PRESIDENT'S LETTER

Dear Members,

As Summer returns to Boca West, we invite you to make the most of the sunny season with a full lineup of unforgettable experiences from dining and social events to golf, racquet sports, wellness programming, and family activities, there is something for everyone to enjoy! If you haven't already, please take a moment to browse our **Summer Brochure**, packed with events and activities, with more events in the works. You won't want to miss out!

Last month, we celebrated our wonderful "Moms," and this June, it's time to honor all the special men in our lives...our amazing "Dads"! Join us for a **Father's Day Brunch** on Sunday, June 21 at Panache, featuring all of Dad's favorites, along with a complimentary Bloody Mary just for him!

Congratulations to our very own, **Austin Jarchow, *PGA Teaching and Performance Coach,*** who qualified to compete in the PGA Professional Championship, that took place April 26-29 at Bandon Dunes Golf Resort in Oregon. Austin earned his spot by capturing the Midwest Section Championship last July by five strokes. He was in a select field of 320 PGA Professionals representing all 41 PGA sections from across the country. Please congratulate him on this incredible accomplishment.

We hope you'll join us for **America's 250th Celebration,** taking place July 3 – 5 at the Club. A full weekend of experiences blending recreation, fitness, dining, and social events in a festive and patriotic atmosphere for all ages to enjoy:

- The weekend kicks off on **Friday, July 3** with active events including the Stars & Stripes Golf Tournament and a *Born in the USA* Spin Class. Members participating in the golf tournament are encouraged to decorate their golf carts and wear their best patriotic attire. For members not golfing, you can still join in the fun and show your patriotic spirit during our new *Golf Cart and Walking Parade* starting at 8am by the driving range. By evening, we transition to a lively social celebration with the *4th of July Dinner Dance* in Panache, casual lawn dining at Roadside Cravings on the Golf & Activities Center Lawn, and a relaxing Sunset Swim at the Aquatics Center.
- **Saturday, July 4 - Independence Day** will be filled with activities around the Club that include fitness classes, a tennis tournament, and a variety of family-friendly fun. Afternoon highlights include poolside celebrations, *4th of July Smoker* in Panache, and *Independence Day Poolside* with children's activities that include games and face painting. Members can also enjoy a special Sidewalk Sale in the Golf Shoppe will run throughout the holiday weekend.
- The celebration concludes on **Sunday, July 5** with a more relaxed pace focused on wellness and friendly competition, including a *Barre workout* and a *Pickleball Tournament*. We look forward to celebrating this historic milestone together.

I hope you have been following the exciting progress of our **Club Capital Improvement Program** through the Club's microsite **Field Notes.** As of the writing of this article, momentum continues across all major projects with the **Loading Dock expansion** being completed this Summer, and future **Administration and Operations Building** continues to progress steadily and remains on track for completion by early 2027. Significant progress is also being made on the **Course I re-envisioning,** where construction activity continues to advance at an impressive pace. This past May, renovations and refurbishments commenced on the **Golf & Activities Center building.** Phase 1 of this project includes Golf Locker Room renovations, along with our new card rooms, flexible meeting room, and newly refurbished Palmer, Fazio, and Dye Rooms. As a reminder, access to these construction areas is off limits; however, the library and stairs leading to the Golf Pro Shop remain accessible - at this time.

In May, we proudly celebrated the completion of phase 1 of the **Racquet Sports Complex** with a special Ribbon Cutting ceremony. **The West Racquets Facility is now officially open,** and we have been overwhelmed by the positive response from our Racquet Sports community. We are thrilled to see the excitement surrounding these outstanding new amenities, including the highly anticipated Pickleball Club, stadium court and event lawn. Momentum continues with at Racquets with phase 2 of construction now underway on the East Racquets Facility.

These transformative projects continue to shape the future of Boca West, enhancing the exceptional lifestyle and experiences our Members and their families can enjoy today while positioning the Club for generations to come.

By now you will be seeing many new faces around the Club. As I've mentioned before, we have Hospitality Management Interns from Universities around the Country as well as J-1 visa students from Portugal. **Thank you for your warm welcome, patience and**

kindness with our Staff as they get orientated and trained and become familiar with their surroundings.

I am pleased to share that **Karima Lanfranco has been promoted to Director of People and Culture (HR).** Since joining us just over a year ago, Karima has made a strong impact. She has been a key partner to our Department Heads and a steady resource for our teams, while also helping to reinforce our PROMISE culture. Our Staff regularly seek her out for guidance, which has developed naturally and speaks to the trust she has built across the Club. We are excited for Karima to take on this new role.

