PRESIDENT'S LETTER

Dear Members,

Who's ready for another unforgettable Winter season at Boca West? Our team has planned an exciting lineup of events, activities and experiences, bringing together new offerings with the Boca West traditions you know and love. There's no better time to enjoy all that your Club has to offer, I encourage you to explore, participate, connect and, most importantly, have more fun! Try something new, make lasting memories with family and friends. *Live the Life You Love, Love the Life You Live!*

I hope you have been following the progress of our **Club Capital Improvement Program**, approved by the membership in March 2025, through the Club's microsite, Field Notes. November marks another exciting milestone as we prepare to open three of our newest golf amenities before Thanksgiving. **Members will soon be able to enjoy our new 9-hole Short Course, Stones Throw, and 18-hole Himalayan-style Putting Course, Thread, along with The Ridge, our new Starter Building** serving both experiences. We cannot wait to welcome you to these incredible new additions!

Stones Throw Short Course · the Ridge · Thread Putting Experience

The **Annual Calendar of Events** has arrived and received an overwhelmingly positive response from Members! We listened to your feedback and are delighted to once again include monthly calendars, making it easy and convenient to explore all that is happening at Boca West throughout the season.

Our season opening theme nights: **Après Ski Chalet**, is scheduled for November 19 and 20. Boca West will transform into an enchanting alpine retreat inspired by the legendary après-ski traditions of Aspen, St. Moritz, Courchevel and the Swiss Alps. We have a spectacular evening planned for you with live entertainment, dancing, a lavish buffet with delectable offerings, open bar and good vibes! Excitement is already building, with more than 1,000 reservation requests received over the two nights and we are still accepting requests through the Activities department until October 19, so don't miss your chance to join us for this fabulous celebration!

Taste of the Season, our annual food, wine and spirits inspired brochure is filled with an exceptional collection of experiential-style events and dinners beginning in November. The lineup features **Prime Cut "Estate Pairing" Wine Dinner Series, The Epicurean Travelogue**, a four-month culinary journey through some of the world's greatest kitchens, **Panache "Uncorked"** wine tastings, and **Bellavista in Boca: A Tuscan Dining & Culinary Experience**. Also returning are **CRAFTED Events, including the Distilled Series, Sips & Savors**, and a new line up of culinary adventures at our Chef's Theater.

CRAFTED Wine Society, our wine club offering memberships from November 2026 to May 2027, which include monthly wine bottles, exclusive discounts, private tastings, preferred pricing on retail wine purchases and so much more. Look out for email communications for details.

Panache Live! brings together our signature dining experiences featuring live entertainment. From elegant monthly dinner dances and refined evenings of live music paired with dinner to extraordinary, show-stopping performances, each experience offers its own distinctive atmosphere, energy, and sense of occasion. Whether you're joining us for dinner, dancing or an unforgettable performance, **Panache Live!** turns an evening out at the Club into an experience to remember.

Our annual **Veteran's Day Breakfast**, a personal favorite of mine, will take place in the Cypress Room on Wednesday, November 11. It always incredibly meaningful to see our own Boca West Veterans gathered together as we recognize and thank them for their service and sacrifice to our Country.

Continuing this spirit of gratitude, we are honored to host a **Medal of Honors Recipient Gala** benefiting ***Heroes Linked*** on **Saturday, November 14**. This meaningful event will support U.S. military service members, particularly those who have been wounded or injured in service. We are especially proud to welcome two **Medal of Honor Recipients**, the highest recognition for military valor in the United States. With only 63 living Recipients today, their presence is a rare and humbling honor. Please turn to page 52 for more details.

I am pleased to share **Jaime Sweet has been promoted to Director of Clubhouse Operation**s. Over the past 13 years, Jaime has held leadership roles in both the Catering and Finance departments, giving her a unique understanding of our Clubhouse operations and strong relationships across departments. In her new role, Jaime will oversee all aspects of the Food and Beverage operation, including

Culinary, Restaurants and Catering, as well as Activities and Procurement. Working closely with the leadership teams in each of these areas, her focus will be on strengthening collaboration, enhancing operational excellence and continuing to elevate the Member experience.

As we look forward to welcoming many of you back to paradise, we are also preparing for the arrival of more than 400 international seasonal team members, many beginning to arrive in early October. **We are especially fortunate to have 79% of our international team returning this season**, and we are just as excited to welcome them back as they are to return to Boca West! It was a busy summer for our Human Resources department as they traveled to South Africa to personally interview and hand select the remaining International staff for this season.

Our seasonal staff are excited to be here and eager to get settled into their respective departments. Those joining us for the first time will be adjusting to a new country and environment while completing our orientation and training program. I ask for your kindness, patience and understanding as they become familiar with the Club and their new roles. A warm welcome and a little patience go a long way in helping them feel part of the Boca West family.

As you know, Boca West is a no cash tipping Club but a 20% gratuity is added to service staff's checks. Members can see this 20% gratuity on the check they sign... if you would like to add an additional amount to any check, you may do so. Additionally, Members are permitted to give a gift to a department so that all employees can enjoy, this is usually done during the holidays. Please note, we do not allow individual gifts or cash tips.

As a friendly reminder, our **non-fraternization** policy helps maintain appropriate professional boundaries between Members and employees. Members are asked not to socialize or develop personal relationships with employees outside of the Club. We appreciate your cooperation in maintaining a respectful and professional environment for everyone.

As always, I welcome and encourage your thoughts, comments and suggestions regarding your Club and look forward to seeing you around. My family, Yamile, Alexa, Sophia and I, along with your wonderful staff wish you all a happy and heartfelt Thanksgiving filled with cherished memories and many blessings.

