we offer more than 25 fitting days during which equipment manufactures visit Boca West to host one on one club fittings. These appointments are complimentary and are led by the manufacture club fitter.

Generally, members who attend these events have already spent time in the Golf Studio and have an idea of what they are interested in purchasing. These appointments are less than 30 minutes and allow our members to hit balls with the clubs they are thinking about purchasing.

Equipment Evaluations: Interested in updating your driver, or looking to fill in a gap in distance somewhere in your current set makeup? With the guidance of our Golf Studio Professionals, we will use FlightScope to benchmark your clubs and then compare them to newer clubs. These data driven appointments take the guess work out of your purchase, and accurately measure performance as well. Members simply need to call the Golf Studio to set up an appointment.

Generally, members who set up these appointments are thinking about getting fitted for clubs. This is a perfect avenue to get started.

Custom Fittings: Adding vendor specific fitting carts from several of our largest dealers has been a great addition to the Golf Studio. As a result, members can work with Jon or Andrew to find ways to optimize overall performance. By testing clubs with different shaft flex, length, and lie angle you can dramatically improve contact, distance, and direction.

Shaft Flex: A golfer using a shaft that is too flexible may experience a ball flight that is too high, a ball that spins too much, or a shot pattern that has inconsistent dispersion. Conversely, a golfer using a shaft that is too stiff may experience ball flight trajectory that is too low, golf balls that do not spin as much, or a lack of distance potential.

