PRESIDENT'S LETTER

Dear Member,

It's Sweet Summertime! We're planning to recreate some of your summer favorites and have added a handful of new events for you to enjoy. I hope you're able to participate in all, if not many of them. This issue includes a lot of what you need to know regarding the upcoming fun we have planned for you!

I'm pleased to announce the recent hiring of Peter Raimondi to our management team as the new Director of Food and Beverage. Peter brings over 20 years of Food and Beverage leadership experience with high end luxury properties including Highgate and Trump Hotels, as well as high volume fine dining establishments in NYC. We are so excited to have him on board and know that his experience will shine in his new role. A huge part of what makes Boca West so special is our dedicated staff. Please join me in welcoming Peter to Boca West.

For those of you who love all things games, we've added two great events to take place once a month through September. **Virtual Trivingo** hosted by Game Show Alive is held virtually at 7pm. Trivingo is Trivia and Bingo combined. After hearing a general trivia question from the host, look for the correct answers on your Bingo Card. We're also adding a **Complimentary Card and Game Get Together** which is a great way to meet other members and enjoy games. See pages 22 & 23 for dates or call the Activities department, 488-6936 for more details.

Plan to join us for the **154th running of The Belmont Stakes** on Saturday, June 11 at 5:30pm in Grand Central. We'll be playing the race on the big screens and serving delicious specialty cocktails created just for this occasion!

Last month, it was all about our "Moms", and this month, **we celebrate our "Dads" with a Sunday Brunch on June 19 in Panache**. Brunch will include all of Dad's favorites, a lunch and dinner special, and a complimentary bloody mary just for him!

Summertime is also the time to **LIVE FIT** with our quarterly newsletter that includes all things health and wellness. I hope you've had a chance to read our spring issue. If not, it's available on the Club's website under "Fitness & Spa", "A Healthy Living Lifestyle". The summer issue of **LIVE FIT** will be available in July.

With all of our magnificent facilities, we are constantly updating our annual Risk Assessment. This Risk Assessment is an analysis of what needs to be addressed moving forward, from capital projects as well as operational concerns like cyber security – this is where we determined to update the Country Club, Mr. D's, the Sports Center and adding an Art and Culinary Studio (based on the success of our programs).

Although the **Golf Courses** have been regrassed over the years, they are coming to the end of their lifespan and need to be addressed - Palmer I was rebuilt in 1997; Fazio II was rebuilt in 2005; Palmer III was rebuilt in 1999 and Dye IV was rebuilt in 2006. In order to keep up with the evolving game of golf and to meet the demands of our members, today and long into the future, last year our Golf Renovation Committee had begun the process of seeking a top golf course architecture firm to assist with a new master plan for all four golf courses. After interviewing several talented individuals and firms, the Committee selected **Fry/Straka Global Golf Course Design** to lead the Club through the renovation process and to develop a well thought out master plan that would enable us to fully redevelop all four courses over the next six years. Some of Fry/Straka's top 100 course designs from around the globe include: Erin Hills, Wisconsin: Site of 2017 US Open and 2025 US Women's Open; Calusa Pines, Florida; Shelter Harbor Golf Club, Rhode Island; Devils Pulpit and Paintbrush, Ontario; Hamilton Farm Golf Club, New Jersey and they are currently engaged with Union League National Golf Club, New Jersey, which has garnered worldwide notoriety.

Understanding that within the next year we will be returning to the Members to approve a **Golf Course renovation capital plan** to begin our first course hopefully in Summer 2024, we are in the process of evaluating what can be done to correct conditions of some bunkers and turf areas - knowing that complete reconstruction is on the horizon. We are also working on addressing the condition of our golf course comfort stations cosmetically – also knowing that some may change, possibly even locations, with the future renovation master plans.

In addition to our Golf Course efforts, we have been working over the last 12 months with land planners and our Tennis industry partners on developing **capital budgets to rebuild our entire Tennis and Pickleball** complex that is close to 40 years old. Our plan is to come back to the Members early next year along with the Golf Course renovations for approvals. In the interim we are addressing the resurfacing of the HarTru on several of the courts this Summer and Fall prior to this upcoming season, along with converting the red surfaced courts back to green, adding lighting to the Pickleball Courts and converting two Tennis Courts into six additional Pickleball Courts. We are all extremely excited to bring these capital projects forward so these areas can be updated.

