PRESIDENT'S LETTER

Dear Member,

I TRULY HOPE EVERYONE HAS BEEN ENJOYING YOUR SUMMER WHETHER YOU'RE TRAVELING, UP NORTH OR HOME AT BOCA WEST! We hosted our first **Wellness Retreat** June 20-23, and we received wonderful feedback. It started with a Summer Solstice Sound Bath on the Oasis Lawn, and included multiple yoga events to celebrate International Yoga Day. Chef Paul even taught a delicious Lunch & Learn at Market Square, and shared tips for making the best summer smoothies. The weather was perfect for all our outdoor events, including a beautiful Sunrise Yoga & Mandala Making activity at Deerfield Beach - such a perfect way to start the day! Turn to page 22 to see memories created from the retreat. Our next Wellness Retreat will be held in September, so watch for more information coming soon! Since this is ***New and Now***, we promise to communicate more in advance in the future.

This Summer has been a busy one at Boca West. I hope you have been able to take advantage of the summer offerings here at the Club: Golf and Racquet Sport Tournaments, Dinner and Shows, Cultural Arts and Activities, Lectures, 4th of July Smoker and Ballroom Dancing and Socials. We love seeing everyone enjoying Market Square and the dinner to-go meals, along with Cabana Bar & Grill and the Oasis pool being the go-to hangout on weekends.

We continue to push forward on our commitment to securing a sustainable future. By minimizing our impact on the environment, we are taking an active role to ensure that Boca West's members may enjoy the Club for generations to come. You will see these plaques at the entrances of each of the buildings around the Club indicating that **Boca West has reached nationwide recognition for leadership in sustainability, having achieved Worldwide Sapphire Status from Vivid Leaf** – an industry leader in sustainability certification. We are very proud of this recognition and will continue to make choices that contribute positively towards our environment and social well-being. We promise to do all that we can to be smart with our efforts while also being fiscally responsible.

Many of you have commented on how wonderful our Hospitality Management Interns have been and they have just completed their 12-week internship here at Boca West. They were fully immersed in hands-on learning during their department rotations, Boca West Academy leadership classes every Monday, and achievement of their Florida Ready to Work Soft Skills Certification. During their time with us, they also had the opportunity to work with our Catering team to plan, budget, organize vendors and décor, select menus, set-up, host and break-down their very own Intern Mixer where they invited interns from our neighboring clubs for an "All White Affair" networking event.

Their learning even extended to service in our community through our Boca West Cares Program. Our HMI interns were "Mentors for the Day" for high school students from the Boys & Girls Clubs of Palm Beach County and the Fuller Center and experienced a "Day of Service" at the HabCenter Boca Raton. We couldn't be more proud of their growth as future hospitality leaders!

The Human Resources team is also travelling internationally in August to South Africa, Ireland, Portugal and Italy to interview and select new team Members for our H2B program this October. Last year, we petitioned the Department of Labor to have our H2B visas extend through the month of June for a portion of our Staff. We will do this again this coming year as it was beneficial in bridging the gap in staffing when the majority of our International staff departs for their northern Clubs and our Summer Interns arrive and go through onboarding and training.

Our behind the scenes work that began in May continues with annual repairs and maintenance to our facilities. We will close each building for a period of time in August while business is slower so not to disrupt your daily schedule. **The Golf and Activities Center building will be closed at the end of August** as we replace the pavers and travertine at the Porte Cochere entrance. While this work commences at the Porte Cochere, we will be replacing the worn carpet down the hallway outside the Multipurpose rooms with tile. The carpet has seen a lot of foot traffic since we opened the building in 2017 and we feel tile will last much longer. The building will remain open during this work with temporary entrances set up for access to the different areas of the building. We will communicate the dates for this work to be done. Additionally, the exterior of the Country Club and Golf and Activities Center buildings will be repainted to match the new Lifestyle and Racquet Centers, which we are all very excited about.

The annual Membership Dues package has been mailed to all Members. If you have not received yours yet or have any questions, please contact the Membership department at 488-6934, and they will be happy to assist in any way possible. Also included in your package is the calendar of events for the upcoming year. Be sure to make your plans early and MARK YOUR CALENDARS for all the upcoming opportunities to have FUN at your Club!

Our **Season Opening** events will take place during the month of November. It's never too early to begin making plans to attend these events. Our **Season Opener Golf Event** will be held on November 9 & 10 and the following weekend, November 15 & 16, will be our **Season Kickoff Tennis and Pickleball Events. Velvet Underground - this year's theme night** is scheduled for November 22 or November 23. Get ready to journey back in time to the wild and vibrant rock and roll era, an ultimate party experience set in the heart of London! Immerse yourself in the electrifying atmosphere of the 1960s and 70s, where the spirit of rebellion and the pulse of legendary rock anthems collide, and not to worry – it will be a dance party to remember! We hope you'll dust off your leather jackets, polish up your dancing shoes and prepare to rock out like never before!

Your staff has once again been hard at work to make this another outstanding year! We look forward to seeing you and as always, I welcome and encourage your thoughts, comments and suggestions regarding your Club and look forward to seeing you around. Wishing you all a relaxing remainder of the Summer and a wonderful year to come!