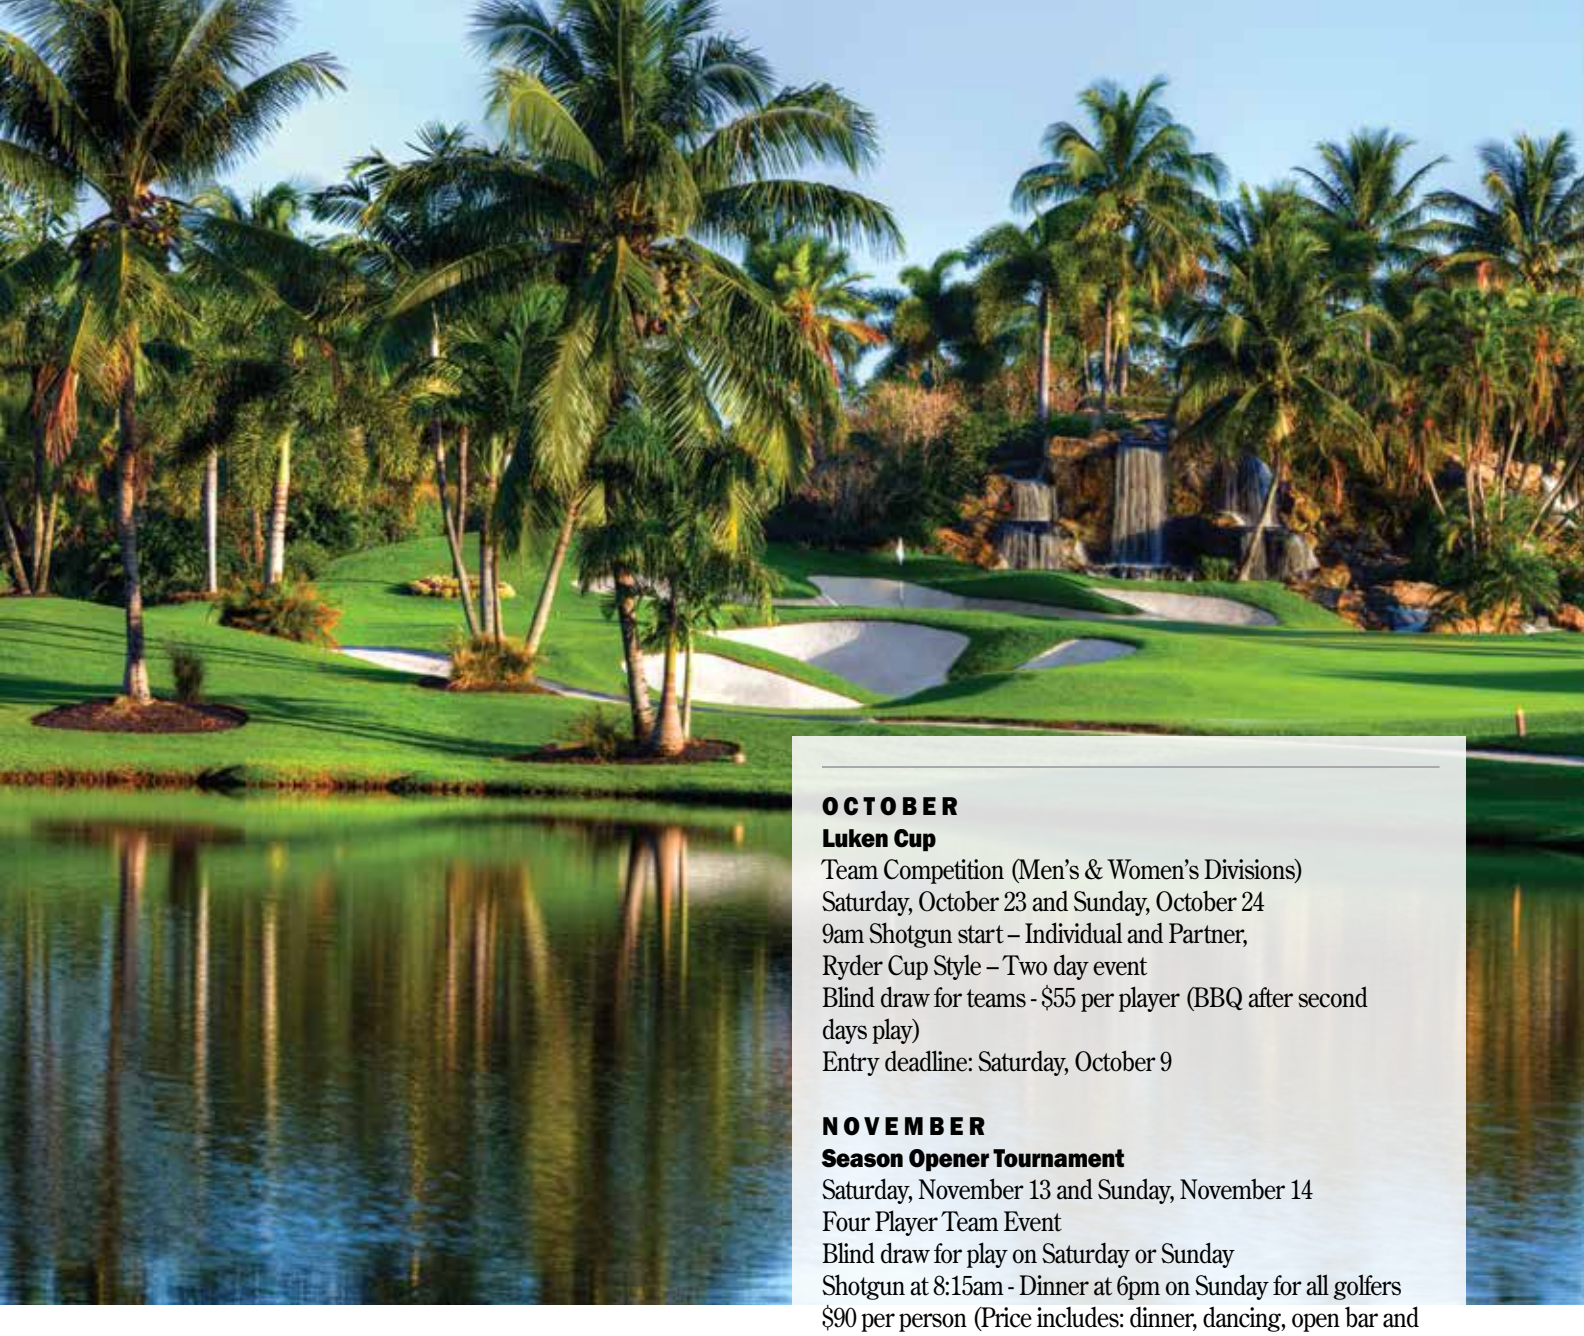

Shaft Weight & Length: Some shafts can be lighter in weight, which result in a higher ball flight and produce more spin. Shafts which are heavier lower the ball flight and spin rates. When considering the length of a club, improper length can lead to shots that are not struck in the center of the club face.