As we have been faced with the last two years, **product pricing** remains high with continued product shortages. Many of our staple items throughout the Club remain a challenge and some on backorder for months, and each week, more items are added to the backorder list. In addition to this, purveyors continue charging fuel surcharges due to the increase in gasoline prices. Please know that we are doing our very best to bring you the highest quality products as always, while also leveraging our significant buying power.

The other challenge we continue to work through is the labor shortage that the hospitality industry has faced these last two plus years, especially these last nine months coming out of the pandemic. I have personally been visiting Universities along with my Human Resources team to build our local presence. This Summer you will see interns from Ohio State, South Carolina, Nebraska and Universities throughout Florida.

The budgeting process for 2022/2023 has been in full swing for several weeks. This has been yet another challenging year, but I assure you that your Budget Committee and Department Heads have been working hard to present the Board with the best budget possible, all without sacrificing the exceptional quality of service you've come to know here at Boca West.

The construction at the Sports Center continues to be on track. We are hopeful to have received our final building permits as of writing this

ON THE COURSES

By Chuck Rosenblatt,
Golf Committee Chair

I recently had the opportunity to sit down for a conversation with Nanna Koerstz Madsen, our LPGA Touring Pro and her fiancé Nicki Hansen.

Nanna has had an amazing start to the LPGA Tour season resulting in her first LPGA tour win. Enjoy part one of my interview with these two wonderful representatives of Boca West.

CR: Let's get started. How did it feel to win your first LPGA?

Nanna: It was great! It was something that we both have been working very hard on for many years. It was a relief when it finally came, but it also felt very good.

CR: So how did you and Nicki celebrate that night?

Nanna: We had to fly back to the states that Sunday evening so we could only go to dinner with one of our friends before heading to the airport to catch our flight.

CR: Oh OK, so you took the red eye back?

Nanna: Yes.

Nicki: Due to the weather delay during the final round, we had little time before heading to the airport, so we celebrated on the plane.

CR: So did they wash you down with beer or champagne on the 18th green when you won?

Nanna: Both, I was smelling very bad.

CR: That's to be expected.

Nanna: Yes, but it was an amazing experience.

CR: So your last three tournaments you've had a first at the Honda, a second at the JTBC classic and an 8th at the Chevron. You are presently 2nd on the race for the CME Globe, 4th on the money list, 2nd on driving at 281.86 yards, 2nd on scoring at 68.86, fifth in sand saves. Not bad. You must really be proud of yourself right now with all those accomplishments.

Nanna: Yes I am. I mean, there's a reason why those numbers are like that. We have been working very hard on it. The move from Denmark to Boca West has definitely made it easier getting ready for this season. Before, we struggled to be ready when the tour started. Boca West gives us a chance to practice during the tours off season without having to worry about weather. Boca West has been a true blessing for us.

continued on page 12 >>>

CR: Working hard on what aspects of your game?

Nanna: All aspects actually. Mentally, full swing, putting, and getting more focused on my short game too. My short game has been working very well this year. Every time I make a mistake, I feel like I have a great chance to get up and down. I am not afraid to miss a green in regulation.

CR: You're really easy to interview as you lead me right into my next question. What part of the game do you feel needs the most work?

Nanna: There is one thing that needs more work and that's my wedges. If I can get those sharpened a bit more then that would be very great.

CR: Does Nicki work with you on your swing?

Nanna:: He does, he helps me every week. I do have a coach back in Denmark.

Nicki: Yes, we work together. He is the boss and points us in a direction while I do more of the daily stuff.

CR: So a minute ago you mentioned that you're not afraid anymore if you miss a green, that you feel you can get it up and down. Does that mean you don't carry a lemon anymore?

Nanna: No, I don't carry a lemon anymore. We actually brought them in the final round of the JTBC Classic. I thought about it before the last putt, but then I didn't have time. Mentally, I've gotten a lot stronger so I don't need them anymore. I'm more comfortable on the course now and I'm not too afraid of hitting a shot now. I want to hit a good shot more than I don't want to hit a bad.