Sincerely,

Matthew Linderman, CCM

COMEDY NIGHT FEATURING JEFF LAUB

Jeff Laub is a professional comedian, writer, producer and creative consultant. Jeff has opened for Lou Rawls, Hal Linden, Lucy Arnez, John Davidson, and other stars of stage and screen. Jeff Laub is a funny guy. Some people are tall. Some people are brilliant. Some people are beautiful. And some people are naturally funny. It's what you are. It's what you do. Lebron dunks, Martha cooks and Jeff Laub makes people laugh. He's always been funny. He was funny in P.S. 99, Midwood High School and especially in Brooklyn College, where he once starred in Country Fair as a character based on his comedic idol, Don Rickles. But funny isn't always funny. After spending too much time cracking up his Pi Lam fraternity brothers, Jeff bombed on his calculus and chemistry finals, abruptly putting an end to his mother's dream of her "tatala's" future dental career. So Jeff switched his major to Television Production and there was no looking back.

Disputed Presidential Elections: How They Happen and What they Mean for Democracy

This talk will review the five most contentious presidential elections in American history: 1800, 1824, 1876, 2000, and 2020. It will explore related issues such as how we elect presidents, how controversies in elections tend to arise, how they get resolved, and their impact on future elections. This topic is especially pertinent in our current political era, since our elections are often close, and the nation is sharply divided. *Note: This lecture is 1 hour and 15 minutes, including time for a Q&A.*

Landmark Cases of the Supreme Court

This talk will address the role and importance of the Supreme Court in American history through the lens of six landmark cases that developed the meaning of the Constitution, for good or for ill. From well-known cases like Brown v. Board of Education, to lesser-known ones like U.S. v. Carolene Products, the topic should leave listeners better informed about the development of American constitutional law.

The Visions and Conflicts of the American Founders

This lecture will explore the constitutional vision of five American Founding Fathers, and how those visions came into conflict after the Republic was created: Alexander Hamilton, James Madison, George Washington, John Adams, and Thomas Jefferson. While each Founder contributed to the creation of America, they also had strong disagreements about the nature of our constitutional union.

Why Political Parties? Why Only Two Parties?

An examination of why political parties formed in America, how the parties have developed, how they came to dominate our politics, and why only two major parties compete for power in U.S. elections. The talk will look at the current partisan divide, the gridlock this causes in government, and prospects for the future.

100 Years of Comedy presented by Lenny Dave

November 6, 13, 20, & 27
4pm, Golf & Activities Center
$100 per person, four week series
Request/Cancel by: October 16

The Comedy Pioneers! Part 1 - Comedy is so much more than just the hoped-for laugh at the end of a punch line. In these first two sessions, we will explore the essence of comedy; both the comic personalities we know and love, the challenges they faced along the way, the times in which they flourished, and the basic mechanics of comedy as an essential and necessary art form. From Vaudeville, Broadway and "The Borscht Belt" to radio, the silver screen, records and television, we shine the spotlight

The Comedy Pioneers! Part 2 - On many of your favorite laugh-makers of the past 100+ years: Charlie Chaplin, Laurel & Hardy, The Marx Brothers, Jack Benny, Bob Hope, George Burns & Gracie Allen, Mae West, Lucy, W.C. Fields, Milton Berle, Jerry Lewis & Dean Martin, Jimmy Durante, Red Skelton, Abbott & Costello, Sid Caesar, Mel Brooks, Carl Reiner, Danny Kaye, Jackie Gleason, Victor Borge, Johnny Carson and so many more!

Comic Actors: Laughter is Their Reward - Unlike the traditional comedian who can get up in front of an audience, tell jokes and make people laugh for more than an hour, numerous stars of the Broadway stage, the silver screen and television have also provided us with memorable, comical performances. As Mel Brooks reminds us, "Funny is in the writing, not in the performing. The actors must be serious. Only the situation must be absurd." Cary Grant observed, "Comedy holds the greatest risk for the actor – and laughter is their reward." In this session, we spotlight several of our greatest comic actors such as Mary Tyler Moore, Dick Van Dyke, Walter Matthau, Jack Lemmon, Mickey Rooney, Gene Wilder, Bea Arthur and Betty White.

What's with Jews and Comedy? - What is it about the Jewish culture, the Jewish people, and the American Jewish "experience" that not only provides the contextual backdrop for Jews and comedy but also provides such fertile soil to produce so many of our favorite comedians of the past century? These entertainers were multi-talented, well-trained, and had perfected their craft in Vaudeville, on the Broadway stage, on radio, in "The Borscht Belt," and in motion pictures. Many of those who survived this daunting show business gauntlet ultimately found their way into our living rooms as welcomed, weekly guests. With genuine comic reverence, we explore the sense of Jewish identity, appreciation for and a joyful commiseration in the Jewish "experience" as conveyed by our favorite comic personalities and humorous sages of the past 100+ years. For American Jews, comedy has always been much more than just a form of entertainment. Humor, wit, and wisdom have also provided a powerful connection between a group of people and their heritage; sometimes used as a survival skill and sometimes used simply to express the absurdity and joy of daily life.