Behind the scenes, our annual summer repair and maintenance program is now underway throughout the Club, including work in our restaurants and other Member areas. Each year, during the quieter summer months, we strategically schedule these projects and temporary building closures to complete important upkeep while minimizing disruption to your daily routines. After the July 4th holiday we will be replacing the worn carpet in the Grand Ballroom and the heavily traveled pre-function hallway, in between the Cypress and Palm Rooms, converting from carpet to tile. Since the building refurbishment in 2020, these areas have experienced significant foot traffic, and we feel tile will last much longer. Once we have more information, we will share the details of timing and impact to the Membership. Please watch your emails for updated dining schedules and our weekly email *This Week at Boca West.*

The budgeting process for 2026/2027 has been in full swing for several weeks. Your Budget Committee and Department Heads have been working hard to present the Board with a balanced, forward-thinking plan that supports the exceptional quality of service and programming you've come to know here at Boca West.

A reminder to always show your membership card and/or MEMBER ID on the app when checking into all facilities at the Club, this includes your Gold Card family members as well. **Please ensure Gold Cards are activated in order for your family to use the Club's facilities without Members present.**

As always, I encourage you to share your thoughts and suggestions with us. It's your Club, and your feedback helps us continue to grow and improve. I look forward to seeing you around the Club this summer!

Wishing all the fathers in our community a joyful Father's Day and everyone a safe and festive Fourth of July. As a father, few moments are more meaningful than watching your children reach important milestones, and this May our family was fortunate to celebrate two very special occasions together... our youngest daughter, Sophia, turning 21, and our oldest daughter, Alexa, graduating from University of Central Florida. Moments like these serve as a heartfelt reminder of how quickly time passes and the importance of cherishing time with family, friends, and loved ones.

Sincerely,

Matthew Linderman, CCM, ECM
President, COO & General Manager

COURSE I CONSTRUCTION UPDATE

Taken from the north, this view looks down Hole No. 2 with the new par 3 third visible in the distance. The returning par 5, Hole No. 4, can be seen on the left side of the image. Along the far-right edge, a new berm is beginning to take shape and will help buffer both visibility and sound from the Florida Turnpike while enhancing the overall golf experience throughout this portion of the property.

Captured from the east looking back toward the Turnpike, this image highlights the incredible scale of work taking place across the property. Hole No. 18 can be seen on the right, while Hole No. 1 extends down the far-left side of the image. The amount of shaping, grading, and infrastructure work underway continues to transform the entire site.

This aerial image looks south across the future short course. The new starter building is visible in the bottom left corner, while the outlines of several greens have now been established throughout the property. As shaping continues, the vision and routing of the short course become more defined each week.

Taken from the west looking east toward the Lifestyle Complex, this image showcases Hole No. 1 coming toward the viewer on the right and Hole No. 18 returning toward the clubhouse on the left. The center of the image represents the highest point of elevation on the property and will ultimately become the site of the new par 3 eighth hole, which will play dramatically downhill toward the lake on the right-hand side.

Looking from the south to the north, this image captures Holes No. 15, 16, and 17. Significant earthwork operations are ongoing throughout this corridor, including the construction of a new berm that will help separate Holes No. 15 and 17. Akoya can be seen on the right side of the image, with Lakewood visible on the left.

GRIEVANCE COMMITTEE

As the new Chairman of the Grievance Committee, I would like to take a moment to review with the membership the rules under which the Committee operates.

As a private club, Boca West Country Club has the authority to discipline individuals within its community. The authority to define unacceptable conduct and to impose discipline rests with the Club's Board of Governors ("Board"), which bases its decisions on recommendations from the Grievance Committee. This process is set forth in Article X, Section 10.02 of the Club's Bylaws.

The grievance process addresses alleged violations of the Club's governing documents, as well as conduct that interferes with the welfare, safety, harmony, or reputation of the Club, or with relationships among Members and between Members and staff. It applies to all Members, who are responsible not only for their own conduct, but also for that of their family members, Gold or Pink Card holders, business or other invitees, lessees, and guests.

