BAOBAB - SIGNATURE INGREDIENT: Baobab trees typically live for 500 years in sub-Saharan Africa, East Africa and Madagascar. Some have lived ten times that long and have reached heights of 65 feet (20m) with trunks 39 feet (12m) in diameter. Locals refer to the Baobab as the "Tree of Life" because everything from the seed oil and bark to the leaves and fruit pulp are used. Because of their size, Baobabs serve as gathering places as well as provide shade and shelter to travelers. Their hollow trunks are ideal for storing equipment, grain and water during long dry spells. In fact, many settlements were established at the base of the life-sustaining BAOBAB.

PRESIDENT'S LETTER

Dear Member,

I am extremely happy to announce that **Boca West Country Club has maintained its Platinum Club of America status and we are ranked #4 in the Top 150 Country Clubs in the United States and we remain the highest ranked Residential Country Club in Florida.** A wonderful accomplishment we should all be extremely proud of! The staff and I are beaming with pride.

Mr D's 19th Hole & Drive Suites reopened last week. It's so nice to see you all back in this space. Reservations are no longer required to utilize the drive suites. Sunday Brunch is also back in Panache which I know many of you have been waiting for! In the coming weeks we will have both Panache and Grand Central open Sundays, along with Mr. D's.

November is here and that means our **Season Opener** events and activities are about to kick off! For those of you who have just returned, welcome home to your Boca West oasis; we are so happy to have you back. Each department has spent the summer diligently planning events for you. **Aquatica**, our November theme night, will be held over the course of two evenings (November 17 and 18) so we may accommodate all. A personal highlight of mine is our **Veteran's Day Breakfast** that takes place in the Cypress Room on Friday, November 11. It always touches my heart to see all of our very own Boca West Veteran's there enjoying themselves. Thank you for your dedication to serving our Country. Our new Tennis touring pro, Zane Khan, will be playing in our **evening patriotic tennis exhibition** on November 11. Please come out in your red, white and blue attire. Turn to page 11 for details.

Our 15th Annual **Carnival** is back this year on December 29 from 4-9pm, this event is always a favorite with our Members and their families. It's always GREAT to see all ages enjoying themselves with all the rides, games, fun foods and topped off with a spectacular fireworks display bringing out the kid in all of us. We look forward to seeing you as we continue the tradition! In addition to the Carnival, **a new weeklong Family Holiday Street Fair** will be held in the evenings from Monday December 26 through Saturday December 31 featuring live music, arts and crafts, games and of course great food and will be located behind the Golf and Activities Center, by the range. More details will be sent out soon.

Thank you for your continued patience during the construction this summer. As I have shared in many emails and letters, we have had many obstacles to overcome, but we are so close to the finish line. I excited to announce that our Board has renamed the Sports Center, **The Lifestyle and Racquet Center.** I would also like to take this opportunity to announce the other new names of the venues and give you an overview of what to expect:

- A completely reconstructed valet entrance with a three-lane Porte Cochere leading into an extravagant two-story lobby for lounging while waiting for your guests or for your next fitness class to begin.
- **Market Square,** a grab-and-go cafe with both indoor and outdoor seating, will feature a menu with creative light fare along with healthy options, specialty gourmet market items with daily essentials for purchase, as well as heat and serve prepared meals to take home and of course our **OMG** house made gelato and baked goods for those wanting to splurge!
- The all new luxurious **Aquatics Center** will feature a new arrival building complete with the **Cabana Shop**, a new retail outlet, a first aid center and restroom facilities. The Aquatics Center will also have a new **Pool House** with showers and restrooms as well as day use lockers for visiting families or yourselves.
- Our all new **Cabana Bar and Grill** will have a wraparound terrace overlooking the pools and golf course. This will be a great place to enjoy lunch alfresco, a drink poolside and soon to be introduced, BBQ dinners under the stars.
- **Blue Point,** a vibrant coastal influenced restaurant with outdoor dining overlooking our all Aquatics Center. This restaurant will have expanded dining availability with its own modern bar inside the restaurant, an open concept kitchen including a full service sushi bar and a wood-fire hearth oven as well. A portion of the restaurant can be closed off into a smaller restaurant and bar that we can use as a smaller venue during the slower months.
- **Aria Bar & Rooftop** will be a place to enjoy a delicious hand crafted cocktail and light-bites or playing a game of bocce ball and enjoying the nightly entertainment under the stars on the Rooftop terrace. The bar and rooftop has been completely redesigned with an expanded bar and lounge that leads to an outside rooftop terrace with seating and stunning panoramic views of the Golf Course and Aquatics Center.
- **Fitness and Wellness** will have enhanced Equipment, Classes and Core programs within its dedicated movement studios including a Pilates Studio, Spin Studio, Core Circuit Training Studio, Aerobics Studio and an outdoor wellness lawn area.
- We cannot forget the addition of **The Spa Garden**; a serene and relaxing garden for you to enjoy before, during, or after treatments at the Spa. The garden will have an outdoor wet area with relaxing therapeutic water features, lounge chairs and cabanas for outdoor massage treatments or lunch before your next treatment.