"Title still to come" presented by Aaron Kula

December 4, 11 & 18

$75 per person, three week series

American Yiddish Radio Hour: 1920-1960

The history of Jewish radio stations was an important part of the American experience especially for the immigrant population. The radio was the single most important "appliance" in the first half of the 20th century that allowed everyone to listen to anyone in the privacy of their own living room. Jewish musicians and singers used the radio as a vehicle to become famous and appeal to an American audience on the airwaves ultimately making them super stars. The lecture explores vintage live radio recordings from WEVD, WHN and other stations that played Klezmer and Yiddish music in an American Jazz style as required by the U.S. government to Americanize immigrants. You will experience Yiddish commercials advertising Ajax, delicious Gefilte fish, shoes, Barbisol, and pickles. This is an entertaining and educational lecture taking the listener on a tour of The American Jewish Radio Hour.

2nd Avenue To Broadway

Broadway Musicals began in the Lower east side of Manhattan on Second Avenue with the Yiddish Theater. The concert takes the audience on a musical journey from lower Manhattan to the lights of

Broadway. Some of the greatest composers and writers of the Broadway musicals were created by America's pre-eminent Jewish composers including Irving Berlin, George and Ira Gershwin, Jerry Herman, Richard Rodgers, Oscar Hammerstein II, Sheldon Harnick, Jerry Bock, Leonard Bernstein, Stephen Sondheim, Jule Styne, and John Kander. These remarkable songwriters were purveyors of what we think of today as the Broadway sound, but they were also telling America's stories of becoming American. The Lower East Side theaters ultimately led the post immigrant generation of composers, to create a range of shows that tapped into the American consciousness including Porgy and Bess, West Side Story, Cabaret, Funny Girl, South Pacific and many more.

CONDUCTORCISE: The Art of Conducting
Conductorcise offers attendees an interactive presentation to learn the art of conducting as conductors in training. Maestro Kula will teach conducting patterns and have attendees conduct music of famous orchestral works by Bach, Beethoven, Brahms, Berlioz, Holst, Ravel, Tchaikovsky, Bernstein, and Copland. This lecture also includes historical information about famous conductors such as Leonard Bernstein, Herbert von Karajan, Thomas Beecham, Daniel Barenboim, and Arturo Toscanini. Have you ever wondered what a conductor does and how they do it? A conductor acts as a time-beater, a teacher, a persuader, a mentor, and an artistic leader. Their job is to help the orchestra perform beautifully, keeping the music together and bringing out the best sounds possible as a whole group. This is a session "not to be missed" if you want tips on how to be a maestro!

THURSDAYS

The Art, Music and Poetry of the Holocaust
One facet of the Holocaust that is often less examined is the arts; specifically, efforts by Jewish artists to produce, write, and compose works of art during the Holocaust and in the concentration camps. This form of resistance was an effort to not only instill a degree of humanity amidst the utter inhumanity, but also at effort to try to preserve Jewish culture in the face of the Nazi regime dedicated to wiping it out. I will share works of art, play music, and read poetry from inside the camps and offer the backstory to the dramatic moments.

Dr. Watson's Heroines from History
Here some fun stories of my heroines from history – various amazing and often little known women from a variety of backgrounds and time periods – who changed the world!

Heroic Leadership in World War I & II presented by Elizabeth Stice
December 12 & 19
4pm, Golf & Activities Center
$50 per person, two week series
Request/Cancel by: November 21

Heroic Leadership in World War I
The soldiers of World War I are often described as "lions led by donkeys." The war's generals are considered some of the worst. But there were great leaders in the Great War among the junior officers, who could even get men to follow them out of the trenches to almost certain death. This lecture will look at the lives and obituaries of excellent British junior officers, with a focus on five key traits: bravery, self-sacrifice, a sense of duty, gallantry, and cheerfulness. The listener will come away with a better understanding of the Great War and of how great leaders succeed in some of the most trying conditions.

Heroic Leadership in World War II
During the Battle of Britain, Winston Churchill praised the RAF saying that "never in the field of human conflict was so much owed by so many to so few." This talk looks at heroism in World War II, highlighting many different types of examples. We will consider the heroism of leaders like Franklin Roosevelt and Winston Churchill. We will look at the heroism of ordinary American soldiers, by considering the challenges of some of the war's fiercest battles. You will hear about the heroic efforts of civilians, in Britain and in Russia. And you will hear about Ernie Pyle–who represented the heroism of a wartime correspondent and was an important link to the people back home in America, sharing information about their heroes.

ACTIVITIES LECTURE

Please join us for a special evening with Medal of Honor recipient, Colonel Jack Jacobs and Robert F Jerome

Tuesday, November 4
7:30pm, Golf & Activities Center
$20 per person

The Medal of Honor, sometimes referred to as the Congressional Medal of Honor, is the highest award given to a soldier by the United States for extraordinary valor in combat against an enemy force. First created by an Act of Congress in 1861 there have been only 3,719 awards of this medal among the over forty-seven million who have served. Today there are but 61 living recipients of this award still living. Every single recipient will tell you, when asked, that they wear this medal not for themselves, but for those who stood beside them in battle, and for all those who did not come home.

