# PRESIDENT'S LETTER

## Dear Members,

February and March were truly incredible and bustling at the Club! We had two unforgettable nights: **An evening with Pia Toscano** and **Tanglewood at Boca West** last month. Now, we look forward to special memory-making family moments ahead, beginning with our **Passover Seder Dinners** on April 1 and 2, followed by our **Easter Champagne Brunch** on Sunday, April 5 and **Mother's Day Champagne Brunch** on Sunday, May 10. Be sure to make your Mother's Day reservations by April 12 to celebrate the incredible moms in your life, Boca West style.

As tradition continues, we hope you'll join us for excitement of the upcoming horse races; **The Kentucky Derby** on May 2, **The Preakness** on May 16 and **The Belmont Stakes** on June 6. Stop by Grand Central to watch the races and enjoy specially priced craft cocktails.

**I am once again proud to share that Boca West Country Club has once again been recognized as a Top Workplace USA.** ***This marks the SEVENTH consecutive year the Club has received this prestigious honor!*** What makes this recognition especially meaningful is that it is based entirely on feedback from a research-backed employee engagement survey conducted by Energage, an independent survey company. Receiving this award seven years in a row is a true testament to the strength of our culture and the dedication of our incredible team. I am truly blessed to lead such passionate and committed individuals, and I am deeply grateful for everything they do for all of us.

I hope you have been following the exciting progress of our **Club Capital Improvement Program** through the Club's microsite **Field Notes**. As of the writing of this article, momentum continues across all major projects, with the **Loading Dock expansion** being completed this Summer, and future **Administration and Operations Building** progressing steadily and on track for completion by early 2027. At the **Racquet Sports Complex**, Phase 1 is advancing at an impressive pace. The interior of the Pickleball Shoppe is nearing completion, and significant progress has been made on the courts. The north "L"-shaped covered courts are taking shape, with curb work completed, fence posts installed, and the final layers of rock and asphalt being poured and graded. At the Tennis Stadium Court, both grading and curb work have been successfully completed and we anticipate opening in the next few days.

**As we look ahead to the opening of the West Racquets Facility by mid-May**, including the highly anticipated Pickleball Center, planning is already underway for Phase 2, with **construction of the East Racquets Facility scheduled to begin this May**. We have also officially commenced the next chapter of the **Course I re-envisioning**, with construction beginning on March 2 and early site work well underway. This includes the installation of silt fencing and protective barriers thoughtfully designed to preserve and safeguard the mature live oaks throughout the construction process. This summer will also bring the start of the **Golf Locker Room** renovations, along with our new card rooms, flexible meeting room and newly refurbished Palmer, Fazio and Dye rooms. **As a reminder, this month Members are kindly asked to empty their golf lockers by April 15 in preparation for this transition.**

These transformative projects reflect our continued investment in the future of Boca West, ensuring that our Members enjoy an exceptional experience today while shaping an even more dynamic and vibrant Club for years to come.

**We also recognize a new and evolving challenge within our community, the continued increase in vehicle volume across the Club.** As our membership has changed, and new resident Members have moved in in recent years, so too has daily parking demand, with our Valet team now accommodating significantly more vehicles each week. While larger events contribute at times, the daily increase you see reflects the vibrant and active lifestyle enjoyed by our Members and their guests. In response, the Board and management team are actively working with design consultants to develop thoughtful solutions that support our continued growth. This includes evaluating enhanced parking configurations in the overflow area across from the Lifestyle Center, as well as exploring the potential for a future valet garage expansion. **As plans and associated costs are finalized, we look forward to sharing these concepts with the Membership for consideration, possibly in 2027.**

Beginning late June through July, the Club is proud to celebrate **America's 250th birthday** with a full month of festive events and special promotions across the Club. From Retail and Golf to Racquet

Sports, Dining, and Activities, Members can look forward to a vibrant lineup of experiences designed to honor this historic milestone. Whether enjoying themed events, exclusive offerings, or family-friendly celebrations, there will be something for everyone to enjoy throughout the Club. Be sure to look for details throughout the June/July issue to make the most of this exciting month of celebration.

Our **Summer Guest Policies** in the golf, racquet sports and fitness & aquatics departments go into effect May 1. For complete details, see each department's section for specific details, check the Club's website, contact the individual department or speak with a staff member in the Membership department and they will be happy to review them with you.