This project has been a labor of love for our Board and the many staff that has been involved for over four years and we are so excited to reveal this state-of-the-art facility to you soon.

As I'm sure you have noticed we welcomed home many of our International staff, along with many first timers over the past three weeks! They are all so excited to be here and get settled in their respective departments. My sincerest appreciation to you in advance for your patience as more staff arrives and goes through our orientation and training program.

There has been a change in our Golf Course Maintenance and Landscape leadership. Wes Dinsmoor, Director of Golf Course Maintenance and Landscape has recently tendered his resignation. Wes and his family made the difficult decision to leave Florida and move back to Colorado to be closer to family. While we are sad to see Wes leave Boca West after 16 years, we are excited for his family and their new chapter. We engaged with a top search firm that did a nationwide search and we feel so fortunate to have hired **Jeremiah Lockhart** as Director of Agronomy. Jeremiah comes to us with a wealth of knowledge and experience, most recently from PGA National where he assisted in hosting multiple PGA events. He comes to us at exactly the right time to be involved with the upcoming course renovations from the beginning. Jeremiah, his wife and two children reside in Palm Beach Gardens. Wes and Jeremiah have been working together over the last few weeks to ensure a smooth transition. We are all so excited to have him with us.

With all of the exciting events happening around the Club, it's hard to believe the holidays are right around the corner! Please be sure to submit your dining requests before the deadline dates to be included in all the assignments for our upcoming holiday dinners and celebrations. If you have any questions, contact our Food & Beverage Reservations department at 483-6300, and they'll be happy to assist you.

Yamile, Alexa, Sophia and I wish you all a happy and heartfelt **Thanksgiving** filled with cherished memories and many blessings. As always, I welcome and encourage your thoughts, comments and suggestions regarding your Club. See you around!

Sincerely,

Matthew Linderman, CCM

In 1987 when their two visionary partners, with extensive experience in the world of wine, wanted to realize their dreams of producing wines of a quality far superior to the one that was being produced in Chile at that time. In 1988, they added the other two original partners, Alfredo Vidaurre and Pedro Grand, each making their special and complementary contributions. A dream come true, of four great visionaries, who have achieved over time, be recognized for their extraordinary and permanent quality and, at the same time, attract the attention of the entire world about the wines that Chile can produce. Montes has given Chile great satisfaction and, objectively, has become the "benchmark" of most of the new Chilean wineries.

ON THE COURSES

By Chuck Rosenblatt,
Golf Committee Chair

I would like to use this month's article to discuss a few things that are quite important. I'll begin by discussing some rules and regulations and then move on to new things the club and golf committee are rolling out this season.

A complete list of the Club's Rules and Regulations may be found on the Club's website under the My Club tab. Pages 48-61 in Section XI Golf are the rules and regulations for golf. I encourage all golf members to take the time to refresh themselves with these few pages.

So why do I begin with the rules and regulations? Quite simply, in the past couple of years some of our members have suddenly forgotten all about them. More and more of our golf professional's time is being devoted to those members ignoring our rules.

One of the most common infractions is Members not obeying the 90 degree rule and ignoring the blue and red stakes designating the area where all carts should be back on the paths. So why is this so important? I am sure you have noticed how green and lush our courses are now. By maintaining 90 degrees we are able to keep a lot of the cart traffic off the fairways and rough and cut down on the wear and tear of the grass. This is especially true during our non-growing season which is when we are at our busiest. The same holds true for the blue and red stakes where ONLY carts with handicapped flags are allowed to pass and only on the Blue stake side. ALL carts with a disability flag MUST never get closer than 15 feet to any green, bunker or body of water.