Colonel Jack Jacobs – Colonel, US Army (Retired)

On March 9, 1968, Jack was with the lead companies of his South Vietnamese Battalion when, without warning, they walked into a deadly L-shaped ambush, immediately coming under intense fire from mortars, rifles and machine guns by a Vietcong enemy force entrenched in bunkers not more than fifty yards from where they were standing. Within seconds, the ground became a killing field with many of the battalion killed or wounded. The casualties included Jack, hit by an exploding mortar that sent shrapnel tearing through the top of his head and face. Bleeding heavily, most of the bones in his face were broken and he had lost sight in one eye. In complete disregard of his wounds, he assumed leadership of those still standing, initially organizing a pullback and then a counter assault. At the same time, bleeding heavily from his wounds, Jack dragged his badly wounded American Sergeant to safety and then returned repeatedly to the battle to save others, each time through a hail of enemy fire. He kept at it until he finally collapsed from his wounds. Rotated back to the States to recover, Jack wound up in Vietnam again in 1972 and was wounded yet again. For his actions on that March Day in 1968, Jack Jacobs was presented the Medal of Honor by President Richard Nixon on October 9, 1969. Jack is one of 61 living recipients of our Nation's highest award for valor in combat. Jack has authored two books: "If Not Now, When? Duty and Sacrifice in America's Time of Need" and "Basic: Surviving Boot Camp and Basic Training". He is also regularly featured on the NBC Evening News and MSNBC as their senior correspondent on military affairs.

Robert F. Jerome

For 46 years Bob worked in the securities industry in a variety of positions, retiring from the industry in 2020 as a Managing Director and Chief Administrative Officer for the Firm's client facing products and services.

In addition to his other responsibilities, for nearly 15 years he was involved in creating his Firm's program to honor the living recipients of the Medal of Honor from its inception, eventually assuming overall responsibility for the Company's involvement. Working with the Medal of Honor Foundation and the Medal of Honor Society, he managed the coordination of, and hosted, events nationwide aimed at honoring many of those awarded our Nation's highest military honor for Valor. He also served on the Executive Committee of the Foundation. After retiring he continues hosting events with the living Recipients across the country, now totaling over 700 presentations to public and private audiences. In addition to these events, Bob gives his time and serves as the Chairman of the Board of Heroes Linked which provides mentoring and counseling to transitioning men and women from active duty to civilian life, veterans and their spouses, and Gold Star Family survivors to pave the way to the next chapters in their lives. Through their Veterans Home Repair Program, they partner with Habitat for Humanity to repair and refurbish homes of veterans. And their Gold Star College Care Program provides needed gap grants to young men and women beginning their college careers where VA Benefits fall short. This in partnership with Children of Fallen Patriots. Now, over two decades later he continues his mission providing advice to and honoring the living recipients of the Medal of Honor, all who serve today, and all who have served over our history. His message is simple: to remind audiences that Freedom is not Free. It is a message that, in his own words, he "never tires of delivering."

MEMORIAL DAY WEEKEND

ON THE COURSES

Bob Lerner,
Golf Committee Chairman

After a complete review of our 2023/2024 golf season, I am pleased to report that our 2024/2025 tournament schedule has been finalized.

AGRONOMY AND COURSE CONDITIONS:

During the summer months, our agronomy team continues to diligently conduct scheduled cultural practices across our golf courses. These maintenance periods are crucial for enhancing the health and playability of the turf. To do this, each course closes for a combined period of four weeks on a rotational basis which follows the initial one-week closure that occurred in May for DryJect aerification.

DryJect aerification involves a high-speed water jet which penetrates the green's surface, breaking up the compacted soil and improving airflow. The resulting holes are then filled with sand and nutrients to aid recovery. After which, a deeper process is completed, removing cores or plugs from the surface of fairways and greens to maximize airflow. Finally in August, each course undergoes another one-week shutdown to repeat the DryJect protocol. This process is crucial for maintaining and improving the overall health and quality of our golf courses.

Course two re-grassing is ongoing as scheduled and we anticipate it will re-open mid-November, at which time driving on our fairways will be permitted.

GOLF OPERATIONS:

- The Florida State Golf Association has completed their re-rating of Palmer I, Fazio II, and Palmer III. Additionally, new scorecards have been designed, ordered, and will go into circulation soon.
- We remain steadfast in our pursuit to update several features to our tee time operating system. However, at this moment, these changes will likely not go into effect until 2025. We are expecting to implement the shotgun course configuration for daily play in the fall of 2024.
- Golf Operations is finalizing details to the Golf Book; this will include all golf tournament information and golf instructional programing.
- Our Senior & Club Championship will now take place on the weekends to account for members' work schedules.
- Golf Operations is working with Catering to arrange for rain dates for when we host tournament with outside dining.
- Our Calling All Golfers seminars have been well received, and 1,265 golf members have already attended this class. We're excited to see continuous improvements on the course and practice facilities. If you have not yet attended, reference the dates provided as this seminar is mandatory prior to December 31, 2024.
- Golf Operations, along with the Golf Committee request that during our winter golf season, golfers practice on the range from either 10am-12pm or after 2pm as this gives ample opportunity for those with a scheduled tee time to warm up.

I am confident our upcoming season will be wonderful and share my sincere gratitude to all Golf Operations and Agronomy team members for their dedicated work.

Wishing you all a joyful summer with family and friends. See you on the links!