The Grievance Committee consists of 11 non-Board members who meet regularly to hear grievances. As part of the process, the Member who is the subject of a grievance is invited to appear before the Committee and is given an opportunity to share their perspective. The Committee reviews testimony from both the complainant and the accused, considers witness statements and other evidence, and evaluates any defenses or explanations offered.

Following its review, the Committee submits a report to the Board with its recommendations. The Board then reviews the report, discusses the matter, and renders a final decision. The Member is notified of the decision and has forty-five (45) days to appeal. The Board retains final authority and makes the ultimate determination.

I hope this helps everyone better understand the Grievance process.

Sincerely,

Philip Edwards

Boca West's Summer Internship Programs

Each summer, our Club comes to life in a unique way as we welcome a dynamic group of people from across the country and around the world. Through our Hospitality Management Internship (HMI) program and our J-1 International Internship program, these individuals bring fresh energy, diverse perspectives, and a shared passion for hospitality to our community.

But more than that, they become part of our Boca West family.

Our HMI program partners with top hospitality schools to provide 20 college students from over ten programs with hands-on, real-world experience inside one of the nation's leading private clubs. Interns rotate through key departments – including food & beverage, golf operations, racquet sports, retail and lifestyle & wellness – to get a comprehensive understanding of what it takes to deliver a world-class private club experience.

From supporting signature events to engaging directly with members, these students are immersed in the rhythm of club life, building skills that will shape their future careers in hospitality and beyond.

Equally impactful is our J-1 Internship Program, which brings 40 international students, mainly from Portugal, to Boca West through a cultural exchange experience. Their presence enriches our team and enhances the member experience, creating meaningful connections that go far beyond service.

It's not uncommon to hear a member say that one of their most memorable interactions of the season came from a conversation with a student of one of these two groups of team members.

Through daily interactions, team collaboration, and real-time service moments, interns learn what it means to deliver excellence with care, consistency, and professionalism.

While these programs are designed for growth and development, they also play an important role in enhancing our member experience. With many members enjoying amenities year-round, having an engaged and talented seasonal team helps ensure the outstanding service you've come to expect never wavers. These programs help us remain fully operational, vibrant, and forward-thinking—all while shaping the hospitality leaders of tomorrow.

Interns bring enthusiasm, attentiveness, and a genuine desire to learn. These qualities naturally translate into thoughtful service and meaningful engagement. Their presence allows our teams to operate at a higher level, especially during the not-so-slow summer months, while continuing to deliver the personalized attention our members expect.

For many interns, their time at Boca West becomes a defining chapter in their professional journey. And for us, it's an opportunity to shape the future of hospitality — one experience, one lesson, and one relationship at a time. Please join me in welcoming them with open arms.

Sincerely,

Robert Roth

TREASURER'S REPORT

Six Months Ended March 31, 2026

It is hard to believe we have closed another season at Boca West. The Club's vibrancy and excellence continue to surpass the year before. Our restaurants, happy hours, events like Tanglewood and the Bronx Wanderers, card rooms, golf rounds, and racquet sports programs were all well attended with record member engagement. Who could ask for anything more?

I would be remiss if I did not mention the excellent finance and accounting team led by our CFO Kathy Campbell and Controller Kris Nielson, who continually provide the Board and Management insight and information that allows us to be proactive and good stewards for our members.

The Numbers

Our Club remains in excellent financial position. Through the first half of our fiscal year, the Club exceeded its budget by $925,000, adjusted for timing differences.

Here are a few highlights:

- Member activities have exceeded budget expectations by $148,000 with events added such as the Bronx Wanderers and Pia Toscano, in addition to higher-than-expected attendance and reducing costs by handling audio visual in house.
- Wages and Benefits are $987,000 under budget. Most of the savings are due to the timing of arrival of the international staff and certain unfilled positions.

Of course there are items adversely impacting on our budget, most notably:

- Engineering and maintenance expenses are $278,000 over budget, a direct result of increased member usage and maintenance throughout the Club.
- Utilities are $127,000 over budget due to increased gas, electric and disposal services.
- Consulting Fees are $66,000 over budget.

As of March 31, cash balances on hand are $4 million, compared to $9.7M last year. This decrease is due to utilization of our cash as we are moving our capital projects forward. **There is no outstanding balance on our bank line of credit, consistent with the prior year.**

Capital Improvements & Looking Ahead

Financing for the Capital Projects is supported by our current $45 million line of credit secured through 2030 and supplemental financing, up to the member approved $65 million. We are currently negotiating the terms of the increased line. Our balance sheet and robust home sales allow us to negotiate from a position of strength to obtain the best financing terms possible.