For these reasons the proper fitting of the golf shaft is so important to your game. In general terms members that use this method are looking to improve their game in a more economical way than through **True Spec**. This process will still take the members through different combinations of shafts, weight, length etc.

True Spec Mobile Fittings: True Spec Golf is the worldwide leader in custom club fitting. During the winter months their mobile fitting truck travels the east coast of the U.S., and Boca West is always on their calendar. Last year, members who signed up for this paid experience went through a tour level fitting with their Master Club Fitter. With more than 35,000 fitting combinations, the choices are endless to help find the perfect clubs.

Our members who are looking for the ultimate Tour Level fitting experience typically use this fitting process. These fittings are very extensive and can take up to two hours.

Mike, what an education. I know that I am walking away with more knowledge about the club fitting opportunities here at the Club and the importance of it. I certainly think our members will get a better understanding too. Thank you so much for your enlightenment and your time.

Welcome to an ACTIVE SEASON of Tennis and Pickleball

By Dr. David Shifrin, Tennis & Pickleball Committee Chair

You will notice some changes in both sports. First, the tents for Tavern on the Court have been constructed once again on Tennis courts 21, 22 and 23. Courts 4 and 5 will be replaced with six additional Pickleball courts in order to accommodate the growing demand for Pickleball at the Club. Please be assured that our tennis director, John Joyce, has plans in place to accommodate our tennis members in order to not miss a beat.

There will also be lighting on all Pickleball courts for nighttime play, and there are already three tennis courts with lighting in place, so if you haven't tried playing in the cool of the evening, why not give it a try? We're planning for the completion of this project by the New Year. Please contact the staff and ask them to "leave the lights on" if you're looking to play in the evening. Adding a picnic dinner or a pizza with your favorite beverage from one of our wonderful onsite dining venues would make for a delightful evening.

Meanwhile, check the schedule on the next page for upcoming events, and here's hoping our new season will be enjoyable and carefree.

As always, I'm available for questions and suggestions, and our topnotch tennis staff will be at your service. I can be reached via email at mikejosh18@aol.com, or contact the Tennis department directly at 488-6996.

As the continuing pandemic crisis affects many of us, unfortunately it hits home hardest to those in our area with the fewest defenses….our underserved children at risk. For the past 11 years, with your help, The Foundation has been able to aid tens of thousands of struggling children and their families. Our support of 33 children's charity programs has delivered over $13,000,000 to feed, clothe, educate and keep safe "our kids".

Recently you received the Annual Members Appeal letter. There will be 31 programs this year we will be funding, but we can do that only with your support. This year, more than ever, we need your help.

Our 9th Annual $100,000 Golf Challenge on November 1 will have a special NASCAR theme…The Boca West 500. We hope to return to our normal festivities of brunch, Callaway Superstore $150 gift card, Duck Drop, Cocktail Party and a bunch of auto related surprises.

We have been fortunate to secure tickets to the 56th Annual Super Bowl in Los Angeles. The tickets along with hotel accommodations will be offered as first prize in our raffle sale this year. Other prizes include a week's stay at Pineapple Beach Resort in Antigua and a weekend stay in Key West.

Raffles are available online:
https://www.bocawestfoundation.org/2021-2022-raffle/

You may also purchase tickets by contacting the Foundation office at 488-6980 or by email at: foundation@bocawestcc.org.

Please keep an eye out in November for much more information about our upcoming Bikes for Tikes event, the 12th Annual Boys and Girls Club/ Old Navy Shopping Spree and our first ever Walk the Walk Funfest.

All of these great works are done in the name of Boca West Country Club. These are not Club functions, but the Foundation does report activities that it carries out in the name of the Club to the Board of Governors. If you wish to respond or comment, please do so directly to the Foundation instead of the Board. Please direct your comments to foundation@bocawestcc.org.