CR: For the last couple of years I've watched you practice on the North End of the driving range and I see you on the putting greens a lot. You look like you're really working hard on your putting with different training tools.

Nanna: Yes, I use a lot of training tools to help with all aspects of my game.

CR: Tell us a little bit about those.

Nanna: Before, I thought putting was all mental and I didn't really work on my stroke. I was just there for 20 minutes and then I went to play. Once I got a new putting coach, he made me realize that I didn't really have to work on the technical part, but got me to work more on speed control and green reading.

Nicki: He put structure into practice, which is usually an hour session almost every day.

Nanna: Yes, he really changed my mindset about putting. I can now focus on the technical stuff and which has really improved my putting.

CR: From these practice sessions, tell me what you've taken to the tournaments and what your routine is when you're putting on the greens during these tournaments.

Nanna: Everything I do in practice I put away when I'm on the course. I try not to think too much when I'm on the course and I believe that the practice I do when I'm here helps me be ready.

Nicki: When we get to a new tournament, we use most of our putting practice on adjusting speed to those greens that week. Speed is by far the most important thing in putting and I think with the right speed you will always putt well.

" Remember, if you keep it in the short grass, your game and handicap should improve. "

I hope you enjoyed part one of my interview. As you have read, even the best players in the world need to practice and work on their games with coaches. We are lucky to have an amazing instructional staff at Boca West, if you need help with your game!

AT THE NET

By Dr. David Shifrin, Tennis & Pickleball Committee Chair

IT'S REALLY *happening!*

As of this writing, the new pickleball courts, all with lighting for evening and nighttime play, are slated to be constructed very soon, and will be fully functional by the end of the summer and of course for next season. This will give us 14 courts, and should eliminate waiting to play with the possible exception of vacation periods.

In addition, the budget has been approved for new Har-Tru on several tennis courts that are currently slow drying, plus our four red courts will be converted back to standard green. We are finalizing pricing with contractors for complete replacement of all courts, and we will be sharing this information with the members for approval in the near future.

Meanwhile, kudos to our professional staff for hosting the highly successful ITF event in April. Players from several countries traveled to Boca West for this competition, and we had the opportunity to watch many of the world's top male and female players in the age groups of 50s, 70s, and 75s. It was a major coup for our Club to have been recognized to provide this venue, and the international players were uniformly impressed with our facilities.

Looking forward to plenty of ongoing play over the summer in both racquet sports as more and more members are choosing to live full time at our fabulous Boca West.

SKIN BRIGHTENING
Made Easy with Pevonia's LumaFirm and LumaLift

What causes hyperpigmentation?

It is common to have not one but multiple skin concerns. And for many, skin discoloration ranks high on the list. This skin dysfunction is not only unsightly but inevitably contributes to premature aging and requires targeted care. Commonly referred to as hyperpigmentation, these discolorations are often darkly pigmented spots that appear over previously clear areas of the skin. Caused by multiple factors, effective treatment and long term control with a result-driven solution is an in-demand request.

What about tanning & its contra effects?

In the 1920's, cultural influences shifted as French designer "Coco Chanel" popularized tanning as a symbol of health, wellbeing, and an upscale social status. Historically thereafter, the "golden tan" increased in popularity despite its detrimental effects on skin health and the potential for melanoma. Unfortunately, unprotected sunbathers often suffer from skin burns, pigmentation disorders, and even skin cancer. While many consumers believe they can achieve a tan without the side effects of sun exposure by using tanning beds, some elect the safer option of a topical self-tanner. Although there is a greater sense of awareness, for many, constant tanning is still a quick way of hiding skin imperfections.

What is the current trend?

Today, the quest for an effective solution is stronger than ever as consumers around the world long for flawless skin. This quest is constantly fueled by the health, beauty, and fashion media, consumer trends, and celebrities. More than ever, there is great demand for anti-aging products with the ability to counteract both photo-aging and chrono-aging while also treating hyperpigmentation.

How should you deal with hyperpigmentation?

For years, Hydroquinone occupied the highest respectable seat among skin brighteners for medical and non-medical use. However, extensive research on skin problems due to Hydroquinone side effects led to its global demise and opened up new doors for safer, more revolutionary ingredients like naturally derived Arbutin, Lactic Acid, and Mulberry extract when used in combination with other pigment-reducing ingredients. However, the emergence of new cutting-edge ingredients and technologies provides even more choices.