Membership Momentum

Real estate activity remains brisk. We welcomed 124 new members in the first six months of our fiscal year, which exceeded last year's pace of 100 by 24%.

At the end of March there are 10 members who have not paid their dues, compared to 13 members last year, against a budget of 25.

In closing, it's been an exciting and dynamic first half of the year. On behalf of the Board of Governors, we thank you for your continued support and enthusiasm for all things Boca West.

Sincerely,

Joan Attermann

Dear Members,

With the June/July 2026 magazine in hand, 2026 at its halfway point, another "season" in the books, and the days getting warmer and the evening shorter, many of us may pause to recall those New Year's resolutions set just months ago.

If goals like exercising more regularly, eating healthier, improving sleep, and managing weight, were among your resolutions, our LIVE WELL Pillars – **Nourish, Connect, Move, Focus** and **Recover** - along with our amazing Lifestyle & Wellness offerings – have you covered.

Focused on helping members maximize performance, optimize recovery, and minimize injury risk through targeted tension relief, our phenomenal Lifestyle and Wellness team continues to expand on the already expansive programming schedule offered in our fitness center and in The Spa.

FITNESS

Newly-introduced equipment including the **Technogym Kinesis**, which is ideal for golfers and racquet sports athletes, offers 3D, cable-based functional training that builds rotational strength, balance, and coordination for more powerful movement.

The **Keiser Functional Trainer** uses pneumatic (air-pressure) resistance to develop explosive strength at high speed, without the shock loading and joint impact of traditional weights—perfect for developing the rotational power needed in golf swings and racquet sports.

Our newly-introduced **ViPR training and Stick Mobility** group programming classes are geared towards supporting performance and injury prevention in sports that require quick twisting and swinging. Especially beneficial for tennis and pickleball players and golfers alike, these classes combine strength and movement across multiple planes to enhance range of motion, rotational power, shoulder health, neuromuscular control and stability.

Semi-private training has also expanded, including **Golf Performance** and a new **Tennis & Pickleball Performance** class, both of which host five participants and are designed to improve mobility, strength, and on-course/court movement efficiency in a focused small-group setting.

The **Golf Performance Training** classes are geared towards unlocking golfer's full potential by enhancing stability, mobility, strength, and power through a multitude of different exercises.

The **Tennis/Pickleball Performance** classes launched in June focus on improving the way that players move on the court through targeted work on mobility, stability, strength, and rotational power. Designed specifically for tennis and pickleball players, each session helps build quicker reactions, better balance, and more efficient movement patterns. Whether you're looking to enhance performance or help reduce injuries, this program will keep you strong, confident, and ready to compete.

THE SPA

Beginning in June, The Spa is pleased to introduce **Court & Course Recovery Massages** which are designed to keep tennis and pickleball players as well as golfers moving. These targeted sessions focus on the forearms, shoulders, back, hips, and chest. Blending deep tissue techniques with assisted stretching, our recovery massages relieve repetitive and rotational strain, improve mobility and posture, increase agility, and enhance overall performance. A restorative infusion of ginger root, alpine arnica, and magnesium helps reduce muscle fatigue, boost circulation, and promote balanced, pain-free performance.

So as time flies, let's all appreciate the opportunity that we have here at Boca West to **"LIVE WELL"** each and every day. And let's extend a special thank you to all of our Lifestyle & Wellness professionals for taking this journey with us and being as committed to us and our well-being as we are to ourselves.

Sincerely,

Alan Lustrin

THE SHOPPES AT BOCA WEST

Boca West is often described as "paradise," and as any seasoned traveler knows, you can't have paradise without world-class shopping! Beyond being the magnificent community we call home, our Club is a true retail mecca. As Chair of the Retail committee, I've been touring our shoppes to see what's trending, and let's just say, your closet is about to be very happy.

A World-Class Experience

Our shoppes continue to be among the most popular spots at the Club, and we are growing! We are especially excited for the grand opening of our latest location: The Pickleball Shoppe in the new West Racquets Facility. This new addition brings our total to seven unique retail destinations on campus.

Whether it is the latest golf or racquet wear, high-performance equipment, or accessories for Bridge, Mah Jongg or Canasta, our retail shoppes truly have it all. And don't forget, when you're grabbing a coffee, be sure to check out our fabulous selection of accessories and fun items in Market Square!