NOMINATING COMMITTEE NOTICE

By Joel Macher, Nominating Committee Chairman

The mission of your Nominating Committee is to find the most qualified individuals wishing to contribute their time, experience and expertise to Board service. If this is of interest to you, please do not hesitate to consider running for a position on the Board of Governors. Please submit your resume and cover letter requesting to be considered to Bailee Sumner at Bsumner@bocawestcc.org before the deadline of November 12, 2021. As Chairman of our Nominating Committee, if you have any questions, please feel free to reach out to me at Joelmacher99@gmail.com.

Respectfully,

Joel Macher, Nominating Committee Chairman

In accordance with the Board of Governors task force established to formalize Standard Operating Procedures for the Election Process, these rules govern the conduct of the current and future Nominating committees, and were approved at the Board of Governors meeting in May 2020.

Pursuant to those rules, the Nominating Committee consists of Nine (9) members; three (3) Board Members who were appointed at the March 2021 Board of Governors meeting, Joel Macher, Chairman; Dr. David Shifrin, Vice Chair and Dr. Philip Edwards and six (6) at large Members of the Club, Camile Bauer; Stephen Blank; Lela Cannon; Nancy Frydman; Stephen Spaeth and Richard Zenker, all of whom were confirmed at the Board of Governors meeting.

The nine member Nominating Committee has the responsibility of conducting the interview and vetting process. Participation in the nominating process is required of each individual seeking to run for the Board. The Nominating Committee will not publish or disclose the names of those Members who chose to enter the process and will only publish or disclose the names of those who the Nominating Committee voted to nominate. After the interview and vetting process, all nominees selected by the Nominating Committee to be candidates for election to the BOG must receive 5 votes. This gives substantial influence to the six members at large in the nomination process.

The Committee looks forward to receiving detailed resumes accompanied by requests to be interviewed by those individuals wishing to run for the Board of Governors. The Club is looking for those individuals who wish to contribute their time, experience and expertise to Board service. Interested individuals should have some awareness of the Club's governance structure and how and why policy decisions are made and executed here at Boca West. Committee service and participation in the Leadership Program's activities are helpful in this regard. Experience and expertise are also important considerations because as Board Seats turns over, the Board needs to fill vitally needed skills, such as legal, accounting, finance, insurance, real estate, construction and design. Experience in Residential Country Club activities is also helpful. We welcome the applications of those members who are officers or directors of our various Villages and or the Master Association with the bylaw proviso that if elected, they are required to resign their Village or Master position before they can serve on the Club's Board.

Individuals desiring to serve on the Board must have been a Club member for at least three (3) consecutive full fiscal years immediately prior to the date of the election. 75 mile rule members are also not eligible to serve, nor can members who are suspended by the Board or who are financially indebted to the Club. The Nominating Committee may refuse to allow individuals to participate in the nomination process due to a finding that their membership history indicates that they have been bad citizens of the Club and therefore are unfit to serve on the Board of Governors and they would not under any circumstances receive the requisite five (5) votes."

BOCA WEST MASTER ASSOCIATION NEWS

By Bernard Schlifke, BWMA President

Below is the second of two articles (the first article having appeared in the August/September issue of the Boca West Country Club Magazine) intended to inform Club members about the Boca West Master Association, including what it is, what it does, how it operates and who the people are that carry out its responsibilities. We hope that you find these articles to be useful and informative.

Part II

Operational Structure: The Boca West Master Association is led by its Chief Operating Officer and Executive Director, Brad Baecht, who oversees all operations of the Master Association. As leader of the Master Association, Brad functions as the "Mayor" of our Boca West Community of nearly 6,000 residents. There are three major departments of the Master Association, namely General Administration, Landscape & Maintenance and Safety & Security.