What's the latest buzz in brightening?

The latest in-demand brightening ingredients which far surpass their predecessors and are clinically proven to deliver highly effective brightening benefits are: Diacetyl Boldine and Oligopeptide-68. Diacetyl Boldine is an extract from the bark of the Chilean Boldo tree. This powerful ingredient works at a deep level to reduce and control pigmentation and is clinically proven remarkably effective at improving the skin after only 10 minutes of application, increasing complexion evenness and luminosity by 10%. Cumulative results with Diacetyl Boldine were also impressive within a consumer trial which

documented that participants reported a 33% lightening effect on their skin tone during a 56 day trial. As a highlight, Diacetyl Boldine is encapsulated into micro-liposomes to make it even more effective at reaching its target deeper into the skin which makes it more consistent in its results.

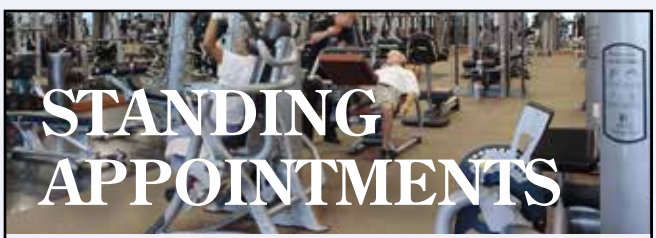

Oligopeptide-68 recently debuted as one of the most effective skin brightening ingredients. Due to its time-release peptide delivery system, identical to the skin's own structure and composition, it is capable of rapidly equalizing skin tone and reducing unwanted hyperpigmentation. Combined with Diacetyl Boldine, Oligopeptide-68 can elicit powerful, immediate and visible results.

When should I begin receiving skin brightening treatments?

The sooner pigmentation problems are addressed the better. Patience is the key when it comes to lightening the skin, especially when darkened discolorations have lurked under the skin for a long period of time. Remember effective treatments should combine the latest in skin brightening with groundbreaking ingredients which use advanced delivery systems. They should be proven to instantly reduce hyperpigmentation, environmental skin damage, and aging signs while visibly lifting, firming, and refining skin texture.

Does The Spa at Boca West menu include brightening treatments?

At The Spa at Boca West, we offer the latest in lightening and brightening treatments with Pevonia's LumaLift Facial and at home skin care products for both face and body. We look forward to working with you to help you learn how you can treat and prevent any hyper-pigmentation concerns you currently have and reduce their potential to worsen.

Norton Museum of Art

Bus Trip with Lunch and Shopping at CityPlace

Friday, July 22 • $39 per person

Join us as we explore the Collecting Contemporary exhibit at the Norton with a docent guided tour. This summer, two exceptional private collections are combined in one tour. A Remarkable Gathering: The Fisher Landau Family Collection introduces great works by Picasso and O'Keeffe, before showcasing post-war artists such as Willem de Kooning, Louise Bourgeois, Glenn Ligon, and Andy Warhol. The second exhibition, The Howard and Judie Ganek Collection, celebrates an international roster of artists from the 1980s to the present, such as Gilbert and George, Barbara Kruger, and Matthew Barney. Discover new artists, discuss their diverse approaches to art, and understand what it means to be a collector of late 20th century art in this docent-led tour. Following the tour, we will then head to CityPlace where you will have time for lunch and shopping on your own.

Bus departs the overflow parking across from the Sports Center at 9:30am and will return approximately 4pm

Thursday, June 23
7-10pm, The Living Room/ Country Club

Larry Brendler and Steve Kaplan, "Steve & Larry" sing and play every kind of music imaginable, from Sinatra to Santana, from Soul to Salsa, and Broadway to high energy Pop. Throughout their show, they encourage sing-a-long, take requests and occasionally one of them will go out into the audience to perform. Their energy is infectious while Steve is hilariously funny and Larry becomes Billy Joel.

Silent Disco
Thursday, July 21
7-10pm, The Living Room/Country Club

Many of you may be thinking to yourself, what is a silent disco??