Sincerely,

Matthew Linderman, CCM, ECM

AN EVENING WITH CHATEAU MONTELENA

6–9pm; $135++ per person

Join us for an exclusive wine dinner celebrating Chateau Montelena, one of Napa Valley's most iconic and historic estates. Established in 1882 in Calistoga, Montelena forever altered the global wine landscape at the legendary 1976 Judgment of Paris, where its 1973 Chardonnay bested France's finest Burgundies in a blind tasting, thrusting American wine onto the world stage. While famous for its history, Montelena is celebrated today for its unwavering commitment to style. Eschewing modern trends of high alcohol and heavy oak, the Barrett family has spent decades mastering an elegant, old-world approach to California fruit. Tonight, we pair their structurally precise, non-malolactic Chardonnay and their powerful, age-worthy Estate Cabernet Sauvignon with a custom-crafted culinary menu designed to showcase the balance, vibrant acidity, and legendary sophistication of these world-class wines.

Simply put - this is Elton! Scotsman Rus Anderson is Elton John's official body double for his 'Farewell Yellow Brick Road' world tour launch promo video. Handpicked by Elton John & David Furnish, it was Rus' own live tribute production 'The Rocket Man Show' which got him noticed. In the show, Rus recreates the magic & live persona of a young Elton like no other. Storming around the stage with a fun-loving sense of flamboyance; part diva, part soccer player, killer vocalist, fierce piano player, all rock & roller. Rus' painstaking attention to detail includes wearing gorgeous, colorful & spectacular costumes (many actually worn by Elton) including his iconic boots, glasses & jumpsuits from 1973, as well as a sparkly Swarovski tuxedo from 1984. It is clearly the most authentic Elton John tribute show in the world.

When the German occupiers eventually discovered her activities, she was arrested by the Gestapo, tortured and sentenced to death, but she managed to evade execution and survive the war. The story of her heroism did not become well known until the 1990's, when she was "discovered" by four Junior high school girls in Kansas.

FRESH SEASON OF FITNESS, WELLNESS & MORE

Alan Lustrin
Lifestyle & Wellness
Committee Chair

Summer is over, the season is upon us—and once again, we are asking ourselves: How did the time fly by so quickly?

Whether you spent the summer here at Boca West or enjoying some other paradise, plenty has been happening behind the scenes in Lifestyle & Wellness. Our team has been busy reimagining spaces, expanding programs, and preparing exciting new ways to help all of us move, recharge and feel our best.

So, let's share some news:

➡ We are so excited about the reopening of our newly restructured Fitness Center spaces. Thoughtfully redesigned in response to member feedback, these enhanced spaces will better serve our active and growing community.

- The new Mindful Studio will become home to Flexibility, Mind/Body and select Simply Fit classes. A brand-new Pilates Studio addition will provide four private training spaces, creating greater availability and flexibility for personalized Pilates sessions.
- After your workout, you can unwind in the dedicated Stretch & Recover Zone, complete with stretch tables, stretching machines, Theraguns and foam rollers. And because some classes are simply more fun with more friends, we are adding seven new TRX bays to the Core Studio to accommodate larger groups.
- As these improvements take shape, you may notice some equipment shuffling on the main fitness floor and in the Outdoor and Core Studios. Don't worry—our team will be ready to help you locate a favorite machine or discover something new.

➡ This season's class schedule will feature new offerings including Aqua Trampoline and Triathlon Training. Yes, you read that correctly: Boca West will host its first-ever triathlon in March! Whether you are ready to compete, curious about participating or simply looking for a fresh fitness goal, our team will help you prepare.

➡ And if you want to try something new, it just got a little easier. Experience the team's new shorter introductory classes offered during November and December. These "sampler" sessions are a great way to preview different formats, meet the instructors, and find the classes that are right for you.

➡ And speaking of November and December, we would love for all to visit our Season Opening events in the Lifestyle Lobby on Tuesdays—November 17 and 24, and December 1 and 8 — each time from 9-11am. Meet our teams, enjoy live equipment demonstrations, and learn what is ahead.

➡ Also, get ready for the launch of our personalized wellness questionnaire designed to help us help connect you with programming tailored to your individual interests and goals.

➡ We could not possibly be prouder to inform you that **The Spa at Boca West is now a certified Cancer Aware Spa. Several massage therapists have completed specialized training in Cancer Care Massage,** enabling them to provide thoughtful treatments designed to meet members wherever they may be in their health journey.

➡ We have also **expanded our wellness and recovery offerings to include BrainTap, NeuralCheck, and additional Red Light Therapy options.** For a quieter kind of reset, join us for new weekly Breathwork sessions and special events in the peaceful Spa Garden.

➡ Although many of you know them already for the fabulous services that they provide, please join us in giving the **Vanderlinde Physical Therapy team the warmest of Boca West welcomes as they join us in October.**

➡ Finally, a new software system will be introduced throughout Lifestyle & Wellness. The technology will bring valuable new functionality and will roll out in stages. We appreciate your patience as everyone becomes familiar with the new system.

New spaces. New classes. New technology. New ways to feel your best. An incredible, health-focused season is almost here—and we cannot wait to enjoy it with you!

"It's All About the Kids"

ON THE COURSES

Danny Schulman
Golf Committee Chair

It's hard to believe another golf season is already upon us, and there is so much to look forward to at Boca West!

I hope you've had an opportunity to review the recently distributed **Golf Book**, which provides an excellent overview of the tournaments, events, leagues and programs planned for the season ahead. With so many ways to participate, I encourage everyone to spend some time with the publication, mark your calendars and take full advantage of everything our golf program has to offer.

For those looking to improve their game, the **Player Development Program Guide** is also an excellent resource. Pam, Austin, Chris, Michael, Jacob and the entire instruction team have worked extremely hard to expand and enhance our offerings this season. Whether you are looking for a minor adjustment, a complete game tune-up or simply a new way to enjoy golf, there is something for everyone.

This season, our instruction team is also transitioning to the **CoachNow** platform, providing members with an enhanced way to engage with our Player Development programming. We hope everyone enjoys the convenience and greater personal autonomy the platform provides, particularly when making lesson reservations and registering for clinics and other Player Development programs.

We are also pleased to recognize **Pam Elders**, who competed in the 2026 U.S. Senior Women's Open Championship at Barton Hills Country Club in Ann Arbor, Michigan. Participating in such a prestigious national championship is a tremendous accomplishment and a wonderful reflection of the talent and dedication within our golf team. Congratulations, Pam!

