AMERICAN WHISKEY 'BEYOND BOURBON'

November 6

For decades, the story of American whiskey has been synonymous with Bourbon. Its sweet notes of charred new oak, vanilla, and caramel have long defined the domestic landscape. But a massive structural shift is taking place in spirits. Drinkers and distillers are looking past the boundaries of Kentucky straight corn mashes, exploring a diverse frontier of alternative grains, historical revivals, and innovative production techniques that prove American whiskey is anything but a one-trick pony

THE GARDEN MIXOLOGIST

January 8

Step out of the cellar and into the garden for this sensory-driven exploration of nature's spice rack. Once you've mastered the shake and the stir, the true secret to a world-class cocktail lies in the ingredients inside the tin. This class is designed for the curious enthusiast who wants to move beyond the liquor store shelf and go straight to the source to understand the "why" behind their favorite flavors. By exploring the kitchen and the garden as the ultimate "building blocks" of mixology, you will transform from a recipe-follower into a drink architect. Learn how to harvest fresh botanicals and craft your own custom modifiers, unlocking the skills needed to design complex, garden-to-glass cocktails from scratch.

THE LEFT BANK VS. THE RIGHT BANK: A BORDEAUX DEEP DIVE

December 11

Bordeaux is the most famous wine region on Earth, but it's actually a tale of two sides. EARTH, WIND, AND WINE: HOW TERROIR SHAPES PINOT NOIR AROUND THE GLOBE

July 9

Pinot Noir is notoriously the "heartbreak grape"—fickle to grow, thin-skinned, and highly sensitive to its environment. But this vulnerability is also its greatest strength. Pinot Noir acts as a biological magnifying glass for terroir, absorbing the unique thumbprint of the soil, climate, and topography where it is planted. Because it refuses to be homogenized, a glass of Pinot Noir is less about the grape itself and more about a specific snapshot of the earth.

$135++ per person

Join us for an extraordinary wine dinner celebrating Far Niente, a crown jewel of Napa Valley's historic Oakville appellation. Established in 1885 by John Benson and beautifully restored in 1979 by the Nickel family, Far Niente derives its romantic name from the Italian phrase "dolce far niente"—the sweetness of doing nothing. For over four decades, however, this stunning estate has been hard at work setting the gold standard for luxury, precision, and elegance in American winemaking. Far Niente is globally renowned for its singular, uncompromising focus on just two noble varietals: Chardonnay and Cabernet Sauvignon. Eschewing malolactic fermentation to preserve a vibrant, house-style crispness, their legendary Napa Valley Chardonnay delivers a masterful balance of bright citrus, silky tropical fruit, and toasted oak. Paired alongside their flagship Oakville Cabernet Sauvignon—a seamless, velvety expression of rich dark fruit, supple tannins, and complex structure—this evening's custom culinary pairings are designed to highlight the sophisticated texture, deep complexity, and timeless luxury of these iconic wines.

REMIS & PARIS, FRANCE

January 5 & 6

Inspired by Plénitude – Cheval Blanc (3 Michelin Stars, Paris)

An evening dedicated to the alchemy of the sauce. In the heart of winter, we explore the "Absolute Blends" of Paris, where velvet reductions define the plate

THE CONCEPT: Directed by Chef Arnaud Donckele, this legendary restaurant puts the sauce at the absolute center stage, treating the sauce maker like a perfume "nose."

THE MENU ANCHOR: Classic haute cuisine reimagined. Begin with a caviar and raw scallop prelude, transitioning into slow-cooked winter meats or local turbot paired with complex, multi-layered reductions and jus.

THE SWISS ALPS, SWITZERLAND

February 2 & 3

Inspired by Sven Wassmer Memories (3 Michelin Stars, Bad Ragaz)

High-altitude minimalism. A study in Alpine purity. This is the Swiss landscape, stripped of cliché and elevated to art.

THE CONCEPT: High-alpine avant-garde gastronomy. Chef Sven Wassmer strips away the heavy, traditional cheese-and-potato cliches of the Alps to focus entirely on the raw, pristine ecology of the mountains—using hyper-local ingredients sourced from high-elevation forests, glacier rivers, and alpine meadows.

THE MENU ANCHOR: Clean, comforting, yet jaw-dropping technical precision. The dinner opens with a modern interpretation of a Swiss mountain classic: charred, tender alpine river trout dressed in a velvet-smooth, caramelized cream sauce reduction. The center stage belongs to local, dry-aged venison or mountain lamb roasted over pine embers, served alongside winter root vegetables preserved from the autumn harvest, and finished with shaved truffles.

FLORENCE & TUSCANY, ITALY

March 2 & 3

Inspired by Enoteca Pinchiorri (3 Michelin Stars, Florence)

Renaissance grandeur meets soulful Tuscan heritage. An opulent celebration of handmade egg-rich pasta and the legendary Bistecca alla Fiorentina, served amidst the warmth of an Italian estate.

THE CONCEPT: World-renowned for boasting one of the greatest wine cellars on earth, pairing ultra-elevated, soulful Tuscan heritage cuisine with legendary liquid pairings.

THE MENU ANCHOR: Start with an elegant, modern presentation of White Sturgeon or Osetra caviar. Move to a rich, hand-rolled egg pasta like a wild boar or black truffle Pappardelle, followed by a flawless, oak-fired Bistecca alla Fiorentina drizzled with hyper-local estate olive oil.

SAN SEBASTIÁN & BASQUE COUNTY, SPAIN

April 6 & 7

Inspired by Azurmendi (3 Michelin Stars, Larrabetzu)

The mastery of the Asador. Avant-garde Spanish techniques meet the primal power of charcoal.

THE CONCEPT: Led by Enotea Atxa, this venue is a global beacon for conscious, avant-garde gastronomy where molecular innovation seamlessly blends with ancestral Basque fire and coastal traditions.

THE MENU ANCHOR: A masterclass in open-flame seafood and modern technique. The centerpiece is a whole charcoal-grilled Branzino or Turbot mimicking the coastal asadors, preceded by playful, theatrical pintxos that manipulate textures and temperatures.

Reservation Deadline: 1pm two weeks prior to each date to be included in the assignment by submitting your request via the Website or App, emailing diningresv@bocawestcc.org or filling out a dining request card.

Serving from 6-9pm in Prime Cut. $135++ per person, per date.

Drivers Ed is a focused instructional clinic designed to help golfers unlock the full potential of their driver. This program breaks down the key components of driving performance, including setup, face-to-path control, strike location, launch conditions, and common swing faults that limit distance and accuracy. Using a combination of coaching, skill-based drills, and launch monitor feedback when available, players will learn how to optimize both carry distance and dispersion off the tee. The goal is simple: help golfers develop a repeatable driver swing that produces more distance while keeping the ball in play. Beyond swing mechanics, Drivers Ed emphasizes real-world application and course-ready decision making. Golfers will learn how to create a reliable "go-to" driver pattern, understand how equipment and setup influence ball flight, and practice under pressure-based driving challenges that simulate on-course conditions. By the end of the clinic, participants will leave with a clearer understanding of their driving tendencies, a personalized practice plan, and actionable adjustments they can take directly to the course to immediately improve tee shot performance.