Every item across our locations is curated to ensure you look and play your best, both on the courts and at the card table. You can also show your Boca West pride by picking up our branded merchandise at many retail locations throughout the club.

Of course, the merchandise is only half the story. Led by the fabulous Emily Gifford, our Retail staff is dedicated to helping you from the moment you arrive. Need an expert opinion on a color or fit? Just ask! They are always ready to go the extra mile to ensure you walk out with a smile.

Your Retail Ambassadors

Our newly formed Retail committee kicked off the season with a vibrant meeting loaded with fresh ideas. Over the years, many great improvements have come through this committee, from updating return policies and carrying more private label merchandise to increasing our selection of special sizes and creating more interactive social media posts. Alongside my Vice-Chair, Teri Cox, we are hoping to continue this tradition of excellence and innovation with this year's committee.

If you run into Mark Haberman, Sean Lenahan, Russell Solomon, Cindy Salik, Rob Schnitzer, Jayson Schwartz or Ricky Smithline, please think of them as your "Retail Ambassadors." They love hearing your input and suggestions to help make our shoppes even better.

Summer Savings & Looking Ahead

For those spending the summer with us, it's a fantastic time to take advantage of seasonal promotions. From our special Father's Day event in June to our Labor Day weekend celebrations, there is always a reason to stop by. We are especially excited to celebrate America's 250th Birthday! From June 1 through early July, The Shoppes at Boca West will offer special patriotic discounts.

And while summer is just heating up, don't forget to mark your calendars for our upcoming promotions, especially our famous Holiday Bazaar in December!

Boca West Style—Wherever You Are

If you are traveling away from the Club this summer, you don't have to miss out. Whether you need apparel, equipment, or giftware, we are happy to ship merchandise directly to you. Our special-order program remains available at member pricing. Best of all, while UPS shipping fees apply for out-of-state deliveries, you will not be charged sales tax.

The Buying Season Never Ends

Even now, Emily and her team of professionals are busy finalizing the buying for the season, attending national, regional, and local merchandise shows. While Fall selections are finalized, the search for the best of Spring 2027 begins in late July.

So, whether you're here or somewhere else, have a wonderful summer and know that our family of retail shoppes awaits your return to "Our Paradise" Boca West!

Sincerely,

Gary Berkowitz

AT THE NET

GAME, SET, DINK! WE ARE OPEN!

Boca West's Spectacular New Racquets Facility Is Here — And It's Already Thriving.

The wait is officially over. Spring 2026 marked a landmark moment for Boca West Country Club with the grand opening of our brand-new, state-of-the-art Racquets facility. On behalf of the Racquet Sports Committee, Vice Chair Robert Roth, Rob Norton, Director of Racquet Sports and the entire Racquet Sports Staff and I couldn't be prouder to share this exciting news with our Boca West community. And if you've already been out there, you know it did not disappoint. The courts are packed, the energy is electric, and the buzz around the club has never been louder. This is racquet sports at Boca West like you've never experienced it before.

The Numbers Say It All

Since day one, members have been flooding the facility with good reason. We're talking about **25 pickleball courts** and **10 brand-new tennis courts** already open and in full swing, with the excitement of more to come. That's a whole lot of rallies, dinks, and overhead smashes happening every single day.

Among those courts, two showstoppers standout, our **pickleball stadium court** and our **tennis stadium court**. These aren't just courts; they're an experience. With their tournament-ready design and spectator-friendly atmosphere, they've already become the heartbeat of the facility. Whether you're competing, watching, or just soaking it all in, the stadium courts have a way of making every moment feel like a main event.

Rain? What Rain?

One of the most talked-about features since opening day? Our 12 covered pickleball courts. Florida morning and afternoon showers are no match for us anymore. Members have been playing right through the rain, and honestly, it's become one of the favorite perks of the new facility. No more checking the radar every five minutes, just show up and play, rain or shine.

Shop Until You Drop — Then Go Play

No world-class facility would be complete without world-class shops, and we've delivered on that front too. Our **tennis shop has been beautifully updated**, stocked with the latest rackets, apparel, accessories, and everything a tennis player could need. And in an exciting addition to the facility, we've also opened a **brand-new pickleball shop**, your one-stop destination for paddles, balls, bags, and all the gear that goes along with the fastest-growing sport in the country. Whether you need to re-string your racquet, upgrade your paddle, or just treat yourself to some fresh court gear, our shops have you covered before you even step on the court.