Professional development remains an important focus for our team. **Jacob Huizinga** recently completed his Level 3 PGA seminar in Frisco, Texas, bringing him another step closer to achieving PGA Class A membership. **Chris Rice** is scheduled to attend his Level 3 seminar in October as he continues his own path toward PGA Class A membership. We are proud of Jacob and Chris for their commitment to advancing their careers as PGA Professionals, and we look forward to celebrating these important milestones with them.

Jacob has also been busy competing. He and **Austin Jarchow** partnered this season in the Section's season-long Two-Man Match Play Championship and have advanced to the Final Four.

We wish Jacob and Austin the best of luck as they continue their run toward the championship!

There has also been significant activity behind the scenes to further enhance the golf experience. Our Golf Operations leadership team is extremely excited about the arrival of our new **Club Car fleet** and the implementation of **Tagmarshal,** our new GPS technology. Both represent meaningful investments in our members and in the continued improvement of our golf operation.

For members with private golf carts, the installation process is being handled thoughtfully and carefully. We appreciate everyone's patience and cooperation as appointments are scheduled and installations are completed, and we hope the process is smooth for all involved.

Of course, many of us have been especially eager to see the progress on our golf courses.

I hope everyone, like me, has enjoyed the **Turf Talk** episodes featuring Mike Bove and Jeff Jones, Assistant Director of Agronomy, throughout the summer. The series has offered a terrific behind-the-scenes look at our agronomic practices and provided a greater understanding of the planning, science and hard work required to maintain our courses at the level our members expect.

It has been fascinating to learn not only what our Golf Course Maintenance Department is doing, but also why these practices are so important to the health, quality and playability of our courses.

By the time this article is published, the **Short Course** will be getting ready to open or very close to opening. The Short course has progressed beautifully, with the artificial tee surfaces, on-course furnishings and directional signage completing the final stages of the project. I think I speak for a very large group when I say that we cannot wait to enjoy this exciting new amenity.

Personally, I'm hoping to be the first person to make a birdie—but I'm sure some of you already have plans to beat me to it!

On the **Championship Course,** the project has entered its final phase, including work in the northwestern portion of the course boundaries. The work completed to date has been tremendous and, as expected with a project of this scope, not without its challenges. Travis, Jeremiah and Matthew along with the architects, contractors and everyone involved have remained focused and committed throughout the process. What they have created is truly magnificent, and I know we are all eager to see—and play—the finished course.

Meanwhile, **Fazio II, Palmer III** and **Dye IV** have each undergone significant cultural practices throughout the summer. The Palmer III tee regrassing project has progressed very well, and following the September ryegrass overseed, we look forward to having the course in terrific condition as cooler temperatures arrive.

Our **Men's Boca West South County Team** has also enjoyed a tremendous season. We could not be more pleased to see Boca West represented so proudly on the leaderboard. Congratulations to all of the players who have contributed to the team's success and represented our Club with such distinction throughout the season. We look forward to cheering them on as the competition continues!

All of this points to an exciting season ahead at Boca West: new programming, new technology, a new golf cart fleet, continued course improvements and an entirely new Short Course to enjoy. There is a tremendous amount happening, and I hope everyone takes full advantage of these opportunities.

Most importantly, on behalf of my Vice Chairman **Steve Roth,** the Golf Committee and myself, we are thrilled to see all of our members who traveled during the summer months.

Adventure awaits at Camp Boca! I look forward to seeing everyone on the golf course—and hopefully making that first Short Course birdie before one of you gets there ahead of me.

- **If the event is full or more players have registered, then there are available spots:** A **lottery will be held** for everyone who registered during the initial registration period.
- **Players selected in the lottery** will receive a spot in the event.
- **Players not selected** will be placed on the waitlist in the order determined by the lottery.
- **Anyone who registers after the initial lottery** will be added to the waitlist **behind the players from the initial lottery**, in the order they register.

Cancellations received after the registration deadline may be subject to applicable fees.

THE SHOPPES AT BOCA WEST

WHAT'S IN STORE FOR YOUR BOCA WEST LIFESTYLE

Gary Berkowitz
Retail Committee Chair

Welcome back!

For many of us, October and November mean the start of another great season at Boca West, reconnecting with friends and getting back to everything we enjoy about the Club. And to our many new members experiencing Boca West for the first time, **welcome!** I encourage you to explore. You're going to quickly discover just how much there is to enjoy here. That includes **The Shoppes at Boca West.** Each Shoppe has its own personality, but together they reflect the way we live at Boca West. If you're a longtime member, there's plenty that's new. You may be surprised by just how much is available right here. So, what's in store this season? Quite a bit!

THE GOLF SHOPPE... So Much More Than Golf

If you haven't visited the Golf Shoppe lately, take another look. Yes, golf is important, but today you'll also find sportswear and lifestyle brands that can take you from an early tee time to lunch and whatever comes next. This fall, look for HUGO BOSS, Rookline, Orro, MUNICIPAL, Duffield Lane, Bubble, lululemon, Birkenstock, Smith & Quinn, A. PUTNAM and Travis Mathew. Also new is **Bits & Bows**, our children's collection featuring apparel and accessories for babies through pre-teens. If you have grandchildren, you'll definitely want to check it out. And if new clubs are on your list, remember: **Before you buy, get fit!** Our Golf Studio offers personalized club fitting using advanced technology and the latest equipment.

THE BW LOGO SHOP... Boca West, Your Way

Looking for Boca West logo merchandise? You'll find everything from our traditional logo to the popular **CAMP BOCA** collection. New this season is merchandise celebrating our **new Short Course and Course 1 redesign,** giving us even more ways to show a little Boca West pride.

MARKET SQUARE... Something New Around Every Corner

Market Square is one of those places where I always recommend stopping in because you never know what you'll find. Giftware, home décor, jewelry, handbags, Mahjong, Canasta and Bridge merchandise, Boca West apparel and more are all part of the ever-changing mix. Heading to someone's home for dinner? Pick up wine, fresh flowers and a hostess gift, all in one stop. Not bad! And watch for our new **Market Square Showcase**, held in the Fall, Winter and Spring, bringing together many of our favorite trunk show vendors for one larger shopping event.