The Department Heads and I greatly appreciate all the thoughtful feedback, including the comments and suggestions you've shared with us this season. Please know that every inquiry is carefully reviewed and discussed to ensure we continually improve each event, venue, and activity to its fullest potential. If you have any ideas, thoughts, or suggestions for the upcoming season, we encourage you to reach out to the Chairman or department head of the relevant area. They'll be happy to share your idea with our Management team and bring it up at their next committee meeting. We're excited for another productive and successful year, working alongside all of the newly appointed committees.

A friendly reminder that our online Member Directory is intended for the use and convenience of Boca West Country Club members only. This information should not be used for phone calls, written or email solicitations, or bulk mailings of any kind. Please respect the privacy of our members and neighbors who have agreed to share their information online. Misuse of this directory may result in the loss of membership privileges. If you believe someone has misused the roster, please contact us immediately at communications@bocawestcc.org.

As we move into summer, I'm excited for all the great moments ahead. Your feedback is always appreciated, so please continue to share your thoughts and suggestions.

Sincerely,

Matthew Linderman, CCM
President, COO & General Manager

New Zealand's wine industry, though relatively young, has made a remarkable impact on the global wine scene. Characterized by its pristine landscapes, cool maritime climate, and innovative winemaking, New Zealand produces wines of exceptional quality and distinct character. New Zealand wines are characterized by their purity, intensity, and vibrant flavors. The country's commitment to quality and sustainability has solidified its position as a leading producer of world-class wines. Marlborough and Hawke's Bay represent two of New Zealand's most significant and distinct wine regions, each contributing uniquely to the country's reputation for world-class wines. Marlborough, located at the northeastern tip of New Zealand's South Island, has firmly established itself as the country's premier wine region, and indeed, a significant player on the global wine stage. It's particularly celebrated for its distinctive Sauvignon Blanc, which has become a benchmark for the variety worldwide. Hawke's Bay, located on the east coast of New Zealand's North Island, is a region steeped in winemaking history and renowned for its diverse range of high-quality wines. It's often referred to as the "fruit bowl" of New Zealand, owing to its warm, sunny climate and fertile soils.

Around the perimeter you can see that the old cart paths have been removed and the team has begun the initial mass grading process that will shape the foundation of the new short course.

This image, taken from the west side looking back toward the former second green behind the Lifestyle Center, highlights another area where mass grading has begun. This location will ultimately serve as both the starting point for Hole 1 and the finishing hole for Hole 9 of the new short course.

# THE SHOPPES AT BOCA WEST

## RETAIL WITH PURPOSE: BRANDS THAT GIVE BACK

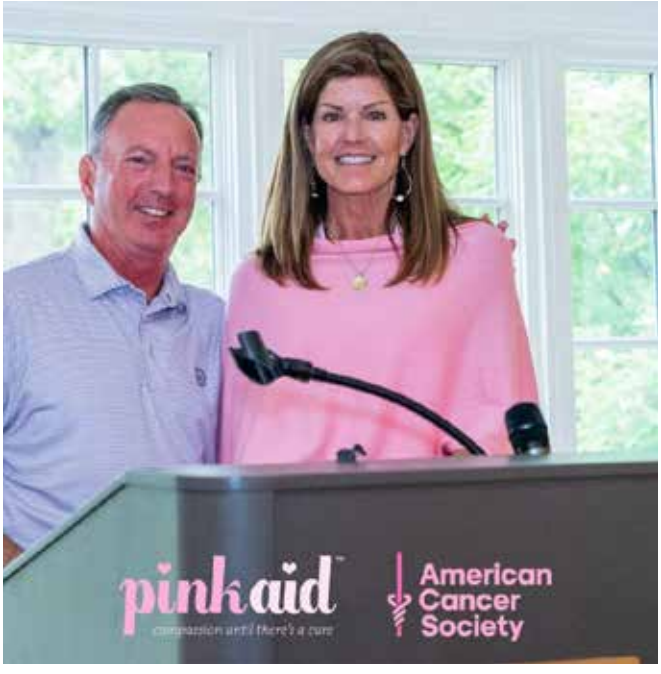

Our Retail department is proud to partner with brands that do more than deliver exceptional style and performance. We are proud to partner with vendors that make a meaningful impact. This month, we are shining a spotlight on two standout partners, **Golftini** and **Cabana Life**, whose missions extend far beyond the fairway and the pool deck.