AT THE NET

By Steven Roth,
Racquet Sports Committee Chair

The Summers are what we all expect, hot and wet. We have seen quite a bit of heat and rain, and the outlook is for more of the same. Despite this, we are still having quite a bit of play on the pickleball and tennis courts. As with every Summer, we are having some work done on the Racquet Sports facilities and this Summer we are doing the tennis courts with repair work being done on courts 30-33. Due to the Ficus trees surrounding the perimeter of the courts, we had a lot of roots get into the irrigation piping. We are working to fix these issues so that the courts are fully functional when you come back.

We will also be hosting two USTA Junior tournaments here in August, September and October. Very high-level juniors will be playing in each of these. Matches on stadium court for members to watch will typically start at 11am every day during the following dates:

August 17-26 – Summer Smash Open

September 14-16 – Sunshine State Open

October 12-14 – Columbus Day Open

We will also be having members tournaments over the following dates:

August 31 – Labor Day Tennis Tournament

September 1 – Labor Day Pickleball Tournament

It has been four months since I took over as Racquet Sports Chair and I would like share with you some of my observations and thoughts. First, I was fortunate enough to be part of the previous committee, which allowed me to understand how things operate here on my first day in the role. With Tennis, there is a lot of history and experience here that allows us to continue a tradition of excellence. On the Pickleball front, we are still learning our ways, with a lot of growing to come. We were able to introduce an internal league last season that was highly successful with over 250 members participating. We have had huge demand for all the tournaments, and we are still making tweaks to the tournament formats to better accommodate more of you. Since this is a new area for us as well as the country, this has been a big learning experience and we will continue to improve things over time.

I have had the pleasure of talking to the members at The Racquet Center and have gotten lots of ideas and suggestions on how to make Racquet Sports even better than it already is. I want to encourage you to continue your suggestions because we never get tired of hearing from you. One thing I learned and heard from many of you, is that we need to be nicer to one another and remember that we are doing this for fun and enjoyment. Most of us are retired and are doing this for the fun of the game and not for winning at all costs. Please try to be nice to your neighbors, friends and League opponents so as to cultivate a welcoming environment to all. We put a great deal of importance on how we treat one another. Thanks, and have a wonderful rest of Summer and look forward to your return soon.

Summer Wellness Retreat held June 20-23, 2024

Watch for more information about our next Wellness Retreat beginning September 17. We will have activities to celebrate the Lunar Eclipse, September Full Moon, Fall Equinox, World Wellness Weekend, and National Day of Gratitude.

LIVE WELL

by Robin Shulman, Lifestyle & Wellness Committee Chair

If you haven't yet seen the new spaces in Aquatics, Spa and Fitness, come on down!!! We are here all summer and the staff is ready and willing to take you and your friends on a tour of the new facilities.

Our June Wellness Retreat was quite a success and we have another one set up for September!!!

We certainly lucked out with fantastic weather, so all of our outdoor activities went as planned - the sunrise over the ocean for sunrise yoga was perfect, and the Strawberry Full Moon was gorgeous! The members all had such a great time.

What is a retreat at Boca West, you ask??? Think of it as a vacation at Boca West, or a STAY-CATION. You can participate in as few or as many events as you wish. Healthy snacks and meals, goody bags and a lot of other little extras will be provided to those partaking in the entire retreat. Some events will even be off-site (transportation to be provided). Or choose each event individually and join us. Try something new, be it yoga, class or a spa treatment

And speaking of spa treatments, look for our Spa Garden to open in the fall, with Spa Cabanas and thermal pools as well as new showers in the Spa Locker Rooms.

Did you know that we even have Hydrofacials?

Since it has become so popular, we are also continuing Aqua Volleyball throughout the summer and fall - it's a great way to cool off!

For those of you who don't know where to start, a Live Well Concierge Desk will be available so you may get more information about programming and upcoming events, or inquire about certain classes and schedules.

Also look for our upcoming Lifestyle & Wellness catalogue coming in the fall. We will be introducing you to all of our staff, explaining all those classes that may seem somewhat foreign to you, and will also feature all of our new facilities.

We look forward to seeing you around the Lifestyle Center.

Summer Guest Policy

Now through October 31, 2024

All guests of members (over the age of 16) may use the Fitness Center with no time restrictions provided that they have the proper guest cards or are accompanied by a member. The policy for guests ages 12-15 remains the same year-round; they may only visit the Fitness Center after 11am. Members may also invite up to three guests at no charge to use the Fitness or Aquatics Facilities on Monday, Friday and Sunday.

A non-member may be a guest of the Club no more than six times per membership year (October 1-September 30). Equity members, lessees and non-member residents of Boca West are not eligible to be day guests or house guests.

Please Note: A day guest is the guest of a member for the day and must be accompanied by the member AT ALL TIMES when using any of the Club facilities. However, after checking a guest in for personal services such as lessons and massages, the member is free to leave the guest and the facility during the performance of the service. It is not necessary to obtain a house guest card for a day guest. All daily guest fees for use of the facilities will apply.

Danny Bejarano, BWMA President

Dear Boca West Residents,

Much of the work of the Master Association is done behind the scenes where we take care of your needs by ensuring your safety as well as providing beautiful surroundings to enjoy life here at the Club. For the next few months, I'll introduce the Master Association's committees to share with you the work they do.