THE CABANA SHOP... Poolside at Boca West

Swimwear, cover-ups, resort wear, sandals, sunglasses and those pool essentials you forgot to bring are waiting at the Cabana Shop. Also new is our **Swim & Shop Pop-Up**, featuring an expanded selection of swimwear, resortwear, handbags, jewelry and sun-protective apparel. Enjoy the pool, spend time with friends and do a little shopping. **Very Boca West!**

TENNIS, PICKLEBALL & RACQUETSPALOOZA

Our Tennis Shoppe offers racquets, footwear, accessories and apparel, while our new **Pickleball Shoppe** features paddles, footwear, apparel and accessories selected specifically for the sport.

And this winter, get ready for **RacquetsPalooza!**

It's part shopping event, part demo day, bringing tennis and pickleball together with apparel, equipment, vendors and our racquet sports professionals. Best of all, you'll be able to get on the court and try some of the newest racquets and paddles.

COME SEE WHAT'S NEW

The Shoppes continue to change because Boca West continues to change. **Emily and her team are always listening to our members and looking for new brands, products and experiences that make sense for our Club.** My co-chair, **Teri Cox**, and I are excited about what Emily and her team have planned for the season ahead.

So whether this is your **first season at Boca West or one of many**, make the rounds. Stop into a Shoppe you haven't visited lately. Try something new. And keep an eye out for the Market Square Showcase, Swim & Shop Pop-Up and RacquetsPalooza.

And get ready, because **the holidays at Boca West will be here before we know it!** We have a jam-packed holiday season ahead, highlighted by our **world-famous Holiday Bazaar in the Golf & Activities Center**. It's one of the biggest shopping events of the year, and you won't want to miss it.

Most importantly, **come in and say hello.**

Teri and I look forward to seeing you around the Club, and around The Shoppes, this season.

Bob Schwartz, Nominating Committee Chair

An Invitation to Serve on the Board of Governors

This year, I am honored to serve as Chair of the Nominating Committee for the Board of Governors. I invite you to learn more about our election process and to consider putting your name forward for this year's election. Board service is an opportunity to help shape the future of the Club we all value and enjoy.

Boca West is in an especially significant period as our facilities continue to expand, exciting amenities and programs continue to be introduced, and our Membership grows younger and more diverse. The Board works with our staff to establish the policies that guide these changes. Our overriding intent is to enhance the Boca West experience in a variety of ways including amenity and program enhancement and creation, all while protecting the value of our assets and homes. Our changing social and economic climates make it more important than ever to encourage thoughtful and engaged Member participation in Club governance.

The Board consists of 15 members, each serves a three-year term, with the opportunity to seek a second term. This year we have five open seats, including three incumbents who may seek a second term. Every election of a new Board influences the future direction of the Club.

The Nominating Committee's responsibility is to encourage as many qualified Members as possible to come forward. Yet, despite the extraordinary talent within Boca West, some qualified Members hesitate to do so for several reasons:

"Board service will take too much time."

Yes, Board service requires a commitment, but the time needed is often overestimated. The Board meets once a month with one or two-hour long committee meetings each month. So, Board service does not mean giving up activities our Members enjoy. Ask Board members, and you will hear that service enhances their enjoyment of Boca West.

"I don't want to risk not being elected."

Sure, putting oneself forward and not being chosen is hard. But there is no stigma to being unsuccessful. Members respect those willing to step forward to address key issues. Also, Members who ran and were initially unsuccessful, often gain added experience by taking part in their village or the Master Association, or in the Club's Leadership Program or other committees. They later ran and were chosen. If you believe you have something to contribute, do not let the possibility of not being chosen stop you from putting your name forward.

"Sorry, I came to Boca West to relax and have fun."

We all did. But remember the stimulation, challenges, camaraderie and rewards you experienced in your career? Board service provides the same experiences. It allows you to use your knowledge and abilities - without career pressures.

There is satisfaction in tackling key issues, considering viewpoints, and working collaboratively toward the goal of the continued success of the community we all share and love. The Board contributes to the Club's well-being and affects our Members, staff, and facilities. Our decisions on finances, policy, budgeting, legal matters, long term planning, and member services shape the future.

We all want Boca West to remain the exceptional Club it is. To accomplish this, the Board looks to reflect our entire diverse Membership, both male and female. While backgrounds in areas like legal, finance, management, construction, and accounting are welcome, we also seek others with different business and charity or corporate board experience. We welcome all individuals who:

- Are independent thinkers who will speak out, think strategically, and envision the future;
- Are willing to listen, consider innovative ideas, and take part in collaborative decisions;
- While some prior experience in governance is preferred, whether it was in the village, Master Association, or the Club's committee level, it is not mandatory.

We know that many of you meet these criteria. Please consider putting your name forward.

If you have questions, or would like to discuss your interest confidentially, I welcome your call. If you wish to talk to a Board Member you are familiar with, please feel free to call them or one of my Vice Chairs Linda Singer, or Jeffrey Lasker.

We all have an opinion on what is best for Boca West. This is the time to express yours in the most meaningful way possible. Our future relies on Member involvement and participation. I strongly encourage you to be one of them.

The Heart of Boca West

Hope Week returning in January 25-29, 2027, bringing with it one of Boca West's most meaningful traditions—a week when our members come together to make a difference beyond our gates. Teri Cox, Chair of Hope Week and Danny Schulman, Vice Chair, welcome you.

Once again, we will partner with the remarkable organizations that have become part of the Hope Week family: *Boca Helping Hands; Boca West Chapter of The Pap Corps; Boca West Children's Foundation; Fuller Center; Gilda Mallin Chapter of Hadassah; Habitat for Humanity, Greater Palm Beach County; Literacy Coalition of Palm Beach County; Place of Hope, The Leighan & David Rinker Campus; Tri-County Animal Rescue and Lynn Cancer Institute, Boca Raton Regional Hospital.*

Each organization serves a different need. Together, they give us opportunities to help children and families, provide food and housing, support education, care for animals, and advance important health initiatives.