The Best Is Still Coming

As thrilling as it is to be fully open, here's the exciting part; we're not done yet! Construction is already underway on the **final 14 tennis courts on the east side of the facility**, which will bring our total tennis offering to a full **24 courts by the end of November 2026**. It's a milestone that will make Boca West one of the premier tennis destinations in all South Florida, and we can't wait to see those courts filled with members.

And if you've driven by lately, you've likely noticed the new parking lot well underway, which will add **40-plus new spaces to the area.** More courts, more players, and now more convenient parking to match, the whole experience is coming together beautifully.

Open Courts, Open Arms

Here's something we'd like to share from the heart. We have an incredible community of racquet sports players here at Boca West who are passionate, talented, and dedicated. But as we settle into this magnificent new facility, we'd like to take a moment to talk about something just as important as the perfect backhand or the well-placed dink: **inclusiveness.**

It's easy, and completely human, to gravitate toward our usual group of friends on the courts. We know who we like to play with, we know our rhythm together, and that comfort is a wonderful thing. But this new facility is a fresh start and a perfect opportunity to open our circles a little wider. When you see a member lingering courtside, invite them in. When a familiar face is playing alone or looking for a game, make room. When someone newer to the sport shows up a little nervous, be the person who makes them feel welcome.

The true spirit of Boca West has always been about community, and our courts should reflect that. A great rally is even better when it's shared with someone new. Let's make our facility not just the most beautiful racquets complex in South Florida, but the most welcoming one too.

To Our Summer Travelers — Safe Journeys & See You Soon!

As the season winds down, we know many of our beloved members will be heading off to cooler climates and summer adventures. From Robert and me, we want to wish each one of you a wonderful, restful, and fun-filled summer wherever your travels may take you.

And when the fall rolls around and you make your way back to Boca West, just wait until you see what's waiting for you. Those final 14 tennis courts will be nearing completion, the parking will be a breeze, and the energy on the courts will be better than ever. Trust us, you're going to want to get back here.

So, grab your racquet, grab your paddle, and come on out. The courts are waiting.

Sincerely,

Steve Roth

Stronger Together:
TENNIS AND PICKLEBALL AT BOCA WEST

For years, players have felt they needed to choose between tennis and pickleball. That mindset is quickly fading. The modern racquet athlete understands that playing both sports is not a compromise, it is an advantage. Each game develops a different set of skills, and together they create a more complete player.

Tennis builds the foundation. It develops movement, endurance, and stroke mechanics, along with the ability to construct points with patience and discipline. Pickleball, on the other hand, sharpens reaction time, hand speed, and quick decision-making in tight spaces. The fast-paced exchanges at the kitchen line force players to think and react instantly, skills that translate directly back to improved net play and confidence on the tennis court.

What we are seeing here at Boca West reinforces this idea. Many of our top male and female players have experience in both tennis and pickleball, and that crossover is not a coincidence. The players who embrace both environments tend to adapt faster, compete more comfortably in different situations, and continue to elevate their level of play.

Beyond performance, playing both sports helps extend longevity and increase overall enjoyment. Tennis provides depth and long-term challenge, while pickleball offers accessibility and social energy. Together, they create a balance that keeps players engaged, improving, and on the court more often.

Dear Members,

At Boca West, it's often the people behind the scenes who help create the experiences Members cherish most. Their dedication, creativity, and genuine care bring the Club to life each day. In this spirit, my vice-chair, Alan Lustrin, and I had the pleasure of sitting down with someone who has been an integral part of Boca West for decades—Sue Bowker, General Manager of Market Square—to learn more about her journey and the magic behind one of the Club's most beloved gathering spots.

Sue, I cannot imagine that there are many, but for those Members who do not know you, what are your responsibilities at Boca West?

I am responsible for all of Market Square, from the Employees to the Merchandising of the products – both the gift items and the food – from the menus to the takeaway items, to the pre-packaged products. I love coming up with ideas for Sue's Basket, which highlights items that are new or trendy, to Doo Wop on the Square and Sundaes on Saturdays. I started here in Market Square the first day it opened and I never left!

Before you oversaw Market Square, what did you do at the Club?

I spent over 32 years in charge of the bars at Boca West. When I started here, there was one bar and it was in the Grill Room, which was the only restaurant – from there, I opened the other bars throughout the Club as we grew and added on new restaurants and bars.