Because it is summer, in this issue I am happy to showcase our Landscape and Maintenance committee with the following message from Lawson Turner, BWMA Director of Landscaping and Ronnie Pollard, Chair of Landscaping and Maintenance Committee.

The Landscape and Maintenance Department cares for a large variety of areas that enhance the beauty of our surroundings. We manage the aquatic health and scenic beauty of 200 acres of lakes and waterways including nine display fountains as well as all the plantings and trees in the medians, along the roads on common land.

MESSAGE FROM RONNIE POLLARD, LANDSCAPE & MAINTENANCE, CHAIR AND LAWSON TURNER, DIRECTOR OF LANDSCAPE & MAINTENANCE

Now that summer has arrived here in Boca West along with warmer temperatures we began our regular plantings during the first week of June. We installed our summer flowers such as Coleus, Vinca, Caladiums, Purslane and Crossandra. In total our crew will have installed 25,000 summer annuals. The varieties that we have selected have proven over the years to withstand our hot summer temperatures. Also, due to the invasion of the Iguanas we are using more Coleus than in the past. This is because Iguanas don't seem to prefer them as part of their diet! Coleus come in a wide array of colors to choose from.

All summer long we will be doing lakebank restorations in several locations to re-establish eroding lake banks and slopes. We will be doing walking path repairs in 19 different areas throughout the property that focus on safety issues primarily due to root intrusion. Tree trimming has been ongoing in preparation for hurricane season as well as for appearance.

The long-awaited rainy season began in June. In spite of that, now is a good time to perform wet checks on your irrigation system to make sure that all zones are operating fully. This time of year is also when dry spots and issues appear that were not visible when temperatures were cooler.

We wish you all a happy and healthy summer. Hopefully we will not encounter any serious hurricanes this June through October. Fingers crossed!

Danny Bejarano,
BWMA President

GRIEVANCE COMMITTEE REPORT

By Rick Chavis, Grievance Committee Chair

The Grievance Committee conducts its investigation and submits a report to the Board of Governors. The report includes recommendations for actions to be taken by the Board. The Board of Governors reviews the report and recommendations, discusses the Grievance and makes the final decision regarding resolution of the Grievance. The member is then notified and has forty-five (45) days in which to appeal the decision to the Board. Four Grievances will be presented.

Grievance 01-2024

This Grievance was filed by a Member (Member A) against another Member (Member B) alleging threats and threatening behavior in Mr. D's Restaurant from Member B towards member A. Member A called Security where Boca West Security and the Palm Beach County Sherriff both responded. Member A stated he became "incensed and afraid" because of member B's behavior.

Grievance Committee investigation revealed the actual incident Member A referred to occurred some weeks prior to the incident at Mr. D's. Member A justified calling Security and the Clubhouse Manager because he "wanted to establish a file" for Member B.

Testimony from staff and or management of multiple departments of the Club, Boca West Master Association and Willow Wood Gardens Property Manager was consistent and emphatic. Member A incessantly criticized Boca West Administrators and consistently reported Member behavior he deemed inappropriate. It was reported that Member A created a massive waste of Boca West resources in term of hours spent listening to Member A.

The Grievance Committee Recommendations to the Board of Governors:

1. No punitive measures to be taken against Member B. However, he should stay away and not engage with Member A.
2. Letter to Member A emphasizing that he has the right to make suggestions as does any Member. However, his constant unyielding interference with the administration of departments throughout Boca West has reached an unbearable fulcrum which is tipping into a massive waste of Boca West Resources. His behavior must change, or he will be subject to a Grievance. Member A's behavior regarding this Grievance was self-serving, disruptive to many members dining at Mr. D's, and a waste of Boca West Resources by needlessly calling Boca West Security and the Palm Beach County Sherriff.
3. Member A must write letters of apology to Joe LaStella, Director of Security; Felipe Murcia, Clubhouse Manager; Matthew Linderman, President, COO, and General Manager; and to the Board of Governors.
4. Appropriate letters to be placed in the member file.

The Board of Governors agreed with the recommendations of the Grievance Committee.

Additionally, the Board is cognizant Member A and their documented history of prolonged and persistent emails to Club Management. This conduct exceeds a reasonable Member's prerogative to offer periodic suggestions and interferes with Management's ability to operate departments. The Board unanimously agrees to urge the Member to reconsider this conduct.

There was no appeal.

Grievance 04-2024

This Grievance was submitted by the Chairman of the House and Activities Committee. The Member was alleged to have violated Bylaw Article X, Section 10.02 for alleged improper conduct at a Boca West Social event. On investigation it was determined that the member did behave in an inappropriate manner which was very disturbing to Boca West members attending this event. Grievance Committee investigation revealed underlying medical factors contributed to this Members behavior. Underlying medical issues were confirmed by the Grievance Committee. At the Grievance Committee meeting, the Member was very remorseful and assured the Committee his behavior will not be repeated.

The Grievance Committee Recommendations to the Board of Governors:

1. Two-week Suspension, while in residence, from all Boca West venues and activities followed by a six-month probation, while in residence.
2. Letters of Apology to Matthew Linderman, COO, General Manager, and President; Chairman of the House and Activities Committee; and to the Board of Governors.
3. Appropriate letters to be placed in the member file

The Board of Governors agreed with the Grievance Committee.