But Hope Week is about more than the projects we complete. **It is about showing up.** It is members working side by side, sometimes trying something completely new. It is friendships formed over a paintbrush, a box of groceries or a volunteer assignment. And it is the realization that a few hours of our time can have an impact that lasts far beyond Hope Week.

2027: Let Us Make Hope Week Even Bigger

Over the coming months, we will introduce you to this year's projects, share the stories behind our participating charities and let you know how you can become involved.

There will be opportunities for everyone—whether you have participated every year or have never joined us before.

Our goal for 2027 is simple: **more members participating, more connections with our community and more moments that remind us of what Boca West can accomplish when we come together.**

So, when you see the Hope Week announcements begin to appear, do not just read about them.

Join us. Bring a friend. Try something new. Because Hope Week may last only a week, but the hope we create can last much longer. **Hope Week 2027 — Boca West Cares. And together, we make a difference.**

Teri Cox,
Hope Week Chair

WE ARE BOCA WEST

Where Kindness and Respect Shape our Club & Community

Live the life you love. Love the life you live. Boca West is more than a collection of people and exceptional amenities; it is a very special community, whose culture and lifestyle has been built over 40 years. We pride ourselves on how we interact with one another, enjoy life and the experience we feel.

We Are Boca West reflects a simple truth: the experience and lifestyle we value and enjoy here is created not only by our surroundings, but by our conduct. Kindness, respect, patience, and consideration are part of what make this community feel and be consistently exceptional.

WHAT THIS MEANS

Across the Club — golf, racquet sports, dining, card rooms, fitness, spa, and aquatics — shared spaces work best when everyone feels comfortable and respected.

AT BOCA WEST, THIS MEANS:

- Treating fellow members, offspring, guests, and our staff with courtesy and respect.
- Exercising patience, especially during busy times.
- Showing restraint in moments of anxiety or disagreement.
- Being mindful that individual behavior contributes to atmosphere and culture.

Boca West is a multigenerational community. Thoughtfulness toward different paces, preferences, and styles helps keep the environment calm and enjoyable for all.

HOW WE HANDLE CONCERNS

To support a positive and respectful atmosphere and to resolve matters calmly, privately and constructively:

- Members should not confront other members, offspring or guests directly, concerns are always brought to a Manager to address accordingly.
- Staff concerns are always brought to a Manager so they can be expressed and addressed appropriately.

A SHARED STANDARD

We Are Boca West provides a shared reference point for how we interact and these expectations have always been part of our Boca West Culture. Courtesy sets the tone. Together, we will continue to uphold our shared values and enjoy our community

MEET THE WOMAN BEHIND THE EMAILS

Teri Cox
Communications & Marketing Committee Chair

35 Years of Keeping Boca West Connected

With more than 6,000 members, Boca West is almost like a city of its own. Think about everything happening here on any given day. Our restaurants are busy, golfers are heading to the courses, tennis and pickleball courts are filled, the Aquatics Center is buzzing, and there is an almost endless calendar of entertainment, activities and special events. Keeping all of us informed is quite a job. So, who is behind all those emails, app notifications, website updates, magazine articles and digital displays?

Meet Kathy Kohlhepp, Boca West's Director of Communications & Marketing, who this year celebrates an incredible **35 years at Boca West.** Her Boca West career began in the Membership Department. After a short time, she moved into Activities and Communications. Back then, one department manager oversaw Membership, Activities and Communications, and Kathy handled both Activities and Communications for several years. As technology changed and the internet became a bigger part of Club life, the departments eventually separated, and communications became an operation all its own.

From Printed Notices to Your Phone

When Kathy started at Boca West, there were no smartphones, apps or instant email alerts. Today, members can find out what is happening at the Club virtually anywhere and anytime. Kathy and her team also recognize that not everyone wants information the same way. Some members still prefer printed materials, while others want everything digitally. "We try our best to have many different options available for everyone," Kathy says.

Perhaps nothing demonstrates that better than the Boca West app, which has become an essential part of Club life. Your membership card is right there on your phone. Members can also make dining and activity reservations, book tee times and reserve courts, all 24 hours a day. In other words, Boca West is open digitally even when you are sitting at home in your pajamas! And for anyone who finds technology a little intimidating, Kathy's department has that covered too. How-to videos for the app and website are available through the member profile section of the website and can be watched anytime.

Yes, Kathy Sends You Those Emails!

Kathy Kohlhepp

Of course, one of the biggest parts of keeping Boca West connected is email. New members receive a welcome email explaining how to download the app, access the website and select the types of communications they would like to receive. On any given day, members may receive updates about dining, golf, racquet sports, entertainment, activities, Club news and special events.

But email is only one piece of a much larger communications puzzle. For virtually every major Club event, Kathy's team creates information that can appear in the member magazine, on the website, in the app calendar, in news articles and emails, on digital displays throughout the Club and even on **Channel 9000 through Hotwire in your home.**

What looks like one simple announcement to us may involve several different platforms behind the scenes. Kathy and her team also work closely with department heads to make sure information reaches members early enough to plan, register and make reservations. At a Club as active as Boca West, timing really is everything.

Thirty-Five Years of Boca West

Ask Kathy to name her favorite project from 35 years at Boca West and she has a difficult time choosing one. "My team tries to create special advertising for all that we do for the members," she says. That may tell you more about Kathy than selecting any one campaign ever could. And there are a couple of things you probably **don't** know about the woman behind all those Boca West communications. Kathy has **two different colored eyes**. And long before her Boca West career began, she was the **first female member of her high school golf team**. Pretty impressive!

So, the next time an email from Boca West pops into your inbox, you now know a little more about the person and the team behind it. For 35 years, Kathy Kohlhepp has watched Boca West change, grow and embrace an entirely new world of communications. The technology may be very different from when she started, but the mission really is to **Keep Boca West members informed, connected and ready to enjoy everything this incredible community has to offer.**

And don't forget, if you ever have a question about the website or app, **Kathy and her team are always there to help**. Give them a call, or stop by and say hello. Their office is located on the lower level of the Golf & Activities Center, directly across from the Golf Shoppe.