A silent disco is a unique party experience where all guests are wearing specially designed wireless glowing headphones and listening to the music. You have the choice between three different channels, so that people with different music tastes can choose which music channel they want to listen and dance to! This means that if people want to talk to each other, they no longer have to shout over the music, they can simply take off their headphones to talk!

Come join us for this fun night!

ACTIVITIES RESERVATION & CANCELLATION POLICY To be included in the lottery (if warranted), reservations and cancellations for all activities must be submitted in writing by the REQUEST BY date. BOCA WEST CHILDREN'S FOUNDATION

School is almost out….Summer is almost here….Life in Palm Beach County is mostly back to normal….So what does that mean for "our" kids and your Foundation? IT'S TIME FOR CAMP!

While we clearly recognize and prioritize the importance of funding life's basics - shelter, food, health care, etc., one of the pillars of our philanthropy is to provide summer camp opportunities for "our" kids so that they stay safe and enjoy and benefit from the same experiences as we, our children and grandchildren.

This summer, your Foundation will once again grant more than $100,000 to send kids to a wide variety of camps. We will sponsor:

• 80 children from SOS Children's Village and the Boys & Girls Club to go to overnight camp for two weeks. These campers will also receive sleeping bags and duffle bags.

• A one week basketball day camp at the Boys and Girls Club run by Ballstars, an organization started by retired NBA 4 time All Stars Otis Birdsong and Micheal Ray Richardson. Up to 100 children will have the opportunity to improve their basketball skills…but more important are the life skills taught by these former pros and the Ballstars staff.

• FAU Band Camp, at which 200 children will learn to play a musical instrument under the supervision of professional music teachers. The highlight of camp is a concert on the last day that is open to all.

• Nat King Cole Generation Hope's Summer Strings orchestra day camp. Up to 100 children will receive professional instruction for two weeks and then perform at a concert that is open to the public.

• Our own Boca West Tennis and Pickleball Camps, back after a two year hiatus! 36 children from several of our charity partners each week will receive instruction from our tennis staff, led by John, Rob, Matt and Art. Each camper receives tennis shoes, tee shirts and lunch. The kids have fun and learn the basics of tennis and pickleball. We can always use more volunteers! Stop by the Tennis Shop to learn more.

Your board believes that these funds, which represent 5% of the total grants we will distribute this fiscal year, will provide life changing opportunities for "our" kids.

MEET THE BOARD

Each month we will profile a member of our board so that you can get to know us better. This month we are highlighting Dr. Donald Janower, a long-time board member. Dr. J, as we call him, is a retired family practitioner from Detroit. He and his wife, Barbara, have lived in Boca West since 1988.

How and why did you become involved with the Boca West Children's Foundation?

I heard about the Foundation when it was first started but didn't know much about it. When I learned that it was solely devoted to underserved children in Palm Beach County, having delivered hundreds of babies in my career, many of those families were quite poor, I was pretty well hooked. After meeting Arthur Adler I was totally convinced that I wanted to be part of it. Looking back, being on the board has been the most rewarding part of my life at Boca West.

How has the Foundation impacted your view of philanthropy?

The biggest thrill I get from my involvement with the Foundation has been to see the impact of our philanthropy on the children. There's no substitute for visiting our charity partners and seeing the way that we can impact the lives of so many children. One of my favorite things to do is to call one of the charities, like SOS Children's Village, and tell them I'm sending pizza for all of the kids. I also get a kick out of working on our annual diaper drive, which has become huge. The BWCF has helped my philanthropy become much more disciplined, and while I always knew that large contributions are important, I learned that even small acts of philanthropy can go a long way toward making the world a better place.

GRIEVANCE COMMITTEE REPORT

By Dr. Rick Chavis, Grievance Committee Vice-Chair

The Grievance Committee receives a Grievance and after thorough investigation reports to the Board of Governors on their findings and recommendations. The Board of Governors issues the final decision on every Grievance. There is then a 45-day waiting period during which the member may file an appeal to the Board of Governors. There are presently two Grievances that have passed the 45-day period or have been appealed.

Grievance # 1

This Grievance was filed by four Members alleging rude and unacceptable behavior towards staff in a card room by the accused Member. At the time mask wearing was mandatory and the accused Member refused to properly wear a mask. The Grievance Committee investigated and found the allegations to be valid. On previous occasions, Staff confirmed other instances of rude and unacceptable behavior to Staff.