Another rule our staff is spending a lot of time on is number of players in carts. There are NO waivers for single ridership unless you are a threesome. Please remember Club rules state two players one cart, three or four players, two carts. If you feel you could be contagious with or exposed to something and don't want to expose those you are playing with then perhaps you shouldn't be playing golf and should self-isolate.

Proper attire is another area of concern for our professional staff. Proper attire on the golf courses and practice facilities WILL be enforced, including the Holiday season. Please refresh your memory on this topic by reading the current dress code policy.

Are you aware that in the past year and a half the golf committee has passed three local rules that we hope have improved your enjoyment of playing golf?

- Relief under Local Rule F-5 is taken without penalty when an immovable obstruction is in your intended line of play and within two club lengths of the putting green and within two club-lengths of the ball which lies in a closely mown area. The ball may be lifted, cleaned and dropped at the nearest point of relief no nearer the hole.

- Edging between grass and waste area (crushed concrete or coquina paths) is considered ground under repair. If a player's ball touches the grass edge or the grass edge interferes with the area of intended swing, the player may take free relief under Rule 16.1b. The ball must be dropped in the same condition.

- Dye IV, Hole 3. If your ball comes to rest between the two green/white disks on the coquina cart path that cuts across the fairway free relief is given. Your ball must be dropped on the fairway on the furthest side of the cart path away from the green.

Hopefully by now you have seen the GPS screens that are popping up on some of the private carts. All private carts and fleet carts will be equipped with GPS screens. Private cart owners will be required to schedule an appointment to have them installed on their carts. A deadline for installation will be announced shortly. Once the deadline has passed, any private cart without the GPS screen will not be permitted onto the golf courses. These devises will give you distances from your location to hazards and give you distances to the front, middle and back of the green you are playing. They will also allow for one way communication from the pro shop alerting you to changes of course conditions such as RED alert or cart is in a designated NO CART AREA.

Speaking of RED alert warnings, this summer the Thor Guard system was upgraded. The system now not only measures the electricity in the air, but also detects actual lightning strikes in the area. When a RED alert siren is sounded please remember it is mandatory you leave the golf course and seek shelter. The system is cellular based and just like your phone, sometimes signals don't get through, so the siren may not blow in a given location. PLEASE USE COMMON SENSE. If you see an approaching storm go to your app and turn it on. Instructions are posted throughout the golf shop areas on how to download the NEW app.

In closing, I would like to bring you up to date on a few changes regarding tournaments. This December you will see the return of the old Governor's Cup with some modifications. This two-person team event will be played from December to March. Rules for this tournament are posted on the website and displayed at golf registration. The Member/Member tournament in December will begin each day with breakfast. The Super Bowl tournament returns in February. And our final major tournament The Masters will return in April with a slight change. This year we will use the luncheon that follows the tournament as an award ceremony for all of this year's winners. So check out the upcoming events in this month's magazine and on the website.

And remember, if you keep your ball on the short grass your game may improve and your handicap may come down!

EDUCATIONAL SERIES

From the Otherside of the Bench presented by Hon. Peter M. Leavitt

Wednesdays, March 1, 8 and 15*

- **The Role of Judge, Court Clerk, Principle Law Clerk and What's under those Robes.** Listen to a retired Supreme Court Judge tell you the inside scoop of what it means to be a Judge. Where do they come from; what do they really do? Just how much power do they have? Does the press and the other media paint a realistic picture? The answers to all the above are no, "sex and violence" sell newspapers, not the quiet observance of the rule of law which can be plain and often boring. From shoplifting to murder rape and kidnapping a Judge is tested every day to make decisions that will affect so many lives. Listen to the secrets of the Courthouse from an insider!
- **Defendants' Rights, Victims' Rights, Have we lost Sight?** Defendant's rights VS. Victim's rights. Historically and sadly, victim's rights have not kept pace with Defendants rights. There is very little that a victim can do other than being notified of court appearances of the defendant. Victims cannot challenge a sentence or have any appeal power. In a very liberal world the victim is forgotten and almost all the media attention and publicity goes to the defendant or his Attorney. This lecture will detail the horror of being a rape victim and the reason there are so many repeat offenders. The gloves are off and the reality is shocking.
- **Acting Supreme Court Justice as a Witness in a Murder Case.** Improbable, unlikely, both understatements. When an ambulance call went out stating GSW or gunshot wounds in the sleepy hamlet of Chappaqua that call by itself was highly unusual since 99% of all calls in the town were for heart problems, bee stings, broken bones or motor vehicle accidents. NOT gunshot wounds in President Bill Clintons hometown. The emergency medical personnel were up to the task but with an astounding outcome. I became a witness in the subsequent murder trial, now I'm on the other side of the bench.