After 35 years, Kathy is still doing what she has always done best: **helping keep Boca West connected.**

LET'S GET SOCIAL

Robin Shulman,
House & Activities
Committee Chair

My House & Activities committee co-chair, Alan Lustrin, and I would like to welcome everyone back "home" for a great 2026/2027 Season!

You should have already received the **2026/2027 Season Calendar** – and I'm sure that you and all your friends have already started making plans. The H&A Directors and staff, along with my fantastic H&A Committee, spent countless hours researching and developing new ideas (and even re-imagining those successful events and activities from prior years) and coming up with an engaging and exciting calendar for this Season, which promises to be bigger and better than last year! Yes, I know that it is hard to imagine.

We had a tremendously successful **White Party** and other great Labor Day events, marking the end of a very busy Summer here at the Club.

I'd like to highlight some of the events and activities coming up (please refer to the Calendar for complete details of ALL the events), starting with our first **Dinner & Show** of the year on October 13, featuring the fantastic **Mentalist Guy Bavli** – he was in residence at Caesars Palace for 400 shows over three years, making him the very first "longest-running mentalist" to play in Las Vegas.

On October 31, we have our spooktacular **Halloween Costume Party** – remember that first Halloween Party we held on the lawn, not-so-long ago? This will be a spooktacular evening, so start thinking about your costumes.

Over the course of the Season, the **Boca West Comedy Club** continues, starting with **Corey Kahaney** on November 28.

Game nights, movie nights, educational lectures, the Boca West Book Club and more will continue, with some **new additions** – by popular demand, Mah Jongg lessons (which began in August but will run throughout the year) are back, and new to Boca West, beginner iPhone lessons, AI and ChatGPT – so that we all keep up with our kids and grandkids!!

Happy hours, lite-bites and late-night happy hours (beginning in November) continue throughout the Season – every Sunday, you can take a look at This Week at Boca West on your phone app, so that you can enjoy these "spur of the moment" events.

And don't forget to get your dates ready to book your first reservation at **Prime Cut** and specialty nights at Prime Cut as well.

As you can see, there is something for everyone this Season!

Linda Singer, Membership Committee Chair

Membership Update

Seven. It's one of the most symbolically significant numbers across many cultures and traditions. Whether it's the seven days of creation, seven continents, seven days of the week, seven colors of the rainbow, seven wonders of the ancient world—or simply a lucky number—seven holds a special meaning for many of us.

For me, this year marks my seventh as a member of Boca West. That may not seem like much compared with many of our longtime members, whose dedication and vision helped set the path for the culture, friendships, and sense of community that define our Club today. But when I realized that nearly 40% of our membership joined after I did, it seemed like a good time to reflect on the impact—and opportunities—that come with so many new members joining our community.

Our membership has changed significantly with the advent of remote work. Many of our newer members are no longer waiting until retirement to join a country club community. Some are choosing to move into the homes their parents once owned rather than selling them, while others are purchasing homes here specifically to live alongside their parents and family members. During my first six months as Membership Chairperson, I've been amazed by the number of families moving in with middle or high school-age children, many of whom are full-time residents.

We are also welcoming exponentially more members who are joining as singles, as well as a growing number of both married and single members without children. While many new members still come to Boca West because their family and friends can't stop raving about it, our world-class amenities and exceptional service are attracting an increasing number of people who may not yet have strong connections within our membership—or even prior country club experience.

One of the things I value most about Boca West is that everyone is an equal member. That principle remains at the very heart of who we are. At the same time, we recognize that finding your own special membership experience may look a little different for everyone. ***Remember once again how we treat one another...We Are Boca West.***

With that in mind, the Membership Committee will be expanding its role this year to serve as Boca West **"Ambassadors."** We are exploring new ways to help members feel more at home and acclimate to the Club after they move in. Sometimes, what makes the biggest difference is simply having a friendly face to check in, answer a question, offer a suggestion, or point someone in the right direction to help them make the most of their personal Boca West experience.

We are also working with the Membership Department to enhance our orientation packages with practical tips and insights about the things many of us wish we had known when we first moved here. *(I, for one, didn't know that the clothing offered in our Pro Shoppes is almost 20% below retail pricing, even before they host a sale)*

As our Club continues to evolve, I believe we have a wonderful opportunity to welcome new members while continuing to honor the traditions, culture, and sense of community that our longtime members have worked so hard to create. After all, the very best thing about Boca West isn't just what we have here—it's the people who have built it, the people who are joining us, and the community we continue to create together.

GRIEVANCE COMMITTEE

Dr. Philip Edwards
Grievance Committee
Chair

The Grievance Committee has kept busy this summer, which is highly unusual. Historically, summer has been a relatively quiet period, with fewer issues arising.

First, I would like to thank the members of the Committee who flew in to attend the meetings and participate in the process. Their dedication and willingness to serve are greatly appreciated.

It is important to understand that a grievance hearing is not intended to be adversarial. The Committee is not a prosecutor; it is a fact-finding body. The hearing provides an opportunity for the member to present his or her case and to bring fact witnesses, if appropriate. Everyone who appears before the Committee is treated with respect and courtesy.

After all the evidence has been presented, the Committee discusses the facts and determines whether a recommendation for discipline is warranted. I then convey the Committee's recommendation to the Board of Governors. The Board is the only body whose members are elected by the Club at large and has the final authority to determine whether discipline will be imposed.

I will not get into the specifics of these matters, as the Board of Governors has not, as of this writing, made its final determinations.

Three of the grievances, once again, involved member-to-member issues. I addressed this troubling trend in my earlier article. The fourth grievance involved an incident that occurred at Grand Central in June.

One of the member-to-member grievances involved a long-standing feud between members. Another concerned a verbal assault by one member against another. A third involved a member's accusation that others were attempting to smear his or her reputation.

The final grievance involved a safety issue prompted by a member in Grand Central.

As I stated in my last article, and feel is worth reiterating:

"We need to curb member-to-member conflicts. This is essential for maintaining the integrity and harmony of Boca West. A respectful and cooperative environment enhances member satisfaction and fosters a strong sense of community."