General Administration: There are four primary staff positions within this department, each of which reports directly to our Executive Director. Alyssa Martinez is our Executive Assistant, Bridget Ellis is our Controller, Janet Gooding is our Manager of Human Resources and Zulma Molina is our AP/AR Administrator. They provide a wide variety of invaluable service to the Master Association and, directly or indirectly, to the Boca West Community at large. Without the collective efforts of this very dedicated group of individuals, the Master Association could not fulfill its responsibilities.

Landscape & Maintenance: The Director of Landscape Maintenance is Lawson Turner. Lawson reports directly to our Executive Director. He is supported by a team of about 30 people, including his Assistant Director, Gary Chanley, a head supervisor, an administrative assistant, our large group of groundskeepers, irrigation specialists, spray technicians, utility technicians and mechanics. On average, members of this department have been working here at BWMA for about 17 years, a bit of information of which we are very proud.

Responsibilities of the Landscape Department include annual planting of more than 65,000 flowers and plants, maintenance of about eight miles of walking/cart paths, maintenance of the main roads within Boca West, signage and the beautiful medians in Boca West, maintenance of roughly 215 acres of lakes, maintenance of more than 100 acres of turf and management of lake control pumps with a capability of pumping up to 60,000 gallons of water per minute. This department keeps our community looking beautiful throughout the entire year.

Safety & Security: The Security Department is dedicated to safeguarding the safety and security of nearly 3,500 homes and condominiums, in 56 separate residential villages, Country Club properties and other properties encompassed within the Boca West Community. This Department is led by Chief of Security, Joseph Lastella, who reports directly to our Executive Director. Chief Lastella is supported by Captain Eric Perez, three lieutenants, a training sergeant, a security administrator and up to 47 security officers. The Security Department interfaces with on-premises full time Palm Beach County Sheriff's Deputies and a team of AMR emergency personnel who remain on premises 24 hours per day every day of the year. At any given time, AMR averages a 3-minute response time to any emergency within Boca West.

Our security team monitors roadways throughout Boca West, which includes, when appropriate, issuance of citations for speeding and stop sign violations, maintains guest lists for all residents, handles issuance of transponders for gate access, assists the community with hurricane preparedness and maintains a list of golf cart registrations, to name just some of its responsibilities.

Security Department vehicles are all equipped with computers which permits immediate communication with the on-duty supervisor. These computers are also equipped with a GPS system that alerts supervisors to various community checkpoints within and near every Village. Because our Security Department maintains constant contact with Sheriff's Deputies, they are able to alert gate access personnel and, if appropriate, our residents regarding issues occurring or anticipated in surrounding neighborhoods that may be of concern to our community.

The BWMA main office maintains a dual monitoring system with ADT. This system is monitored by a security dispatcher 24 hours per day which facilitates immediate notification to a security supervisor, the on-premises Palm Beach County Sheriff's Deputies and AMR emergency personnel of the nature of the notice to ADT. Boca West is one of a very select number of communities within Florida that have this capability. Through August of this year, our Security Department, along with the Palm Beach County Sheriff's Deputies, responded to over 2,400 alarms and have answered over 1,625 calls from our residents. In addition, AMR has responded to more than 1,100 medical calls.

Finally, and by no means of least importance, the three community entrance gates are manned 24 hours per day every day of the year, even during hurricane conditions. On average, more than 25,000 visitors per month pass through each of our gates, which equates to nearly 1 million visitors annually. Gate houses are equipped with cameras and software that allows the monitoring of both exit and entry of all vehicles along with tag readers that provide time stamps showing how long visitors are on Boca West Property.

OMBUDSMAN

Contact mikejosh18@aol.com and include "Ombudsman" in subject line.

David Shifrin

The Club's definition of Ombudsman is to be the "liaison between the members and the governing body." The role of Ombudsman is to act as an advocate on behalf of our membership; to assist with their problems, complaints and issues.

As our Club's Ombudsman, it is not my role to make club policy or change rules, but possibly bring issues forward and assist members to improve resolutions with matters that members feel need additional attention or possible change.