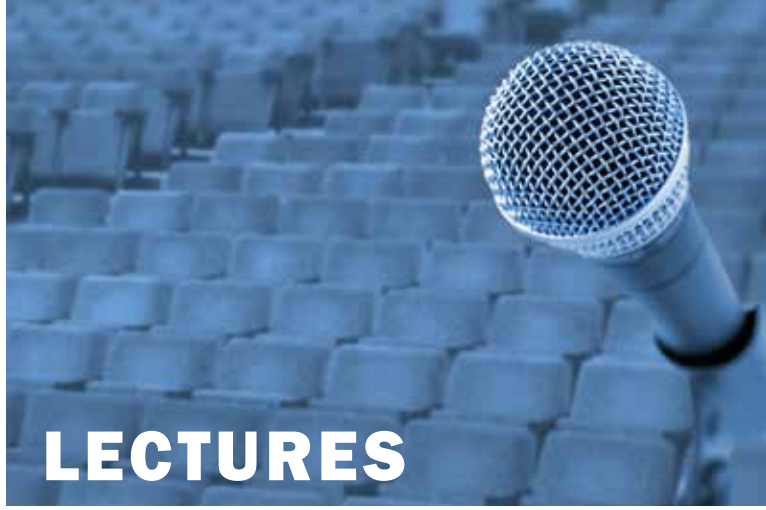

History Series presented by Dr. Robert Watson

Thursdays: March 2, 9, and 16*

- History's Mysteries - Fun and intriguing stories about what we do and don't know about the past
- Dysfunction in Washington - Causes and consequences
- Behind Hitler's hate: Nazi pseudo-science, conspiracy theories, and the occult.

**Both March series are a three-part series being offered at $75 per person*

LECTURES

$15 per person, per lecture. Request by: 30 days in advance. Cancel by: two weeks in advance

American Yiddish Radio Hour: 1920-1960 presented by Aaron Kula

Tuesday, December 6

7:30pm/location to be determined

The history of Jewish radio stations in America was an important part of the Jewish immigrant experience in becoming American. The radio was the single most important "appliance" in the first half of the 20th century that allowed everyone to listen to anyone in the privacy of their own living room. Jewish musicians and singers used the radio to appeal to a broad American audience on the airwaves ultimately making them super stars. This lecture will include vintage live radio recordings from WEVD and WHN and others as well as commercials in Yiddish advertising Ajax, gefilte fish, Barbisol, and pickles. This is an entertaining and educational lecture and is accompanied with a dynamic PowerPoint presentation with recordings and images.

Media and Politics: Television, the Internet and the Modern Campaign presented by Kevin M. Wagner, J.D., PhD

Tuesday, January 31

7:30pm/location to be determined

Based on current events and politics, this class will show what to take from newscasts, campaigns, and polls, and where conventional wisdom is often wrong. Dr. Wagner will present survey results, media reports, and analysis of the latest happenings in American politics. The lectures will illustrate how the political system is shifting with new technology and unrestricted money from political interest groups. Containing visuals and data, Dr. Wagner will show how events, technology, media, and politicians are shaping the political discourse and what it means for America.

The Germans and their Fuehrer: Insights into a mutual obsession presented by Anette Isaacs

Tuesday, March 14

7:30pm/location to be determined

Addressing a huge and adoring audience at the Party Convention in Nuremberg in 1936, Adolf Hitler stated: *"That you have found me among so many millions is the miracle of our time! And the fact that I found you—that is Germany's good fortune!"* Join German Historian Anette Isaacs for an exploration of how this consummate symbiosis of Volk and Führer (People and Leader) --that started 90 years ago with his rise to power-- came into existence and how it changed and evolved during the course –and especially- the demise of the *Third Reich*.

Looking to a Better Future for All Our Kids

Just like the children whose lives we enhance, the Boca West Children's Foundation runs year- round. Thousands of "our kids" had productive summers due to your generosity and have been back in school since August. You recently received our Annual Appeal letter which listed the projects funded by your generosity. Rather than list the myriad ways your contributions have helped "our kids", we're letting the heads of our charity partners do our talking for us:

We are deeply honored and proud of the trust that the Foundation has placed in us through its support of Project UpLift, our free, intensive, small-group, after school tutoring program for struggling readers now in nine schools in our regional community.