Building a Better Community Together

Boca West Master Association continues to invest in projects that enhance the beauty, safety, infrastructure, and quality of life throughout our community. While some improvements are highly visible, many require extensive planning, engineering, permitting, and coordination behind the scenes. We are pleased to share highlights of the progress underway.

Glades Road Entrance Improvement Project

Planning and engineering continue for the complete transformation of our Glades Road entrance. Site plans have been submitted to Palm Beach County, engineering and permitting work is underway, and BSA is assisting with pre-construction planning. We are also coordinating with our certified arborist on necessary tree removal and replacement. The project remains on schedule, with construction anticipated from February through September 2027.

Entrance & Landscape Enhancements

The replacement of failing pavers at the Yamato Road and Glades Road entrances has been completed. The project included rebuilding the underlying foundation and installing heavy-duty pavers designed for high-traffic areas. Aging Ficus hedges along both entrances have also been replaced with Arboricola, providing a healthier and more attractive landscape buffer as the new plantings mature.

Roadway & Golf Cart Safety

New bike and golf cart lane striping has been installed along Boca West Drive between Woodbridge Drive and Country Club Boulevard to encourage bicycles and golf carts to use the roadway rather than pedestrian walking paths. We have also completed four new golf cart cut-throughs along Boca West Drive at Dye IV, Palmer III, and Fazio II, providing safer and more clearly defined transitions from the paths to the roadway.

Walking Path Improvements

Our engineer is developing preliminary plans for a comprehensive replacement of Boca West's aging walking path system. The project is being evaluated as a long-term solution to address cracks, root damage, uneven surfaces, path widths, and areas where new connections may be beneficial. Our goal is to create a safer, more accessible, and enjoyable walking system throughout the community.

Infrastructure & Emergency Preparedness

Work has begun on the Landscape Maintenance Facility, including replacement of the roof and structural beams. We have also replaced the aging generator serving our Security operations with a new, more reliable system to help ensure uninterrupted service during severe weather and power outages.

Sound Mitigation Efforts

BWMA continues to work with Palm Beach County, the Florida Turnpike Enterprise, and FDOT regarding sound mitigation opportunities along the Turnpike. We are also exploring potential options along Yamato Road as traffic volumes continue to increase. These are complex, long-term initiatives involving multiple governmental agencies, but we remain committed to advocating for our residents.

Gate Entry, Technology & Communications

Our new gate entry management system is now in place, providing a more efficient and user-friendly experience while giving BWMA the ability to communicate important and urgent information through text and push notifications. We are also integrating License Plate Recognition (LPR) technology, which will eventually allow vehicle information to be updated without replacing transponders or, in many cases, visiting the BWMA office.

BWMA also continues negotiations with Hotwire for updated equipment, enhanced technology, and improved service packages. Although organizational changes at Hotwire have delayed the process, we continue to work toward an agreement that provides residents with modern technology and the best overall value.

Looking Ahead

Every project represents our continued commitment to protecting property values, improving infrastructure, enhancing safety, and maintaining the exceptional quality of Boca West. We appreciate your patience and support as we move these important initiatives forward.

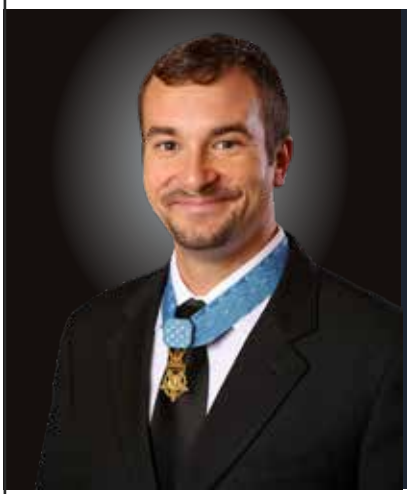

Together, we are building an even stronger Boca West for today and for future generations.

On July 4th we celebrated our 250th Birthday under the banner of freedom. It did not come free, and it never will. Take a moment to consider this: we are free because nearly 47 million men and women placed country above self and put on the uniforms of our armed forces, understanding that in doing so they were willing to make the ultimate sacrifice so that you and I could be together today. Sadly, Millions have made that sacrifice over the centuries.

On Saturday, November 14, you will have an exclusive opportunity to meet two recipients of this highest military award for Valor in Combat Against an Enemy Force, the Congressional Medal of Honor. They represent the nearly 47 million men and women who are responsible for our ability to live in freedom. They will tell you their stories and that they wear their medals for those who fought beside them, and those who made the ultimate sacrifice to let us live as we do. There are only 65 living Recipients today, and you will be able to meet two of these heroes.

Presented by Heroes Linked and hosted by its Board Chairman and Boca West member Bob Jerome, you will hear the stories of Staff Sargeant Salvatore Giunta and Lt. Col. William Swenson from the War on Terror in both Iraq and Afghanistan. Heroes linked is a recognized charitable organization whose mission is to support our men and women serving today, veterans, their families, and the Gold Star Families who have lost a loved one in service to our country.

Nine Months Ended June 30, 2026

Joan Attermann, Treasurer

By the time you read this letter, we will be welcoming our seasonal members back home to Boca West. The 2025/2026 year has flown by, and so many exciting projects have been completed. The new Racquet Sports Center has exceeded even our wildest expectations, and this summer we watched steady progress on the new Short Course, Course 1, and the new putting green. By the end of 2026, all of these projects will be complete and our campus will be in full swing. Our patience will pay off, further enhancing a club that truly has no rival.

Before reviewing our financial results, I want to thank our CFO, **Kathy Campbell**; our Director of Finance, **Anna O'Neil**; and our Controller, **Kris Nielson**. Together, they provide our Board of Governors and Management with the timely information and insight needed to keep our Club in a strong financial position.

OPERATING RESULTS

Our Club continues to perform exceptionally well financially, ending the first nine months of our fiscal year $639,000 ahead of budget, after adjusting for timing differences. Among the significant factors contributing to this result:

Key Positive Budget Drivers

- **Salary & Wages** — $719K favorable variance, primarily related to the timing of filling positions and the arrival of international staff.
- **Catering Gross Profit** — $138,000 above budget, due to an increase in charges to outside events and a 1% reduction in the cost of catering.
- **Member Activities** — $157K under budget, driven by strong member participation alongside the strategic consolidation or cancellation of select events and careful oversight.