There was no appeal.

Grievance 06-2024

This Grievance was submitted by the Chairman of the House and Activities Committee. The Member was alleged to have violated Bylaw Article X, Section 10.02 for alleged inappropriate behavior around the Cabana Bar and Grill. The member used the Janitor Closet Sink as a restroom after finding both Men's and Women's restrooms occupied and locked. Grievance Committee investigation revealed that this Member has a documented medical condition treated by his physician with a medication having a side effect of urinary frequency and urgency. The member presented the medication to the Committee. The member testified that his options at the time was to soil himself, use the pool, or use the Janitor's Closet sink. The member was extremely remorseful.

The Grievance Committee Recommendations to the Board of Governors:

1. Dismissal of the Grievance by unanimous vote. It was noted that the Men's restroom has both a urinal and a stall and perhaps a lock is not necessary on the Men's restroom door.

The Board of Governors sympathized with the member. The Board emphasized, however, that there are several restrooms throughout the Aquatic Complex. The Board of Governors ruled that the Member be suspended for a period of two-weeks from all venues and activities in Boca West, while in residence. Also, letters of Apology must be written to Matthew Linderman, President, COO, and General Manager, and to the Board of Governors; Appropriate letters to be placed in the Member File.

There was no appeal.

THE SHOPPES AT BOCA WEST

August kicks off with a buying trip to the PGA Buying Summit in Frisco, Texas. Believe it or not, Spring buying begins six months ahead of time! Emily Gifford, Director of Retail, Travis Wehrs, Director of Golf, and Michael Bove, Head Golf Professional, toured the brand new PGA Headquarters where they experienced the latest and greatest in golf apparel, equipment, and technology. The PGA Buying Summit has quickly grown into one of the biggest national golf shows, showcasing the latest in fashion, products, trends, and innovations within the golf industry and is the ideal shopping venue for our Golf Shoppe and Golf Studio. Travis and Mike took educational seminars through the PGA of America while Emily sat on an educational panel with industry professionals discussing best practices in member engagement, promotion techniques and merchandising. In addition to the PGA Buying Summit, Emily and her retail staff will be attending the regional South Florida Golf Show in Jupiter, Florida where local sales reps will be showcasing their goods.

NOMINATING COMMITTEE REPORT

By Dr. Philip Edwards, Nominating Committee Chair

This year I have the honor of serving as Chairperson of the Nominating Committee. I want to urge you to give some thought to submitting your name for consideration in next year's Board election. Our mandate, as a Committee, is to ensure that as many of you, who are qualified, become applicants.

Volunteering to serve on the **Board of Governors** at Boca West is an incredibly rewarding experience and offers many benefits. Here are some reasons why you might apply:

1. **Contribution to the Club Community:**

- As a Board member, you have the opportunity to contribute to the overall well-being of the club. Your decisions and actions directly impact the club's members, staff, and facilities.
- You can actively participate in shaping the club's future, ensuring it remains a vibrant and enjoyable place for all members.

2. **Leadership and Influence:**

- Serving on the Board allows you to take on a leadership role within the club. You will have the chance to influence decisions that are directly related to finances, policy, and strategic planning.
- Your voice matters, and you can help guide the club toward positive changes and improvements.

3. **Networking and Relationships:**

- Being part of the Board provides satisfaction that comes with being a part of a cohesive group of individuals who are supportive of each other and who take seriously their responsibility to work together to advance a common goal — the well-being and continued success of the community we share and love.
- We all want our Club to be a success and to continue to offer the unparalleled array of services and amenities for which Boca West is justly famous. For this to happen, we need to have a Board that reflects, as best we can, representatives from the various constituencies of our membership.
- Serving on the Board exposes you to various aspects of club management, including governance, financial oversight, and legal matters.

4. **Understanding Club Operations:**

- Board members get an inside look at how the club operates. You'll learn about budgeting, membership dynamics, and member services.
- This understanding can be beneficial if you are passionate about the club's success and want to contribute positively.

5. **Strategic Planning and Vision:**

- The Board plays a crucial role in setting the club's long-term vision and strategic direction.
- If you enjoy thinking strategically and envisioning the club's future, serving on the Board allows you to actively participate in this process.

6. **Personal Satisfaction and Fulfillment:**

- Volunteering your time and expertise can be personally fulfilling. Knowing that you've made a positive impact on the club and its members can be deeply rewarding.
- Serving on the Board is a way to give back to a community that you care about.

Remember that serving on the Board of Governors involves responsibilities, commitment, and adherence to governance best practices. It is essential to assess your willingness to dedicate the time and effort needed to fulfill this role effectively. If you are passionate about Boca West and its success, volunteering for the Board can be a meaningful and enriching experience.

So, in the end, what type of candidate are we looking for?

- Individuals who have been members of Boca West for at least three years and have some experience in club governance either at the community or committee level.
- Individuals who are independent thinkers and not afraid to speak up and are open to working as a team. You must be committed to a respectful, collaborative decision-making process.

We are confident that there are many of you who meet these criteria!

