LIGHT UP THE NIGHT

See pickleball in a whole new light!

Pickleball is a nationwide movement, with clubs and communities everywhere embracing the game. Yet at Boca West Country Club, the on-site pickleball professionals didn't want to just keep up with the phenomenon. They sought to take it to the next level.

While the Club offers 24 tennis courts, 25 pickleball courts and an impressive lineup of lessons and tournaments, it's the XGLOsive events that truly shine. Under black lights, players step onto neon-lit courts, wielding glowing paddles and rallying with fluorescent balls. The night pulses with energy as music sets the tone for friendly (or competitive!) matches. It's a high-energy evening of movement where having fun is the only rule that matters.

THE WORLD'S *most* TRANSPORTIVE PATHS TO WELL-BEING

NO FLIGHT REQUIRED

Being happier often begins with being healthier. Yet, today's wellness-minded travelers are seeking more than just a massage or a moment of calm. They're hiking the Dolomites for longevity, jetting to Switzerland for a lymphatic detox, or immersing themselves in holistic healing in Costa Rica. Experiencing the world's most transformative health and fitness experiences has become a destination in itself.

But what if achieving that level of wellness didn't require a passport? Boca West Country Club has made it its mission to bring that caliber of global wellness retreats into everyday life. Through its Live Well Program, Members are empowered to shape their own journey.

That might mean nourishing the body with nutrient-rich dishes, moving with intention through personalized fitness sessions, or finding connection on the dance floor during a ballroom class. For some, it's focusing the mind with morning meditation. For others, it's restoring balance through targeted treatments.

At the heart of this holistic approach lies The Spa at Boca West Country Club. More than just a place to unwind, the spa is designed as a space where Members can leave feeling rejuvenated, refreshed, and ready to face the world.

The Five Pillars of Living Well

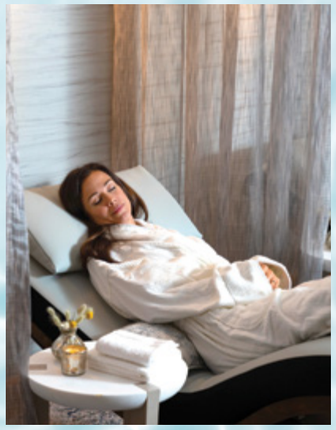

Nourish
Fuel your body, energize your mind, and savor the joy of eating well.

Move
Motion is the foundation of vitality.

Connect
Well-being flourishes in meaningful connection.

Focus
Calm the noise. Center your mind.

Recover
Healing, restoration, and rest are essential.

Everything is designed to leave you feeling rejuvenated, refreshed, and ready to face the world.

Upon arrival at the spa, you're greeted with the calming sound of a gentle waterfall.

The oversized heated pools are reminiscent of ancient Roman baths.

The LANGUAGE *of* WATER

Water marks the beginning of the wellness journey. Long revered for its ability to calm the nervous system, it remains one of the most powerful elements in the pursuit of well-being. Soothing marine hues and the sound of cascading waterfalls guide Members from the arrival area to separate men's and women's spaces inspired by ancient Roman baths. Oversized heated pools with whirlpool jets, along with steam rooms and saunas, invite peaceful immersion.

Spa Experience Showers

Next, the Spa Experience showers introduce contrast therapy. The alternation of hot and cold has been used to stimulate circulation, boost immunity, and support muscle recovery. Four distinctive options await: Sensory Cascade mimics a waterfall with targeted body jets; Elemental Escape offers Rain, Cool Mist, and Tropical Waterfall settings; Zenergy cycles through four patterns or a relaxing seated version; and SnowBliss recreates the invigorating sensation of winter snowfall.

The Rainforest Room

The Asian Suite offers a variety of unique treatments from around the world

Red light therapies rejuvenate skin health

A WORLD *of* WELLNESS SUITES

From there, the 23 themed treatment rooms reflect global healing traditions. In the Asian Suite, Thai massages unfold on a specialty mat placed low to the ground, using rhythmic compressions and yoga-style stretches to encourage flexibility and balance.