Areas of Cost Higher Than Budget

- **Consulting Fees** — $143K for land planning related to additional parking alternatives and an IT risk assessment study.
- **Engineering Expenses** — $346K above budget, tied to repair and maintenance needs throughout the campus.
- **Foreign Subsidies** — $437K above budget. These costs relate to transportation, housing, H-2B visa fees, airline tickets, and other non-salary expenses associated with our international staff.

We evaluate both positive and negative variances to determine whether they are one-time occurrences or permanent shifts, and these determinations directly in impact our 2026/2027 budget.

CASH BALANCES AND BANK DEBT

As of June 30, cash on hand was $4.7M, compared to $1.8M a year ago. The outstanding balance on our bank line of credit was $26M, compared to $7M last year. Members approved the $92.5M campus improvement project last year, and as funds are needed for construction we draw on the line; as joining fees are received, we pay it down. As projects continue to be completed, we expect the balance to rise further before being paid down as new members join our community.

These substantial project improvements are being made without any assessments to our members — a direct result of our long-standing approach of funding capital projects through joining fees rather than special assessments.

Our bank line of credit was set to expire in February 2026 and was extended with an increase in borrowing capacity, as approved by our members. The renewal was negotiated with several banks, resulting in more favorable terms to support both our current and future projects.

OTHER MATTERS

Thanks to the persistence of Management and the Board, the Sales Tax Holiday refund was finally received and distributed to members. To those who say you can't fight City Hall — we did, and we were successful!

Through June 30, new member sales — closed and pending — totaled 180, compared to 140 during the same period last year. In addition, we had a net increase of 23 equity memberships, resulting from the conversion of non-equity and non-performing units.

As noted above, home sales are strong and continue to exceed last year's pace. This is due, in part, to the increase in joining fees effective October 1. Net joining fees from new members were $15.8M through June 30, compared to $11.9M during the same period last year.

In closing, we are performing well against budget, continuing to expand the services we provide our members, and remain in a solid financial position. Looking ahead, we have further enhancements in store for our members as we continue working to exceed your expectations.

CHAIRMAN'S LETTER

Dear Members,

As summer draws to a close, it is a pleasure to welcome so many of our members back to Boca West. I hope that everyone has had a wonderful and healthy summer. A new season is always an exciting time at our Club, and this year there will be more to enjoy than ever.

Over the past six months, our campus has undergone an exciting transformation. The Racquet Center is complete, offering new opportunities for competition, recreation and camaraderie. The transformed Complex includes our new Pickleball building, a redesigned Tennis building, stadium courts, an event lawn, 25 Pickleball Courts (12 covered) and 24 Tennis Courts. Several courts on the east side of our Racquets complex are still under construction. An additional 44 parking spots adjacent to the Country Club are also now available. Our 9-hole golf short course, aptly named **"Stone's Throw"**, is expected to be open late October or early November, with our 18-hole Championship Golf Course on schedule to open for member play in December. In the Golf & Activities Center, new card rooms and the renovated men's and women's locker rooms and lounges are expected to be ready for member usage by Thanksgiving.

Elsewhere on campus, the expanded Country Club loading docks and service yard were completed and opened at the end of August. The exterior of our new Administration and Operations building is almost complete, and interior work is expected to be finished in late February.

We are also looking forward to welcoming our international staff family during the fall. Many are returning from prior seasons, while many others will be experiencing Boca West and the United States for the first time. Their energy and dedication contribute greatly to the warm, welcoming experience our members value. You will read in Matthew's article, nearly 75% of our International staff are returnees, your interactions with them can help make both their experience and yours more rewarding, remember **"We are Boca West".**

Now turning to Club business. Our Nominating Committee, chaired by Bob Schwartz, with Linda Singer serving as Vice Chair, and Jeffrey Lasker, Board Member, have selected six members-at-large and is now reviewing the qualifications of members interested in Board service. Our Club's Leadership Development Program continues to identify many talented members from a wide range of professional backgrounds who have the experience and commitment to serve Boca West well. If you are interested in submitting your name for consideration in running for the Board of Governors, or participating in the Club Leadership Development Program, please submit a cover letter and brief resume to the Executive Office

From a financial perspective, our Club continues to perform well. Please see our Treasurer Joan Attermann's report on page 53 for additional details. Home sales remain strong, reflecting continued demand to join Boca West. Through August 25, completed and pending new-member home sales total 203, already surpassing last year's total of 175.

I would also like to recognize and thank our Board of Governors. Throughout the summer, our Board members have remained actively engaged in the work of the Club, giving generously of their time, judgment and professional expertise. Their thoughtful preparation, candid discussion and shared commitment to Boca West have helped us address important matters and plan responsibly for the future. I am proud and grateful to serve as Chairman alongside such a dedicated group

Please note that strong governance depends on a clear partnership between the Board of Governors and Management. The Board establishes the Club's direction, priorities and policies, always with our Club's long-term interests in mind. Management brings that direction to life through the daily operation of our Club's amenities, programs, dining, finances and human resources. By respecting these distinct, but complimentary roles, we can make thoughtful decisions while delivering the exceptional experience our members deserve and expect.

Looking ahead, and in response to member comments and inquiries, the Board has been evaluating several projects and long-term priorities for presentation to the membership in March. These include long-term solutions to our parking needs; reconfiguration of the dog park; renovation of Golf Course 3; redesign, along with expansion of the driving range, including a new Golf Learning Center at the back of the range; and a potential build-out behind the Country Club, which includes a terrace and outdoor area to the Living Room.

In closing, I hope you will explore the many activities and programs featured throughout this magazine and take full advantage of all this coming season has to offer. On behalf of the Board, I wish you and your families a happy and meaningful Thanksgiving filled with gratitude, good health and family time together.

Sincerely,

Arthur Schwartzman