Wow! How did you come to work at the Club over 34 years ago?

One of my roommates from college in Central New York State (I was a history major, and I thought that I wanted to be a lawyer) and I came down to Florida and my job at the Club was part-time while I went to school. I loved the Club and the Members so much that I gave up one "bar" for another "bar".

Why do you think that Market Square has become so successful?

Because it is so unique and offers something for everyone throughout the day and on select evenings. I am really open to trying anything – from food to seasonal décor, to different ways of merchandising all of our amazing products here. We get sent so many sample items to try by all types of companies.

Some Members visit Market Square several times a day – first to grab a cup of coffee and a pastry, then to pick up something for lunch, and then later on in the day for a smoothie or to bring home our heat-and-eat dinners and even to buy a bottle of wine or a hostess gift.

Some of our Members even decorate their entire homes at Boca West with items from our collection of housewares.

We know that you spend so much time here at the Club. What do you like to do in your free time?

I like to go to the beach or pool, stay home and read a good book or catch sporting events on TV (I'm a big Florida Panthers fan!).

What else do you want the Members to know about you and Market Square?

Sue Bowker
General Manager
of Market Square

I really am so thankful that I started my career here in Food & Beverage. I could not have imagined how my career would turn out. I love seeing all the Members, especially the families and generations of Members that I once saw as little kids, who are now bringing their kids and grandkids to the Club. I just want to make sure that our Members are happy – I really think of them all as my family. Boca West is such a special place.

Sue – Alan and I want to thank you for your time. You are certainly one of Boca West's best!!!

In speaking with Sue, it's clear that Market Square's success is no accident—it reflects her passion, creativity, and deep connection to the Members she serves. Her story is a reminder of what makes Boca West so special: a true sense of community, where familiar faces, warm smiles, and shared moments come together to create something truly meaningful.

Sincerely,

Robin Shulman

Navigating the Digital Heart of Boca West

Please allow me to introduce myself. I am Teri Cox, this year's Communications & Marketing Chair. Alongside me is my Co-Chair, Gary Berkowitz. Together, we are excited to pull back the curtain on how we keep our vibrant community connected, informed, and engaged every day.

Have you ever wondered how that morning email arrives right on time, or how the digital signs across the club always seem perfectly in sync with the day's activities? Whether you are asking, *"What's today's soup?" "Can I book a tee time?," or "How do I make a reservation through the app?"*—all of it falls under the thoughtful coordination of our Communications & Marketing team.

The Magic Behind the Screens (and Pages)

At the heart of it all is Kathy Kohlhepp, our Director of Communications & Marketing. Kathy and her team are truly the engine behind the club's information flow—ensuring everything runs smoothly, accurately, and beautifully. Her team oversees:

The Boca West Magazine

Our bi-monthly magazine continues to be a cornerstone of club communication—delivering engaging stories, updates, and highlights directly to your home or digitally through our interactive flipbook.

Daily Communications

With so much happening across the club, timely communication is essential. From daily emails to digital signage throughout the property, the team ensures you are always in the know.

Member Education

Equally important is helping members feel confident using our digital tools. Understanding the Boca West App is key to staying connected and making the most of everything the club offers.

App vs. Website: Your Digital Toolbox

We are often asked about the difference between our platforms. Think of the website as your comprehensive resource, while the Boca West App is your "on-the-go" essential—designed to simplify your day.

With the app, you can:

- Make reservations and book tee times in seconds.
- Check restaurant hours, menus, and daily specials.
- View group exercise schedules and upcoming events
- Order Gold Cards for children and grandchildren
- Access the member directory and stay connected with friends.
- Customize your communication preferences.
- Manage mail delivery—even when you are away.
- Contact the club instantly with just one tap.

...and that is just the beginning.

Your Voice in Action

One of the most exciting parts of what we do is turning member feedback into real improvements. Many of the features you enjoy today began as suggestions from fellow members.

A great example is the Calendar—now personalized to open to your events, making it easier than ever to stay organized and engaged.

We are always listening and continuously working to improve how we communicate and how easy our platforms are to use. Your ideas matter—and truly, there is no such thing as a bad one.

This year, we are fortunate to have an energized and dedicated committee helping to drive these efforts: Leslie Schneider, Howard Tanenbaum, Leslie Brooks, Nancy Bittman, Myrna Lippman, Margo Lorber, Sarit Orlofsky, and Mindy Rubin.