## BEHIND THE BRAND: GOLFTINI

Fashion forward, feminine, and functional, Golftini has redefined women's golf apparel. Behind every flattering skort and polished piece is a powerful purpose.

Golftini's mission is to empower women on and off the course, bridge the gap between fashion and traditional women's golf apparel, and use its platform to raise awareness and funding for breast cancer research. The brand proudly partners with the American Cancer Society, donating a percentage of all sales to support lifesaving research.

**A Personal Promise** - For founder **Susan Hess**, the cause is deeply personal. She was just 14 years old when her mother passed away from breast cancer. In the early 2000s, while building her Chicago based company from the ground up, Hess did not yet have the resources to make large financial contributions. Instead, she donated a skort with each order for golf clubs to raffle, ensuring proceeds would benefit breast cancer organizations.

"From the beginning, I have been trying to do whatever I can," Hess shares. "Now I have room to do more and have leaned into the cause, which I feel really good about."

Today, Golftini contributes to research through the American Cancer Society and donates a portion of proceeds from all sales to various breast cancer organizations, always guided by the philosophy of compassion until there is a cure.

Every Golftini garment, regardless of style or color, features the signature light pink martini logo in tribute to Hess's mother. It is a subtle but powerful reminder of the brand's heart. Hess also uses her social platform for important public service reminders, encouraging women to schedule mammograms and prioritize early detection.

"It is our mission to help people we can help, and to make a difference."

At Boca West, we are proud to carry a brand that pairs elevated style with unwavering purpose. Each season, Golftini donates an outfit to our Play for Pink fundraising event.

## CABANA LIFE: FASHION MEETS SUN PROTECTION

CABANA LIFE

For 20 years, Cabana Life has been designing UPF 50+ pieces you actually want to wear while enjoying life in the sun. Like Golftini, this brand's story is rooted in something far deeper than fashion.

**It Is About Spreading Awareness** - Did you know that 1 in 5 Americans will be diagnosed with skin cancer by age 70? Founder Melissa was just 26 when she was diagnosed with melanoma. Shocked to learn how little protection her everyday clothing provided, she set out to create a brand that would change that reality.

**It Is About Protecting Yourself** - A typical white T shirt offers only about UPF 7 protection, far less than most people realize. All Cabana Life fabrics are rated UPF 50+, blocking 98 percent of the sun's harmful rays. That means maximum protection without sacrificing comfort or style.

**It Is About Confidence** - Sun safety does not have to be boring or complicated. Cabana Life collections are filled with vibrant colors, preppy prints, and flattering silhouettes that seamlessly integrate stylish sun protection into your daily routine, from morning tennis matches to beachside vacations.

**It Is About Being Educated** - Approximately 86 percent of melanomas result from exposure to ultraviolet radiation from the sun. Skin cancer is often referred to as a lifestyle disease because its greatest risk factors are linked to a lack of protection. The good news is that it is never too early or too late to start protecting your skin.

**It Is About You** - Cabana Life is a sun protective lifestyle brand designed to educate and empower. Early detection saved its founder's life. Prevention can help save countless others.

But their commitment goes even further.

Cabana Life actively supports skin cancer research and awareness by donating 100 percent of net proceeds from their Meaningful Merch and Cabana Lifeline collections to the **Melanoma Research Foundation**, helping to fund research, education, and free skin cancer screenings. Their Live Bright Bag, launched during Skin Cancer Awareness Month, donates 100 percent of proceeds to the **AIM at Melanoma Foundation.**

They also give back at the local level. Through sample sales, 25 percent of purchases have supported various community charities. Their Cabana Cares events allow a portion of a dedicated shopping event to benefit a chosen cause. It is thoughtful, intentional giving that makes a real difference.

Approximately 86 percent of melanomas are linked to ultraviolet radiation exposure. The good news is that skin cancer is largely preventable with proper protection and awareness. Cabana Life makes it easy to build sun safety into your everyday routine without sacrificing style.

Because true style is not just about what you wear. It is about what you stand for. When you shop Golftini and Cabana Life, you are investing in more than just beautiful apparel. You are supporting brands that are committed to research, education, prevention, and hope.

# TWO SPORTS, ONE COMMUNITY

Tennis and pickleball, while different in pace and style, share something far more important than the courts themselves. They share the ability to bring people together. At Boca West, racquet sports are more than just games, they are a daily gathering place where friendships are formed, competition is embraced, and a sense of belonging is created. Whether it's the rhythm and tradition of tennis or the energy and accessibility of pickleball, both sports offer something unique, yet equally powerful. They meet players where they are, challenge them to improve, and reward them with experiences that go far beyond the score.