The Grievance Committee report to the Board of Governors suggested a one year suspension from all venues and activities at Boca West Country Club. The Board of Governors concurred.

The Member requested an appeal. The Appeal hearing was on March 31, 2022. The Board affirmed the one year suspension but gave the Member an opportunity to further appeal, in writing, to terminate their suspension after a six-month period.

In addition, acceptable letters of apology to the Board of Governors, Matthew Linderman, President, COO and General Manager, and the card room Staff were requested and have been received. This incident has also been made a part of the Member's Membership file.

Grievance #2

This Grievance was filed by a Member alleging that another Member violated several sections of Boca West Bylaws by walking their unleashed dog on our golf course over a several week period. The filing member provided photographic documentation of the offending activity. The Member was asked not to walk their dog on the golf course by three senior Staff members on three different occasions. There is photographic documentation of the unleashed dog on the golf course after each request to not do so.

The Grievance Committee investigation validated the Grievance. The Committee suggested to the Board of Governors:

1. A two month suspension from all dining venues at Boca West Country Club.
2. Acceptable letters of apology to the Board of Governors, and to Matthew Linderman, President, COO and General Manager.
3. Incident to be made a part of the Member's Membership file.

The Board of Governors voted to accept the Grievance Committee recommendations but further restricted the Member's suspension to all venues and activities at Boca West Country Club.

Letters of apology have been received.

The Member requested an Appeal to the Board of Governors. This Appeal was heard on March 31, 2022. The Board of Governors voted to uphold its previous decision to suspend the Member from all venues and activities at Boca West Country Club for a two month period.

FINANCE REPORT

By Bob Lerner, Finance Committee Chair

March 2022 Unaudited Financial Updates and Commentary Period 10/1/2021-03/31/2022

Let me begin by once again thanking Kathy Campbell (CFO) and Kris Nielson (Controller) for their diligent work and professionalism in keeping both our financial records accurate, and for continuing to lend their financial guidance as we contemplate our needs over the next several years. Previously, I reported to our membership that our financial position was strong and that remains to be the case today. I will touch on some of the unaudited financial highlights in addition to some personal commentary on the challenges we are facing here at Boca West given the reality of the inflationary environment we find ourselves in.

1. **Cash Balances.** As of 03/31/2022 $18,278,000 vs $11,125,000 03/31/2021. For this period, we also spent an additional $2,361,000 vs the same period last year on our ongoing capital project. (No outstanding borrowing in either year.) This positive differential is primarily the result of additional monies received from Net Joining Fees from New Members and increased Due's payments.
2. **Joining fees from New Members.** For the period 10/01/2021-03/31/2022 we continue to enjoy strong real estate sales. The NET joining fees from new members was $5,167,000 (94 members) and compares favorably to the record levels last year when we had Net joining fees of $2,611,000 (56 Members).
3. **Unpaid Members.** I am pleased to report that the number of members who have not paid their 21/22 dues has significantly declined. For the period 10/01/2121-03/31//2022 37 members have not paid their dues verses 68 last year covering the same period.
4. **Updated Membership and Player Numbers.** As of 03/31/2022 we have 3,227 Social Members vs 3,184 as of 03/31/2021, we have 1,881 Golf Players vs 1,605 as of 03/31/2021, we have 211 Tennis/Pickleball Players (non-golf members) vs 184 as of 03/31/2021
5. We remain well ahead of the cash assumption given to our Bankers when we entered into our swap agreement in 2021.

Personal Commentary

For the last two years, our professional staff and your Board have been faced with the evolving challenges we all faced as a result of the worldwide pandemic. Even though many of those challenges seem to be diminishing, we are now faced with an inflationary environment which does not appear to be transitory. Coupled with geopolitical events, this continues to cause disruption in many aspects of our daily lives. Our goal is always to offer the finest amenities to our members, staff, and guests in the safest possible way. As we plan for next year, here are a few of the known challenges to be dealt with; wage and salary increase, food and beverage cost increases, price increases across transportation and housing in relation to our international hiring and increases in insurance premiums and utility costs. Inflation will affect every aspect of our financial projections on the revenue and cost side of the ledger requiring constant monitoring.