Need a Hand?

We understand that technology is not always intuitive. If you ever need assistance or a little one-on-one guidance, our Communications team is always happy to help—whether by phone or in person.

So, whether you are checking pool hours, planning dinner, booking a class, or simply staying connected, the Boca West App puts it all right at your fingertips.

It is not just communication, it is connection.

See you around the Club!

Sincerely,

Teri Cox

CHAIRMAN'S LETTER

Dear Members,

As we move into the summer months and reflect on another exceptional season at Boca West Country Club, I'd like to share a few updates, express gratitude, and look ahead to what's next for our Club.

It is with great sadness that we recognize the passing of Harvey Krauser, a devoted member of Boca West whose leadership, integrity and commitment to the Club left a lasting impact through service on the Board of Governors from 2005 to 2010 and as Chairman from 2009 to 2010. He was not only a dedicated leader, but also a valued friend to many and a devoted family man whose legacy will be felt for years to come. We extend our heartfelt thanks for all he gave to the Club and offer our deepest condolences to his beloved wife Maddy and to his entire family during this difficult time.

On a happier note, I want to acknowledge that our President and COO Matthew Linderman was honored on April 19, at an awards dinner at Ocean Reef Club, as the 2026 recipient of the distinguished James H. Brewer National Award for Excellence in Club Management for large Country Clubs. I was very proud to be in attendance along with our immediate past Chairman, Jeanine Banks, who originally submitted his name for nomination.

I hope everyone enjoyed a wonderful **Mother's Day**, surrounded by family and friends. It was once again, a special time at the Club. As we approach **Father's Day**, we look forward to celebrating the fathers, grandfathers and families who make our community so special.

Behind these experiences is our **exceptional staff.** Their dedication, warmth and genuine care are what truly elevate the Boca West experience. From our year-round team to our seasonal international staff, each plays an important role in delivering the level of service we all value. Many of our international team members are young adults experiencing a new country and culture, often away from family for the first time, so even the smallest gesture of kindness can help them feel at home and part of our Club family.

Our annual budgeting process is well underway. Over these past several months, our management team has been working closely with each department to carefully evaluate operating needs, member usage trends, and opportunities for further enhancement of our Club services. These efforts culminate in our June Budget Committee meetings where we refine programming and align priorities. The overarching goal of our Board of Governors remains consistent; to balance fiscal responsibility with delivering the high-quality experience and services our members deserve and expect. Upon Board approval, final dues packages are scheduled to be mailed to the membership in early July.

We continue to make meaningful progress on our Club's Capital Improvement Program and are excited by the momentum across several key components. I'd like to share a general update:

- **Racquets Facilities:** The west side racquets center has been successfully completed and is already being well utilized. Focus has now shifted to the east side of our campus, with early-stage work well underway.
- **Golf Courses:** Golf Course 1 renovations are progressing well and starting to take shape, especially our nine-hole short course layout giving us a sense of what it will look like when completed. Early feedback has been very positive, and we expect continued progress over the coming months.
- **Golf & Activities Center Renovations:** Phase 1 of the enhancements has begun and includes refurbishment of the Activities Ballrooms, the reconfiguration of the Mens and Ladies Locker Room facilities, new Card Rooms and a new multipurpose event space, with completion targeted prior to Thanksgiving.

Home sales remain strong and are currently ahead of last year's pace. In addition, through the first 6 months of our fiscal year, our Club's financial outlook remains very strong with a positive variance to our operating budget in excess of $900K. For a more detailed financial perspective, I encourage you to read our Treasurer, **Joan Attermann's article**, which provides additional insight into our Club's overall financial position.

As we close out another successful season at Boca West, I hope each of you had the opportunity to fully enjoy all that our Club has to offer. From record participation across golf and racquet sports to vibrant dining and social events, it has truly been a season to remember.

On a personal note, my first few months as Chairman have been incredibly rewarding. I am deeply grateful for the encouragement, support, and thoughtful input I have received from so many members.

As many of you head north or travel during the summer months, our Board of Governors and I wish you a happy, healthy, and safe season, filled with time spent with family, new experiences, and well-deserved relaxation. We look forward to welcoming everyone back in the Fall for another exciting year at Boca West.

Together, we will continue to build on the strong traditions of our past while planning thoughtfully for our future.

Sincerely,

Arthur Schwartzman