- Michael Coleman, Executive Director, Roots and Wings

For 8 years, Boca West Children's Foundation has helped change the lives of youth with developmental or learning differences, often an invisible disability….Boca West Children's Foundation has supported our pre-employment and lifelong learning programs that have allowed neurodiverse youth to develop friendships and jobs so they can live lives with meaning and purpose.

- Sharon Alexander, CEO, Unicorn Children's Foundation

KidSafe Foundation's new program Stay KidSafe!™ is on track to provide safety education to 10,000 students…. This would not be possible without the support of Boca West Children's Foundation and their understanding that supporting children means supporting their right to safety. With a report of child sexual abuse verified every nine minutes, BWCF is ensuring that children get the tools that help them tell and have power over their own bodies. Thank you Boca West Children's Foundation!

- Laura Askowitz, CEO, KidSafe Foundation

These are just three of the many testimonials from our charity partners that we will be sharing with you in the coming months. These organizations do the heavy lifting to help tens of thousands of underserved children day in and day out. Won't you please help us to help them by participating as meaningfully as possible in our Annual Appeal, our Super Bowl raffle and our upcoming events? **100% of all of your contributions go to programs to support the children.**

MEET THE BOARD continues this month with a profile of Stephen Blank.

Stephen Blank joined the Board of the Foundation in 2014. In addition to his involvement in numerous charities including the Crohn's/Colitis Foundation (where he served as National President) and the Michael J. Fox Foundation. Steve brings over 45 years of experience in investment banking and corporate finance as well as public company management to the Foundation. Steve is a member of the Foundation's Grants Committee.

Why did you decide to become involved in the Foundation?

Among the things I found attractive about the Foundation was its serving the needs of a wide array of children's issues, ranging from the benign such as school supplies to teaching teachers to recognize child abuse.

What aspects of the Foundation resonate most with you?

The care we take in determining grants to the various charities is critically important. I think our care and due diligence is thorough and complete and can be relied upon. I am proud of our dedicated staff who share our objectives and goals.

What suggestions do you have for new Boca West members to get involved with the Foundation?

Test drive an event—meet the program chair; attend committee meetings; have a cup of coffee with committee members. Visit the office and meet the staff. If you would like, we can arrange a visit to one of our charities.

What are some of the most meaningful things you have done as a board member?

You mean in addition to assisting a teenage boy assemble a wardrobe at Old Navy during our Holiday Shopping Event, visiting a number charities to see our dollars at work, and "mentoring" one of our charities through their early years? And there's more….

All of these great works are done in the name of Boca West Country Club. These are not Club functions, but the Foundation does report activities that it carries out in the name of the Club to the Board of Governors. If you wish to respond or comment, please do so directly to the Foundation instead of the Board. Please direct your comments to foundation@bocawestcc.org.

GRIEVANCE COMMITTEE REPORT

By Enid Winikoff, Grievance Committee Chair

The Grievance Committee receives a Grievance and after a thorough investigation reports to the Board of Governors on their findings and recommendation. The Board of Governors issues the final decision on every Grievance. There is then a 45 day waiting period during which the Member may appeal the Board's decision.

Grievance #1

The grievance was filed by the Chair of the House and Activities Committee.

The Grievance involved a member who had a series of unacceptable and combative behavior toward Staff at Mr. D's, the driving range, and Prime Cut, all in one day. The Member was very remorseful, admitting he had a very bad day.

The Grievance Committee unanimously recommended to the Board of Governors a six month suspension followed by a probation period of six months, along with letters of apology.

The Board of Governors accepted the Grievance Committee's recommendation, The incident has been made part of the member's membership file.

There was no appeal.

Grievance #2

The Grievance was filed by the chair of the Golf Committee and the Chair of the Retail Committee. The Member involved in the Grievance made inappropriate, uncomfortable, sometimes violent comments, to the staff in Retail. The Member had repeated improper behavior on the golf courses.

The Grieved Member did not show remorse nor did he think he acted poorly.

The Grievance Committee unanimously recommended to the Board of Governors that the Member be suspended for two years, the maximum period of time provided by the Club's Bylaws.

The Board of Governors accepted the Grievance Committee recommendation.

There was no appeal.

The incident will be made part of the Member's Membership file.