From a health and wellness perspective, few activities deliver the total body benefits that racquet sports provide. Both tennis and pickleball improve cardiovascular endurance, agility, balance, and coordination, while also sharpening mental focus and decision-making. But what makes them truly special is that they don't feel like exercise. They feel like connection. They feel like competition. They feel like fun. And that combination is what keeps people coming back day after day, building habits that support not just physical health, but overall well-being and longevity.

What makes Boca West exceptional is how these two sports come together to create something even greater than the sum of their parts. They create a culture. A culture where lifelong tennis players are inspired by the growth of pickleball, and new pickleball players discover a passion for racquet sports as a whole. It's a community that is constantly evolving, yet grounded in the same core values of sportsmanship, inclusivity, and camaraderie. And as both sports continue to grow, so does the opportunity to strengthen connections, elevate experiences, and continue building one of the most vibrant racquet sports communities anywhere.

# *Move* BETTER, *Play* BETTER: WHY FOOTWORK *Matters*

Footwork is the foundation of success in both tennis and pickleball, and while the courts and pace differ, the principles are nearly identical. Efficient movement allows players to arrive balanced, in control and ready to execute quality shots instead of reacting late or off balance. In tennis, this shows up through strong lateral movement, split steps, and quick recovery positioning, while in pickleball it appears in fast first steps, controlled shuffles, and precise positioning at the non-volley zone. In both sports, strong footwork leads to fewer errors, better short selection, improved stamina and greater court awareness, making the game feel smoother, more consistent and more enjoyable.

### BOCA WEST CHAPTER of THE PAP CORPS

A WORLD WITHOUT CANCER...

Thank you for helping us raise vital funds for cancer research at Sylvester Comprehensive Cancer Center. Your generosity and participation make an extraordinary impact.

Our season featured sold-out events — from "Lunch with the Author" to a dazzling Bloomingdale's fashion show — our community showed up with spirit and heart. Our Hope Week in January was an inspiring success. New members joined together to assemble comforting chemo gift bags for patients at Sylvester, a gesture that brought comfort and warmth to those in treatment. "The Day at the Theater" offered an afternoon of connection and an outstanding performance, while our "Play It Your Way" Card Party brought together more than 500 members and guests for shopping, dining, raffles, and the games they love. The energy was nonstop, and the day flew by.

There is still more to enjoy this season, including several exciting sporting events. In April and May, PAP will also host complimentary seminars to help BWCC members learn more about our mission and Sylvester's groundbreaking cancer research.

Next season is already taking shape as one of our most engaging yet. We will proudly celebrate 30 years of PAP at Boca West Country Club, marking this milestone with unique events and meaningful initiatives. Our New Member Campaign will highlight the value of lifetime membership and offer each member five raffle tickets for a chance to win the annual club dues drawing. We are also delighted to welcome back Dr. Daniel Isom, the featured speaker for our Opening Breakfast in October. Do not miss our upcoming *"Denim For Babies Day"*, a community-wide effort to raise awareness and support for pediatric cancer research. All Boca West members will be invited to take part in this meaningful event.

It has been a wonderful and enormously successful season — made possible only because of you. Your support, kindness, and commitment fuel everything we do. We are so grateful.

### BOCA WEST CHORUS

BOCA WEST MASTER ASSOCIATION

*Keeping Boca West Safe and Beautiful*

***Sean Lenehan,*** *Chairman BWMA Safety & Security Committee*

***Chief Joseph Lastella*** *Director of Security*

# YOUR SAFETY IS OUR #1 PRIORITY

We all live here and enjoy our lifestyle which includes the safety on our roads. Understandably we have all been in situations where we are in a hurry to get to our desired destination. Remind yourself you will arrive safely by following the speed limit, stopping at stop signs and following all the rules of the road. These are not suggestions, but are for everyone's safety including yours.

Over the past few years there has been a substantial increase in full-time residents as well as visitors and vendors. Last month there were a combined 290,987 vehicles accessing gates of which 90,496 were guests and 200,491 were residents.

Along with the increase in vehicular traffic, there have been many more walkers, runners and bike riders in the community.