From my vantage point as Finance Chair, it is evident to me that Matthew Linderman, his financial team, the entire professional staff, and your Board are equipped to face these challenges while remaining committed and fully engaged in providing our membership a best-in-class country club experience.
My personal thanks to Matthew and his team on our behalf.

OMBUDSMAN

Contact mikejosh18@aol.com and include "Ombudsman" in subject line.

Dr. David Shifrin

The Club's definition of Ombudsman is to be the "liaison between the members and the governing body." The role of Ombudsman is to act as an advocate on behalf of our membership; to assist with their problems, complaints and issues.

As our Club's Ombudsman, it is not my role to make club policy or change rules, but possibly bring issues forward and assist members to improve resolutions with matters that members feel need additional attention or possible change.

Possibly you may have taken matters directly to department heads and/or committee chairpersons, yet you found they did not completely address your issues and/or concerns to your satisfaction. If so, please send an email to me, your Ombudsman, Dr. David Shifrin. I'll do my best to find the best solution possible. Send your email to mikejosh18@aol.com, along with Ombudsman in the subject line, and clearly state your situation. If unable to email, please drop off a note to my attention at the Country Club reception desk. I will respond that I've received it, and begin a process communicating with the appropriate board members, committee chairpersons and/or management.

If you have been affected in a negative way, the Board of Governors wants to know. Our goal is to continue a Boca West tradition as being the best; and your Board, committee chairmen, department heads, staff and management want your experiences to be worthy of our 5 Star recognition worldwide.

CHAIRMAN'S LETTER

AS SOME OF YOU HEAD NORTH FOR THE SUMMER, REST ASSURED THAT BOCA WEST WILL BE HERE WHEN YOU RETURN IN THE FALL, BETTER THAN EVER.

For those of us who are full time residents here at Boca West, summer will offer an abundance of activities. Make sure to read about the events we are planning in this issue.

As we emerge from this pandemic, Member utilization of the Club's facilities is crucial to our business model. As much as we want to consistently offer multiple venues, when we see dips in participation, it is especially important that management adjusts the hours of operation and open venues to ensure maximum usage of all facilities. Please be aware that when Members do not show up for their dining reservations or registered event, they historically receive a no-show charge. The timely cancellation of reservations is very important, not only so the operations team can accommodate other Members, but also so they ensure they are prepared for an accurate number of guests. As insignificant as it may seem, with today's increased costs of labor and food, this is more important than ever before.

As you well know, Boca West is a wonderful place to live. We have seen our membership grow in the past two years with both full-time and part-time members. Some are new to country club living, while others have been members of clubs for years. I wanted to take a moment to remind you that although Boca West has the finest amenities and activities anywhere, it is our talented and dedicated Management and Staff that is our greatest asset. Some are far from home while others are more local. Each of these individuals is devoted to serving us all in the best way possible. When you interact with them, recognize their commitment and dedication as they follow the "Boca West Way." Treat them with the respect that they deserve. Thank them for their service to our Club when appropriate. They are the force that supports our effectiveness.

As we approach the Budget season, it is clear to us all that costs are soaring. Staffing, housing, supply chain issues, the increased cost of everything due to inflationary factors, mandatory minimum wage, and increased insurance costs will have an effect on our budget. The Budget process will undoubtedly be challenging. I will do my best to keep you informed as we proceed through this process.

Some of you have asked why we don't use our joining fees to offset the increases in annual dues. Those joining fees are used exclusively to fund our capital improvements, like the Sports and Aquatics Center. We have, in the last 10 years, improved our infrastructure by 200 million dollars without any assessments. While most clubs routinely impose them, Boca West does not. Although cost overruns due to issues like inflation and supply chain delays have increased the cost of the Sport and Aquatics Center renovation, joining fees generated by our new members have actually put the Club in a better fiscal position than we had anticipated. Our annual budget, funded exclusively by our yearly dues, pays our annual operational expenses **excluding** these capital projects. This division of funding continues to make Boca West financially sound and ensures that we can continue to be so in the future.

Finally, I wish everyone a happy, safe, and healthy summer. I am, as I always will be, available for suggestions and feedback. You may reach me at pedwards@bocawestcc.org