Grievance #3

The Grievance was filed against a Member by another Member.

The Member who was the subject of the Grievance distributed emails to a select group of Members with accusations against the Member who filed the Grievance alleging violation of Bylaw Section 10.02.

The Grievance Committee unanimously agreed that both Members could have handled the situation better, but that the actions of the Member involved in the Grievance did not violate Bylaw section 10.02. Therefore the Grievance Committee recommended that no action be taken.

The Board of Governors agreed.

The incident will be made part of the Members Membership File.

***It should be noted that when a member is suspended, the Member may not set foot on Club's property, which includes all our restaurants, golf courses, tennis and pickle ball courts, driving range, member park, fitness center, all the Club's buildings, etc.*

TREASURER'S REPORT

by Frank Richard, Board of Governors Treasurer

As we began our new fiscal year on October 1, 2022, let's look back at a very challenging financial year that just ended.

Whoever thought that "pivoting" out of COVID would be even more difficult than living two years with it. Unprecedented upward wage pressure for service staff has been compounded in similar surges in staff housing costs.

Inflation has also had a huge impact on many of the basic raw materials that a Club needs to provide members the experience they have come to expect. Food costs have even outpaced other costs by over 25%.

With all the unforeseen financial pressures, your Club remains in excellent financial shape. We will end our fiscal year with a small surplus and our joining fees from new members has substantially outpaced the raising costs of our capital projects. This means we are comfortably in line with our bank borrowing projections.

Our 2022-23 budget has been calculated with many unknown variables. Inflation is still very high, the labor market is getting better but the hospitality industry is still missing 25% of its previous workforce and food costs continue to be a major negative for our bottom line.

With your cooperation, we will navigate these difficult times and continue to be a financial strong country club.

Hope Week: January 23-28, 2023

VOLUNTEERISM AT ITS FINEST

After months of planning, a very special week of Club volunteerism is coming to Boca West this January! ***"Hope Week"***, will provide a unique opportunity for Boca West Members to engage with our valued community charities.

Hope Week began as a concept several years ago. Matthew Linderman, our General Manager and at the time, Arthur Adler, President of the Children's Foundation, mulled the idea of an opportunity for the Boca West Membership Community to learn about the various philanthropic organizations supported by our Boca West community. Learning about these organizations and having an opportunity to experience what they do through volunteer participation began the concept of this special week.

With the Boards Chairman, Dr. Philip Edwards, and leadership of Jeanine Banks, First Vice President and **Hope Week** Steering Committee Chairman, the concept was taken from the discussion phase to the planning and execution stages, expanding the vision to make it a Club event, encompassing for the first time, the charities the Club is proud to partner with and support. Over the past several months, we have worked closely with the charities in developing **Hope Week**. Each has identified a unique member engagement opportunity which will provide a forum for partnership, volunteerism, and awareness among our members, who often request how they can serve the community.

Hope Week is scheduled from January 23 – 28 and on February 5, 2023. Our philanthropic organizations include *Boca West Chapter Pap Corps, Gilda Mallin Boca West Chapter of Hadassah, Fuller Center, Habitat for Humanity, Place of Hope, Boca Helping Hands, Tri-County Animal Rescue and the Lynn Cancer Institute - Boca Raton Regional Hospital.*

We extend our sincere gratitude to charity leadership and senior staff for their enthusiasm and active participation in planning this special collaborative outreach event. With the support of Christina Guilianti, our Director of Activities and Kathy Kohlhepp, Director of Communication and Marketing, we have an incredible week planned with both charity on-site and in Club volunteer activities. Additional information will be communicated to our members regarding volunteer registration and further details for this special week of volunteerism.

Charity Schedule:

January 23 – Boca West Chapter of Pap Corps

January 24 – Gilda Mallin Boca West Hadassah and Fuller Center

January 25 – Habitat for Humanity

January 26 – Place of Hope

January 27 – Boca Helping Hands

January 28 – Tri-County Animal Rescue

February 5 – Lynn Cancer Institute - Boca Raton Regional Hospital

The Winds of Change Are In The Air!

As we are rapidly approaching the start of another "in-season" at Boca West, positive changes are blooming throughout our community.

From pools, to restaurants, to landscaping, and more, our constant strive for the ultimate living experience is an ongoing challenge. Dedicated members of our community have accomplished these tasks. My challenge to everyone is to get involved and have a voice in tomorrow's horizons. Whether you start in your own Village or want to take an active part in the Master Association or Country Club, your input, time, dedication and volunteer services are welcomed.