Possibly you may have taken matters directly to department heads and/or committee chairpersons, yet you found they did not completely address your issues and/or concerns to your satisfaction. If so, please send an email to me, your Ombudsman, David Shifrin. I'll do my best to find the best solution possible. Send your email to mikejosh18@aol.com, along with Ombudsman in the subject line, and clearly state your situation. If unable to email, please drop off a note to my attention at the Country Club reception desk. I will respond that I've received it, and begin a process communicating with the appropriate board members, committee chairpersons and/or management.

If you have been affected in a negative way, the Board of Governors wants to know. Our goal is to continue a Boca West tradition as being the best; and your Board, committee chairmen, department heads, staff and management want your experiences to be worthy of our 5 Star recognition worldwide.

CLUB-BWMA JOINT VENTURE (JV): You may wonder why this topic is again included in the Chairman's Article. It is because this collaborative entity is of major importance to the Boca West community and warrants recognition. It is important that our membership and residents understand the tangible benefits to the community, both for the support of the JV, and to be able to take advantage of the resources available through the JV. Boca West is one community which is served by two organizations, the Club and the BWMA, each of which has defined areas of responsibility. It is imperative that the two organizations work together for the benefit of our community, and that process is not only facilitated by the JV, but also creates an entity that can accomplish things that neither constituent organizations can accomplish alone. A prime example is Boca West Realty, a subsidiary of the JV, which was formed as the marketing arm of the community. Through the marketing efforts of Boca West Realty, our community has been able to fully participate in our region's strong real estate market, which has resulted in **A NEARLY 50% INCREASE IN PROPERTY VALUES OF BOCA WEST RESIDENTIAL UNITS.** Member and/or resident, seller or holder, tremendous value increases have been realized. Another related tangible benefit has been the renovator program with which the JV has been involved. The approximately 130 residential units that have been renovated and sold through renovation programs have resulted in an aggregate increase in the value of those units of about $23 million. And that number does not include the resultant increases in value of comparable units owned and sold by Boca West residents. What a benefit to our community! Another note-we used to have units listed on the market at fire sale prices. As of the time this article was written, there were only two units on the market listed at under $100 thousand, and none under $50 thousand. Three cheers for the JV. And another step forward for Boca West Realty, four successful and professional sales executives have been added to the organization to provide more resources to our members and residents. Three of them are seasoned Boca West real estate pros, Judy Romanow, Ina Tuchman and Lisa Carlin. In addition to these ladies, we welcome Russel Yellen, who also has an impressive real estate background. Welcome!

But real estate values aren't the only benefit of the JV. For example, the JV has embarked upon a Village Outreach Program, to provide resources in a variety of areas to our Villages. Roundtable meetings are beginning in October with groups of leaders of Villages. The agendas for those meetings will, in important part, be determined by the needs and desires of the Villages involved. Among the topics which will be available for inclusion will be "best practices" including initiatives begun by some Villages which have proven beneficial, information on available financial resources, and education about the legal responsibilities of Village leaders. The vital importance of this last item has gotten much press recently following the recent collapse of the building in Surfside, FL, and the investigations of whether the condo association board there carried out their fiduciary responsibilities. **I URGE VILLAGE LEADERSHIP TO ATTEND, THERE'S NOTHING TO LOSE AND MUCH TO BE GAINED.**

THIS AND THAT: From time to time, members have been put on waiting lists for Club events when the requests exceed capacity. We don't like to do that and our experience with COVID has actually given us some good learning... If a one day event is oversubscribed, we will try to do it over two days, three days, a week, etc. when space is permitted, to accommodate all who want to attend. Sometimes, that's not possible, as when, for example, we have name entertainment who are only available for one or two shows. If that should happen, we will continue to do our best to insure that anyone who didn't get in will not be left out of the next event.

If there are topics you think our membership would be interested in hearing about in future articles, please email me at bwinikoff@bocawestcc.org.

ALTHOUGH MANY OF US HAVE BEEN VACCINATED, AND SOME HAVE ALSO BEEN "BOOSTED", PLEASE, FOR THE BENEFIT OF YOURSELF AND FELLOW BOCA WEST RESIDENTS AND STAFF, CONTINUE TO STAY SAFE BY COMPLYING WITH CDC GUIDELINES AND CLUB PROTOCOLS.

Be well and stay safe.