Please consider this challenge and contact me or my vice-chair, Enid Hoffman. If you have any questions or want to discuss your interest, we are both available at any time. Further information will be forthcoming. The final deadline for applications is November 10, 2024. This is step one in becoming a member of the Boca West Board of Governors.

Thank you again for your consideration.

We Make an Impact!

The Boca West Children's Foundation just completed another record year. More than $1,500,000 has been distributed to over 30 children's charity programs which aid more than 10,000 at-risk children in Palm Beach County.

The Foundation is able to make an impact with the help of the members of the Boca West Country Club, local businesses, the Palm Beach County Sheriff's Foundation and many other generous donors.

We operate in a non-traditional manner. Every year, we allocate nearly all our funds and begin each year with zero. From our inception, we did this because the urgent needs of vulnerable children require immediate attention. We view it as our responsibility to provide shelter, nourishment, clothing, education, and safety to "our" kids, and expend all our resources to do so each year.

At the start of our year, we work from scratch to keep our programs functioning. In September everyone will receive our Annual Member's Appeal. We hope you will help us continue our good works.

Our fundraising events this year will include:

- A Super Bowl Raffle Package
- **December 15** - Home for the Holidays Old Navy Shopping and Boca West Brunch with the kids from the Boys and Girls Clubs
- **January 18** – 15th Anniversary Gala
- **February 25** – 10th Anniversary Diaper Drive
- **March 24** – 13th Annual Golf Challenge
- Bikes for Tikes
- Pickleball Camp

We invite each and every one of you to join our foundation in making a lasting impact on children's lives. Whether it's through a donation, volunteering your time, or spreading awareness about our cause, your involvement matters. Together, we can provide them with hope, opportunities, and a brighter future.

CHAIRMAN'S LETTER

What a busy Summer it has been for our members here at Boca West! From Summer Retreat to a robust indoor and outdoor Wellness & Fitness class schedule, spa treatments, spending the day enjoying the Aquatics Center to dinner dances, dining, entertainment & lite bites, cards, game nights, retail promotions, sports & tournaments, art workshops - there are always so many fabulous choices throughout the days and evenings at Boca West Country Club.

In early July, the Dues Packet was mailed to the Membership. Given the July 31st deadline for eligibility of the 2024 Florida Freedom Sales Tax Holiday, many members have already remitted their dues payment. A gentle reminder, if you have not already done so, please complete the Dues form and return it with your payment. To avoid any late payment charges, the form and payment must be received no later than September 30, 2024. For your convenience, you may pay your annual Dues by credit card (plus a service fee of 3%). Special thanks to Enid Hoffman, Budget Committee Chair, Arthur Schwartzman, Budget Vice Chair, the entire Budget Committee, Kathy Campbell, CFO, Kris Nielsen, Controller, Matthew Linderman, President, COO & General Manager, the entire management team and professional staff for working so diligently on this budget, which your Board of Governors unanimously approved.

The Board of Governors and Management's work continues on throughout the Summer. This year, we have decided to add an August Board Meeting to our calendar, focused on key topics impacting Country Clubs. Discussion topics will span technology, security and long-range planning. I am looking forward to continuing our discussions, and keeping the momentum of collaboration your Board has achieved together, flourishing and focused on the best interests, proactive planning and needs of our global Boca West community.

While dedicating my time predominantly to the work here at Boca West, I've had the pleasure of spending precious time in our community. During a recent visit to the Intergenerational Classroom at the Volen Center in Boca Raton, I spent the morning with 19 local children ages three to four from the Fuller Center, a Hope Week Charity and charity partner of the Boca West Children's Foundation. I was given a delightful opportunity to read an interactive story about the enchanting world of the fictional 4-year-old, Harold and the Purple Crayon. During storytelling, I posed questions, and their answers were beyond delightful!

When asked what makes Harold's purple balloons float, one child jumped up with his hand raised high and said *"air"* while, yet another stood up and exclaimed *"God!"*. The children were then given "magic purple Crayola crayons" (just like Harold's) and drew their favorite adventure of Harold's to their imaginations content. All 19 children were well behaved, good listeners, excited to participate and imaginative. They truly made me smile and filled my heart with love. It was a morning well spent, as well as a fun and memorable experience for all.

We are all so proud of Boca West's long-standing commitment to its community which has led the way throughout its history in giving back in member volunteerism and support. We are blessed to have countless Boca West Members who give of their time and talents to a wide range of community charities. Hearing your stories and seeing your pride in giving back is a testament to what makes our membership so incredibly special.

I applaud the countless member heroes and their work as *Boca West Member Volunteers* of the *Gilda Mallin Chapter of Hadassah, The Pap Corps, Because We Care, Boca West Children's Foundation, Tri County Animal Shelter, Boca Helping Hands, Place of Hope, Lynn Cancer Center, Fuller Center, Boca Raton Regional Hospital and Habitat for Humanity of Greater Palm Beach County* to name a few. In the words of Margaret Mead, *"Never doubt that a small group of thoughtful, committed citizens can change the world. Indeed, it's the only thing that ever has."*

Together we can and do make a difference. Wishing you all a wonderful balance to Summer and a Happy Labor Day savoring time with family, friends and community.

Sincerely,

Jeanine Banks
Chairman of the Board & CEO