Please be reminded that the speed limit in the entire community is 30 MPH. All drivers, including golf carts, are required to come to a complete stop at stop signs as well as following 4-way stop protocol.

Several accidents resulted in residents and guests being transported to the hospital with serious injuries.

**A full stop is required even when taking a right-hand turn.**

This is also a requirement for golf carts. Several people have been injured when hit by golf carts.

Citations are being issued for speeders clocked on cameras placed in constantly changing parts of the community. At this time, the security staff is located at various busy intersections issuing stop sign violation notices.

Please be reminded that the safety of our residents, guests and staff is our top priority. Your cooperation and strict adherence to all traffic regulations within the community are expected and greatly appreciated.

# CHAIRMAN'S LETTER

## Dear Members,

It is truly an honor to be selected as Chairman of the Board, and I am grateful for the confidence placed in me by my fellow Board members to serve in this role. I would like to begin by thanking our immediate past Chairman, Jeanine Banks, for her leadership, dedication, and steady guidance over this past year.

With both pride and a bit of sadness, we recognize the service of two Board members, Jeanine Banks and Dr. Phil Edwards, who have each completed six years of distinguished service, including two years each as Chairman of the Board. Throughout their tenure, they contributed countless hours on numerous committees and played an important role in helping to build the strong foundation our Club enjoys today. Their dedication, thoughtful leadership, and willingness to serve have made a lasting impact, and we thank them for their many contributions.

At the same time, we are pleased to welcome three new members to the Board of Governors, including Gary Berkowitz, Jeffrey Lasker and Robert Roth. We also congratulate Robin Shulman on being selected to serve a second three-year term. I am likewise grateful for the opportunity to continue serving for another term, and I remain firmly committed to working with the Board and our management staff to ensure the continued growth and success of our Club.

Our Annual Meeting, held on February 27, was well attended, with strong participation both in person and virtually through our live broadcast. It was encouraging to see such interest in the business of the Club, as member engagement is one of the strengths that makes our community so special. At our first Board meeting of the new term, held on March 12, officers were elected and committee leadership assignments were made for our Board Oversight Committees, including Audit, Budget, Community Advisors, Finance, Human Resources, Information Technology, Legal, and Long-Range Planning.

Our membership-participating Standing Committees including Communications & Marketing, Golf, House & Activities, Lifestyle & Wellness, Racquet Sports, and Retail are now being formed, with Board leaders and Department Heads working together to select members, set schedules, and establish goals. I thank all who have volunteered, as many of our best ideas and most successful programs begin with committee involvement.

From a financial standpoint, the first five months of our fiscal year have been very strong, with operating results reflecting a positive variance to budget in excess of $500,000. Careful planning and responsible oversight continue to position the Club well for the future. In fact, preparations are already underway for the 2026–2027 budget process, which begins early each year to ensure that we remain proactive in addressing both opportunities and challenges.

We are also making excellent progress on our current Club Improvement Program. We are eagerly anticipating the formal opening in May of our new Racquets Sports Complex, which will feature both Tennis and Pickleball facilities. This will be followed by construction of the East Racquets Complex to include 14 Tennis Courts, along with 44 additional parking spots as we convert two Tennis Courts to parking, with completion expected later this fall.

In early March, we held a groundbreaking ceremony following the closing of Course 1. Construction is now actively underway on the redesign of the course, along with our new 9-hole short course and 18-hole putting green. We are hopeful that the short course and putting green will be ready by the fall, with Course 1 scheduled to reopen in early December. We believe that these projects represent an exciting step forward in enhancing our overall member experience.

As always, your Board of Governors continues to evaluate important issues affecting the Club. One area currently receiving particular attention is parking, which has become more challenging, not only during special events, but also during normal daily activity. Both short-term and long-term solutions are being explored, and we will keep the membership informed as plans develop.

I look forward to working closely this year with Matthew Linderman and the Master's Association leadership, as well as, with our entire professional staff to ensure that we continue to communicate openly and keep the membership informed on matters of importance. Transparency, thoughtful planning, and member involvement will remain priorities for this Board.

I also want to extend my heartfelt wishes for a happy Passover and a joyous Easter to all who celebrate. These holidays remind us of renewal, hope, and the importance of family and community; values that are at the heart of our Club.

**Together, we will continue to build on the strong traditions of our past while planning confidently for our future.**

Sincerely,

*Arthur Schwartzman*

Arthur Schwartzman
Chairman of the Board & CEO