The Rainforest Room, with its tropical aromas and sounds of a gentle waterfall, offers an entirely different escape. This room sets the tone for treatments like the Pure Fiji Vitamin C Brightening Facial, designed to smooth, brighten, and even skin tones with the power of island botanicals.

In the Old-World Suite, marble columns and intricate stonework set the stage for the Hamam ritual. This detoxifying treatment begins with a full-body scrub and steam shower, followed by a Moor Mud masque, a mineral soak, and a customized massage infused with Marine Magnesium.

These globally inspired treatments are just one facet of the Live Well program's holistic approach to wellness. From outdoor massages and alfresco lunches in the Spa Garden to moonlit yoga and meditative sound baths, every experience is carefully curated to help Members cultivate balance, vitality, and joy. It's all part of a more intentional way to Live Well.

Boardwalk Treats is a fan-favorite dessert cooler on wheels, cruising through the Aquatics Center and around the Club with frozen goodies, nostalgic candies, and hand-held treats perfect for cooling off under the sun. Whether it's an afternoon ice cream bar or a quick sugar fix, this mobile sweet shop brings smiles wherever it goes. For heartier fare, Roadside Cravings is Boca West's very own food trailer serving up casual, on-the-go favorites like burgers, sandwiches, fries, and more. Rotating throughout the community, it's a welcomed sight whether you're finishing a round of golf, heading to an event, or just in the mood for something fast and flavorful. We rely on an accomplished team of trendsetters and tastemakers, visionaries and vanguards, to relentlessly reimagine and revolutionize the offerings at Boca West Country Club with an eye toward tomorrow, an ear to our Members, and a mind on the values that have earned Boca West Country Club distinction by Platinum Clubs of America and The World as the Nation's #1 Private Residential Country Club Lifestyle year after year after year.

The power *of* a PROMISE

The pursuit of excellence at Boca West Country Club doesn't start with Members. It starts with its employees. Every staff member is united by a shared PROMISE to continually reimagine what country club living can be. Boca West invests deeply in its people, providing the care, resources, and opportunities that allow them to flourish. That dedication radiates through every welcome, every detail, and every moment shared with Members. After all, when loyalty and innovation meet passion, service transforms into something far greater.

STAMPED IN *Style*

Inside the Golf & Activities Center, The Boutique celebrates Boca West Country Club style in every detail. Shelves are stocked with apparel, hats, golf gear, water bottles, and more that proudly bear the BWCC logo. It's a one-stop destination for Members to wear their pride, share it with others, or carry a piece of the Boca West legacy wherever they go.

the CLUB POUR

It's a concept brought to life daily at THE LIVING ROOM

What's the difference between a place you visit and the community where you reside? Being a number and being a Member? At Boca West Country Club, we define that disparity with a simple metaphor: The Club Pour.

It's a concept brought to life daily at The Living Room, our signature bar and lounge. From the moment Members step inside, they're met with genuine warmth and the kind of attentive service that makes every visit feel special. Favorite seats are remembered. Drink preferences are known. Hors d'oeuvres arrive just in time. And each evening, live music sets the tone for relaxed conversation.

The Living Room, like every venue, is committed to giving Members more than they expect. It's a high bar, but one we embrace with pride. After all, delivering the exceptional isn't just the goal at Boca West Country Club. It's the standard.

Bespoke WITH THE *best* TECH

Much like a custom wardrobe enhances your appearance, the right technology can transform your game. At Mr. D's 19th Hole & Drive Suites, every swing comes with instant feedback thanks to InRange® technology, the cutting-edge ball-tracking system that powers each hitting bay. This advanced system tracks ball speed, distance, and accuracy in real time, allowing golfers to monitor progress, fine-tune technique, and even compete in fun, skill-based challenges with friends. Whether you're practicing for your next round or enjoying a casual evening on the range, InRange® makes every shot more engaging and informative. Golfers at all levels will also want to attend our Demo Days to try the newest clubs from top brands and purchase them at a discount off the normal Member price.