The Master Association is involved or has completed the following projects:

- It is with great pleasure that I announce our new Executive Director and Vice President, Michael Eustace. His official start date was October 10, 2022.
- Come visit our newly remodeled Boca West Master Association Security and Administration Offices. Our office has new lighting, a fresh coat of paint and new furniture in the conference room. A big thank you to Ron and Judy Roth for their time and expertise to make this happen!
- Overgrown landscaping has been removed from the front of the building which creates a more welcoming entrance to our offices.
- The Security and Administration building has been power washed and received a fresh coat of paint. The roof has been cleaned and painted as well.
- Progress continues with our Special Projects Committee to obtain the permitting and contracts for the new Glades gatehouse. Construction will start in Spring 2023. A special thank you to Bernie Friedman, Marvin Scharf and Michael Eustace, our new Executive Director for their ongoing attention to this project.
- Our future projects include a new parking space for the onsite ambulance service American Medical Response (AMR). This will allow for more easy access and egress for our AMR team.
- New lighting will be installed this season from Glades Road to the new Sports Center. The lighting will have increased lumen with modern fixtures.

We are planning to have a welcome back ice-cream social at the Tot-Lot sometime in November. Stay tuned for details.

I want to take a moment to acknowledge the members of our Board as well as the hard-working support staff who quietly make all of our lives safer and more enjoyable. They have a daunting task, so please take a moment to let them know you appreciate their efforts.

Please feel free to reach out with any questions, problems or compliments.
May you all enjoy the Thanksgiving holiday with your family and friends!

CHAIRMAN'S LETTER

FOR THOSE OF YOU WHO ARE JUST RETURNING TO FLORIDA, WE WELCOME YOU HOME TO BOCA WEST. Those of you who have been here throughout the summer months are well aware of the fantastic things going on at the club. We have a tremendous number of activities and venues that will be available to you throughout the season. Don't miss the events planned for this month.

In this issue, I will be addressing two items that are of the utmost importance to all of us: Last year's election process for the Board of Governors, and the ***"Next Piece of the Puzzle"*** at Boca West.

Last year, the election process was questioned by some in our community who felt that the election was undemocratic and expressed the perception that members didn't have a voice in the election process. While the results were valid, the Board of Governors has responded to these perceptions and has tightened, even further, the Standard Operating Procedures of the Nominating Committee. One new item this year is the inclusion of a secret ballot. You will not have to sign your ballots. Instead, following the standard format used for mail-in ballots, place your ballot inside the secure unidentified envelope and then sign the outside of the mailing envelope. This is the procedure for the State of Florida and other communities similar to ours. We value your trust and will always strive to listen to your concerns and respond to them.

As we move toward the finish line of our new "Lifestyle and Racquet Center", we are cognizant of the need to prepare for the ***"Next Piece of the Puzzle."*** Matthew Linderman, our General Manager, has regularly informed Members about future plans. Our goal in the next few months is to formally present this three-part plan to our Membership.

Part one of the proposal includes the renovation of two of our four golf courses. Working with our Golf Course architects and continuing to respond to our member's suggestions, we will hone in on the design and begin the actual planning stage. It should be noted that no course will be closed throughout a season; and Cart Path Only will be of limited duration.

Part two of the proposal includes the addition of a terrace off the Living Room and Panache. This will provide for needed storage space as well as providing additional lounge and event space.

Part three of the proposal will be a redesign of the Racquet Sports facility. This newly renovated facility will have a newer, fresher look with additional social gathering areas, and with a large lawn area for dinners and events. This is in addition to the completion of the new pickleball courts and the renovation of the tennis courts themselves which is currently underway.

Our goal is to propose these upgrades to our membership in late winter for a vote in early spring. We will be providing more detail regarding the designs and financial needs in the coming months. Please remember that these capital improvements are funded through our Joining Fee's. We have never had to impose an assessment on our members.

So, as you can see there are exciting things on the horizon. We will all participate in this adventure; first with the opening of our Lifestyle and Racquet Center, then presenting the plans to the community, voting and construction of the ***Next Piece of the Puzzle***. Get excited as we begin this journey together.

As always, I am available for suggestions and feedback and can be reached at pedwards@bocawestcc.org.

Most Sincerely,

Dr. Philip Edwards
